Hidden History Gerry Docherty,James MacGregor,2013-07-04 Think you know about British history and the causes of the First World War Think again This fascinating and gripping study of events at the turn of the Twentieth Century is a remarkable insight into how political and social factors that we widely accept to be the causes of The Great War were really just a construct put together by a very small but powerful political elite Thought provoking Docherty and Macgregor do not mince their words their arguments are powerful Britain at War Simply astonishing Reader review Very illuminating Reader review You simply MUST read this book Reader review This is a page turner Reader review Hidden History uniquely exposes those responsible for the First World War It reveals how accounts of the war s origins have been deliberately falsified to conceal the guilt of the secret cabal of very rich and powerful men in London responsible for the most heinous crime perpetrated on humanity For ten years they plotted the destruction of Germany as the first stage of their plan to take control of the world The assassination of Archduke Franz Ferdinand was no chance happening It lit a fuse that had been carefully set through a chain of command stretching from Sarajevo through Belgrade and St Petersburg to that cabal in London Our understanding of these events has been firmly trapped in a web of falsehood and duplicity carefully constructed by the victors at Versailles in 1919 and maintained by compliant historians ever since The official version is fatally flawed warped by the volume of evidence they destroyed or concealed from public view Hidden History poses a tantalising challenge The authors ask only that you examine the evidence they lay before you *The Secret History of Marvel Comics* Blake Bell,Michael J. Vassallo,2013-11-16 The Secret History of Marvel Comics digs back to the 1930s when Marvel Comics wasn t just a comic book producing company Marvel Comics owner Martin Goodman had tentacles into a publishing world that might have made that era s conservative American parents lynch him on his front porch Marvel was but a small part of Goodman s publishing empire which had begun years before he published his first comic book Goodman mostly published lurid and sensationalistic story books known as pulps and magazines featuring sexually charged detective and romance short fiction and celebrity gossip scandal sheets And artists like Jack Kirby who was producing Captain America for eight year olds were simultaneously dipping their toes in both ponds The Secret History of Marvel Comics tells this parallel story of 1930s 40s Marvel Comics sharing offices with those Goodman publications not quite fit for children The book also features a comprehensive display of the artwork produced for Goodman s other enterprises by Marvel Comics artists such as Jack Kirby and Joe Simon Alex Schomburg Bill Everett Al Jaffee and Dan DeCarlo plus the very best pulp artists in the field including Norman Saunders John Walter Scott Hans Wesso L F Bjorklund and Marvel Comics 1 cover artist Frank R Paul Goodman s magazines also featured cover stories on celebrities such as Jackie Gleason Elizabeth Taylor Liberace and Sophia Loren as

well as contributions from famous literary and social figures such as Isaac Asimov Theodore Sturgeon and L Ron Hubbard

the research acumen of a scholar of ancient history and the personal experience of an active dreamer     *The Secret History or The Anecdota* Procopius, 2021-04-11 Procopius's *The Secret History* also known as *The Anecdota* serves as a controversial and critical chronicle of the Byzantine Empire during the reign of Emperor Justinian I and his consort Theodora. Unlike his more formal historical works, this text employs a distinctively candid and satirical tone, blending rhetorical skill with unflinching realism. Procopius reveals the hidden machinations of the imperial court, exposing corruption, moral decay, and the stark contrast between the public persona of its rulers and their private follies. Rich in anecdotes and personal observations, this work offers not only a narrative that subverts traditional historical accounts but also a glimpse into the intertwined social and political landscapes of 6th-century Byzantium. Procopius, a prominent scholar and historian of his time, served as a legal advisor and military secretary to General Belisarius. His acute disillusionment with Justinian's regime, especially after witnessing its oppressive policies and the tragic consequences for his contemporaries, catalyzed his decision to pen *The Secret History*. This duality in his literary output reflects the complexities of loyalty and truth in an age marked by autocracy and deception. Readers seeking a deepened understanding of Byzantine history will find *The Secret History* an essential text. It not only complements the more celebratory historical narratives of the time but also challenges them, providing a complex portrait of power's darker facets. Procopius's work invites readers to question the reliability of history itself while engaging them in the intrigue and drama of one of antiquity's most enigmatic courts. In this enriched edition, we have carefully created added value for your reading experience. A succinct Introduction situates the work's timeless appeal and themes. The Synopsis outlines the central plot, highlighting key developments without spoiling critical twists. A detailed Historical Context immerses you in the era's events and influences that shaped the writing. A thorough Analysis dissects symbols, motifs, and character arcs to unearth underlying meanings. Reflection questions prompt you to engage personally with the work's messages, connecting them to modern life. Hand-picked Memorable Quotes shine a spotlight on moments of literary brilliance.
