Hoppy Bishop,2014-05-23 God and Christ desperately want us to know what Satan has been able to obscure and hide from mankind Christ had one simple message he told everyone We dont know what God and Christ desperately want us to know The truth is in Scripture and the keys to unlocking the secrets are available to this generation This book will open your eyes to unbelievable truths The story is so fantastic that it eclipses fiction and much of what we have discovered flies in the face of inherited beliefs We must be prepared to consider Scripture confirmed by history current events and new scientific discoveries Gods holy day memorial commands and observances detail what has happened and what will surely happen again The news is good for believers and those who are willing follow a simplified plan to understand what your Bible has to say about Gods purpose to save all mankind Somehow we have lost our way and the secret is hidden in plain sight It is in your Bible but roadblocks have crept into our interpretations and our understanding that frustrate the efforts of what God and Christ have to say Once you begin to challenge yourself to dig deeper you will see and understand more of what God would have you know There are signs and wonders in Scripture in memorial observances and in the heavens that will open your eyes to fantastic events around us right now *Summary of Mark Booth's The Secret History of the World* Everest

Media,2022-06-13T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The idea of mental events generating physical effects may at first seem counter intuitive but in reality it s something we experience every day For example when I think about stroking someone s cheek a pulse jumps a synapse in my brain something like an electrical current burns down a nerve in my arm and my hand moves 2 The universe that this book describes is different because it was made with humankind in mind It was created by God but he allowed his reflections humans to develop and grow over time 3 The universe is anthropocentric It has nurtured us through the centuries cradled us and helped the unique thing that is human consciousness to evolve When you cry out the universe turns towards you in sympathy 4 In the universe of the secret societies a coin flipped in strict laboratory conditions will still land heads up in 50 percent of cases but these laws only apply when all human subjectivity has been deliberately excluded In the normal run of things when human happiness and hopes for self fulfillment depend on the outcome of the roll of the dice the laws of probability are bent
