Huckabay,2003 Would a sudden death of Papa bring us his small children out in the open or would Hitler s terrorist attack begin again We must protect Papa How else would we eat There are so many children lined up against brick walls where blood still runs red I shudder to think that could be me Will there be betrayal or will 31528 give me a chance to live Shining the Light I Robert Shapiro,Tom Dongo,1994-01-01 The most significant events in Earth s history are happening in secret Despite official denial and tactics of derision inquiring minds are demanding the truth This truth is stranger than all the fictions about ETs alien bases and the secret government This courageous book shines the light to expose truths that will change forever how we view our lives on this planet It asks the reader to join in the investigations ask the questions and think the unthinkable Explore the truth about the controllers of Earth and their alien allies Discover the updated news about what is happening on the third dimension and what it really means from the higher dimensions perspective The revelations are shocking and enlightening A crashed UFO leads to information on The secret government s time travel spacecraft Renegade ETs mining on the Moon The U S peace avatar president Ancient Pleiadian warships The prime directive now Underground alien bases and populations And many more startling facts The battle in the heavens has begun Become aware of the truth and don t get lost in the drama Be the light that you are and you will be forever free *The Bradys Desert Trail; Or, Lost on the Deadman's Run* ,1905

of stories of lost mines and buried treasures supposedly located in fifteen Western and Southwestern states and in Mexico In addition to being a boon to those adventurers who are tempted to search for lost mines and buried treasures it will be an important basic research tool for historians geologists geographers anthropologists archaeologists and folklorists and it will be useful in identifying the man treasure hoards and mining claims all the way from the Lost Adams Diggings in Arizona to the Stagecoach in Wyoming The information given in this important bibliography was acquired through perusal of an unusually large number of books newspapers magazines unpublished manuscripts deposits in private and public libraries holdings of various historical foundations and governmental records and archives The task took Mr Probert three full years of steady patient work Many of these stories of lost mines and buried treasures have resulted in the discovery of some that are rarely acknowledged largely because as Mr Probert points out those who have been so fortunate as to find the pot of gold at the end of the rainbow have deemed it wiser and much safer to keep their own counsel Book jacket *Skylab EREP Investigations Summary* Lyndon B.
