Secret Schools 1930:

Other Voices: Hidden Histories of Liverpool's Popular Music Scenes, 1930s-1970s Michael Brocken, 2016-05-23

At times it appears that a whole industry exists to perpetuate the myth of origin of the Beatles. There certainly exists a popular music or perhaps rock origin myth concerning this group and the city of Liverpool and this draws in devotees as if on a pilgrimage to Liverpool itself. Once within the city, local businesses exist primarily to escort these pilgrims around several almost iconic spaces and places associated with the group. At times it all almost seems spiritual. One might argue, however, that like any function myth, the music history of the Liverpool in which the Beatles grew and then departed is not fully represented. Beatles historians and businessmen alike have seized upon myriad musical experiences and reworked them into a discourse that homogenizes not only the diverse collective articulations that initially put them into place but also the receptive practices of those travellers willing to listen to a somewhat linear exclusive narrative. Other Voices therefore exists as a history of the disparate and now partially hidden musical strands that contributed to Liverpool's musical countenance. It is also a critique of Beatles-related institutionalized popular music mythology. Via a critical historical investigation of several thus far partially hidden popular music activities in pre and post Second World War Liverpool, Michael Brocken reveals different yet intrinsic musical and socio-cultural processes from within the city of Liverpool. By addressing such scenes as those involving dance bands, traditional jazz, folk music, country and western and rhythm and blues together with a consideration of partially hidden key places and individuals and Liverpool's first real record label, an assemblage of other voices bears witness to an other seldom discussed Liverpool. By doing so, Brocken, born and raised in Liverpool, asks questions about not only the historicity of the Beatles Liverpool narrative but also about the absence of

Hidden Trails of the 1930s: Crime and Justice in the Great Depression Pasquale De Marco, 2025-05-10 The 1930s were a tumultuous time in American history. The Great Depression, the rise of organized crime and the Prohibition Era all left an indelible mark on the country. In this book, we will explore the hidden trails of the 1930s, uncovering the stories of the criminals, the victims and the heroes who shaped this era. The Great Depression was the worst economic downturn in American history. It began with the stock market crash of 1929 and lasted for over a decade. During this time, millions of Americans lost their jobs, their homes and their savings. The Depression had a profound impact on crime as people turned to desperate measures to survive. The Prohibition Era, which lasted from 1920 to 1933, was another major factor in the rise of crime during the 1930s. Prohibition banned the sale, manufacture and transportation of alcohol in the United States. This led to the rise of bootlegging, speakeasies and organized crime. Organized crime flourished during the 1930s as gangs such as Al Capone's Chicago Outfit and Dutch Schultz's New York mob fought for control of the illegal alcohol trade. These gangs were responsible for a wave of violence and corruption that terrorized American cities. The police and the courts were often unable to control the crime wave of the 1930s. The police were often corrupt and understaffed and the courts were overwhelmed with cases. This allowed criminals to

operate with impunity Despite the challenges there were also many heroes who fought against crime during the 1930s These heroes included police officers FBI agents and ordinary citizens who refused to be intimidated by the criminals Thanks to their efforts the crime wave of the 1930s was eventually brought under control Hidden Trails of the 1930s Crime and Justice in the Great Depression is a fascinating look at the hidden trails of the 1930s This book is packed with true stories of crime corruption and heroism It is a must read for anyone interested in American history or true crime If you like this book write a review on google books

The 'Hidden Curriculum' of Vietnam's English School Textbooks Thi Duyen Phuong,Raf Vanderstraeten,2024-03-15 This book analyzes the basic ideas and premises underlying the English textbooks used at the higher secondary school level in Vietnam from the 1980s to the present from a sociological perspective The dataset upon which this book builds consists of a collection of 18 textbooks which belong to five sets of locally developed English textbooks for grade 10 to grade 12 students These series were used in all public schools from the mid 1980s to the present During this period schooling expanded rapidly in Vietnam while English also gained increasing prominence within the school system This book examines the curricular content of these textbooks and presents a long term analysis of the hidden curricular content in light of Vietnam s recent history and its government s concerns about national identity

The Hidden History of Capoeira Maya Talmon-Chvaicer,2010-01-01 Capoeira a Brazilian battle dance and national sport has become popular all over the world First brought to Brazil by African slaves and first documented in the late eighteenth century capoeira has undergone many transformations as it has diffused throughout Brazilian society and beyond taking on a multiplicity of meanings for those who participate in it and for the societies in which it is practiced In this book Maya Talmon Chvaicer combines cultural history with anthropological research to offer an in depth study of the development and meaning of capoeira starting with the African cultures in which it originated and continuing up to the present day Using a wealth of primary sources Talmon Chvaicer analyzes the outlooks on life symbols and rituals of the three major cultures that inspired capoeira the Congolese the historic area known today as Congo Angola the Yoruban and the Catholic Portuguese cultures As she traces the evolution of capoeira through successive historical eras Talmon Chvaicer maintains a dual perspective depicting capoeira as it was experienced observed and understood by both Europeans and Africans as well as by their descendants This dual perspective uncovers many covert aspects of capoeira that have been repressed by the dominant Brazilian culture This rich study reclaims the African origins and meanings of capoeira while also acknowledging the many ways in which Catholic Christian culture has contributed to it The book will be fascinating reading not only for scholars but also for capoeira participants who may not know the deeper spiritual meanings of the customs amulets and rituals of this

jogo da vida game of life **The Hidden Secret Power of Freemasonry** Robert Kalian, P.M., 2022-08-01 It is entertaining to be antiaEURMasonic and perpetuate conspiracy theories and stories based on satanic worship rather than join Freemasonry or any other private organization primarily structured with improving the individual in society The Masonic term making good men better is the desire of the craft concerning all people living in a multicultural society to better themselves This is masonry in a nutshell To achieve this betterment takes a great deal of work and selfaEURintrospection which the critics of the craft refuse to endure and fail to examine the important historical esoteric symbols associated with the craft This book is dedicated toward neutralizing such superficial negative ideology pursued by critics who have a personal interest in negating the significant works of the greatest fraternal organization in the world Contained herein are chapters on women in Freemasonry the Catholic Church and Freemasonry which contains an addendum relating to over one hundred cardinals and bishops who under pseudonyms were Freemasons a chapter on the 133rd Psalm providing a lineEURbyaEURline interpretation of a work which provides the important ideological humanistic basis for both society and Freemasonry with an important chapter analyzing the final endaEURperiod of a man s life as it related to Ecclesiastes Chapter 12 Men join Freemasonry because in their hearts they seek to improve themselves In a reality any can start living as principled individuals exercising the same values without being a Freemason All that is required is desire and work effort with a foundation from the Holy Bible to betterment of himself However the Masonic Craft assists an individual in this journey by providing defined structure support and a roadmap that helps focus the advancement and as such increases the probability of a successful outcome Freemasonry centers on learning how to charge one s self with thought and physical conduct However in order to improve one must read study and understand the true nature of reality in life buttressed by the role of oneself and those with which one socializes This philosophy underlines why the most important virtues of Freemasonry are symbolic and teach us to be better humans Freemasonry gains its structure and foundation through an inherent love of an adherence to the Holy Bible and would not exist without that devotion The foundation of Masonry is predicated on the fact that the craft and the Bible are intricately interconnected just as other holy books around the world are central to their Freemason organizations Much of Masonry s symbolism is taken from biblical sources especially Genesis and the stories surrounding the building of King Solomon s temples Great emphasis is placed on the development of moral and ethical virtues and the building of character with truth being the guiding principle of our lives Thus brotherhood and charity are natural outcomes and further define one of Masonry s major tenets Masonry uses proven methods to enhance the lives and spirits of members in a tangible way In every Masonic lodge upon its altar there is a Holy Bible supporting the square and compasses This old familiar book so beloved by so many generations is our Volume of the Sacred Law and represents the Great Light in Freemasonry The Bible is open when the lodge opens the Bible is closed when the lodge closes No lodge can transact its own business much less initiate candidates into the mysteries of the craft unless the Book of Holy

Law lies open upon its altar It is the true responsibility of each individual Mason to seek out and understand the true nature of reality through the teachings of Freemasonry discovered in the symbols of the craft The individual must learn to recognize and interpret the footprints of the deity and the sublime methods that he uses to reveal his message So mote it be May the mystery begin

Ethnic and Cultural Dimensions of Knowledge Peter Meusburger,Tim Freytag,Laura Suarsana,2015-10-28 This book presents theoretical and methodical discussions on local knowledge and indigenous knowledge It examines educational attainment of ethnic minorities race and politics in educational systems and the problem of losing indigenous knowledge It comprises a broad range of case studies about specifics of local knowledge from several regions of the world reflecting the interdependence of norms tradition ethnic and cultural identities and knowledge The contributors explore gaps between knowledge and agency address questions of the social distribution of knowledge consider its relation to communal activities and inquire into the relation and intersection of knowledge assemblages at local national and global scales The book highlights the relevance of local and indigenous knowledge and discusses implications for educational and developmental politics It provides ideas and a cross disciplinary scientific background for scholars students and professionals including NGO activists and policy makers

Secrets, Gossip, and Gods Paul Christopher Johnson,2002-08-15 In this wide ranging book Paul Christopher Johnson explores the changing hidden face of the Afro Brazilian indigenous religion of Candomblé Despite its importance in Brazilian society Candomblé has received far less attention than its sister religions Vodou and Santería Johnson seeks to fill this void by offering a comprehensive look at the development beliefs and practices of Candomblé and exploring its transformation from a secret society of slaves hidden persecuted and marginalized to a public religion that is very much a part of Brazilian culture Johnson traces this historical shift and locates the turning point in the creation of Brazilian national identity and a public sphere in the first half of the twentieth century His major focus is on the ritual practice of secrecy in Candomblé Like Vodou and Santería and the African Yoruba religion from which they are descended Candomblé features a hierarchic series of initiations with increasing access to secret knowledge at each level As Johnson shows the nature and uses of secrecy evolved with the religion First secrecy was essential to a society that had to remain hidden from authorities Later when Candomblé became known and actively persecuted its secrecy became a form of resistance as well as an exotic hidden power desired by elites Finally as Candomblé became a public religion and a vital part of Brazilian culture the debate increasingly turned away from the secrets themselves and toward their possessors It is speech about secrets and not the content of those secrets that is now most important in building status legitimacy and power in Candomblé Offering many first hand accounts of the rites and rituals of contemporary Candomblé this book provides insight into this influential but little studied group while at the same time making a valuable contribution to our understanding of the relationship between religion and society

The São Paulo Law School and the Anti-Vargas Resistance (1938-1945) John W. F. Dulles,2014-07-03 The São Paulo Law School the oldest institution of higher learning in Brazil has long been the

chief training center for that country's leadership For the members of the school's secret Burschenschaft society the training consisted principally in leading demonstrations for liberal causes such as the abolition of slavery and the overthrow of the monarchy During the Old Republic 1889-1930 the Brazilian presidency and other high posts in Rio de Janeiro were usually occupied by alumni of the powerful society while its members in S o Paulo continued to agitate for political reform But in the 1920s when they formed the Nationalist League and the Democratic Party schisms resulted Thus the Burschenschaft was weakened before the long rule of Brazil by Get lio Vargas starting in 1930 brought an end to the society's influence The role of the school in these and other historical events is carefully reviewed by Dulles before he turns to the school's well known resistance to the dictatorship of Vargas That resistance the most persistent confronting the dictator appeared to be unified especially when it provoked the police into shooting the students But as Dulles discovered when interviewing participants and consulting documents and scrapbooks of the early 1940s the movement was characterized by heated internal strife In the end however the idealism and courage of the participants and the ultimate effectiveness of the movement contributed mightily to the fall of Vargas This book is another in Dulles's series of narrative histories in which he gives flesh and blood to the names and breathes life into the events of twentieth century Brazilian politics *Managerial Capitalism, Ethics, Secrets and the Business School* Ian Waitt, 2024-07-09

By interlacing the threads of managerial development through the 19th 20th and early 21st centuries from capitalist managerialism to the emergence of management consultancy and management education with particular focus on the American context this book sheds light on the opportunities challenges and pitfalls facing the modern manager today Especially relevant to aspiring managers seeking to learn more about business serious questions are asked about management education and its provision Providing an expos on and denunciation of managerial fallacies management failures academic treachery and greed the author directly addresses the need for professional managers to cope with the challenges on this planet to come With a deep historical knowledge breadth of vision and equally intellectually daring insight the author offers the keys not only to an understanding of how we have reached our current position but more importantly how we might progress from here This book sets the tone and heralds the need for real practical decisive change leading to a more ethical sustainable future **Public Secrets** Henrice Altink, 2019-10-08

Through case studies on amongst others the labour market education the family and legal system this book examines the salience and silence of race and colour in Jamaica in the decades preceding and following independence and its impact on individuals and society **Colonial Rule and Social Change in Korea, 1910-1945** Hong Yung Lee, Yong-Chool Ha, Clark W. Sorensen, 2013-07-15 Colonial Rule and Social Change in Korea 1910-1945 highlights the complex interaction between indigenous activity and colonial governance emphasizing how Japanese rule adapted to Korean and missionary initiatives as well as how Koreans found space within the colonial system to show agency Topics covered range from economic development and national identity to education and family from peasant uprisings and thought conversion to a comparison of

missionary and colonial leprosariums These various new assessments of Japan's colonial legacy may open up new and illuminating approaches to historical memory that will resonate not just in Korean studies but in colonial and postcolonial studies in general and will have implications for the future of regional politics in East Asia **Steele v. Sexton, 253 MICH 32 (1931)**, 1931 **Testimonies and Secrets** Robert Mennel, 2013-10-30 This compelling history is drawn from the papers of the Crouse Eikle family discovered in their ancestral home in Crousetown on Nova Scotia's South Shore Millwright John Will Crouse 1844-1914 kept a meticulous diary spanning five decades Reflective by nature he recorded the challenges of work pondered the intricacies of communal life and wrote movingly of his personal and spiritual struggles His daughter Elvira Crouse Eikle reported on village events for local newspapers and her son Harold Eikle 1912-1977 a gifted teacher and musician wrote letters and family history Harold's correspondence celebrated the social liberations of the 1930s and beyond but also showed their limits in the suffering he experienced as a gay man in a heterosexual world Using the family papers other unpublished documents and oral history Robert M Mennel connects the experiences of the Crouse Eikle family and their community to larger themes of social and cultural change in North America A story of vivid personalities and episodes by turns sad conflicted joyful bitter funny and reflective *Testimonies and Secrets* will be read with pleasure by scholars and general readers alike Schoolhouse Politicians Helen Roberta Chauncey, 1992-01-01 Scholarly study of the Chinese republic 1911-1949 has traditionally viewed the period through its shortcomings notably its failure to establish a secure political order thus allowing the chaos and violence of national power politics to overshadow formative developments taking place at the local level By focusing on the interaction of local politics and the central state Helen Chauncey argues for the importance of local initiative in defining the post imperial state and suggests a rethinking of our understanding of republican period politics Through the prism of educational circles in central Jiangsu province *Schoolhouse Politicians* challenges assumptions about local elite conservatism by showing how actively politics were pursued in local municipalities well removed from traditional centers of wealth and power It highlights the activism of political entrepreneurs in the arena of local schooling and interprets the apparent disorderly conduct of local republican politics in terms of the strategies activists used to test their right to public association with the central state and to determine what concerns could be addressed through such an association Pursuing a comprehensive approach to the study of local politics this interpretation is sensitive to political intent in a variety of cultural representations from school journals to teachers assemblies to the physical management of public space such as schoolhouses and exercise yards *Schoolhouse Politicians* makes a compelling case for the central importance of its immediate subject the growth of the elementary and secondary educational establishment as well as illuminating larger questions of state building This carefully crafted local history based on pioneering research is of significance to the field of modern Chinese history It is also a valuable addition to the recent comparative literature on state making that seeks by exploring a variety of occupations and social groups neglected by traditional histories to give due

importance to those little studied experiences that helped shape the potential and limits of the modern state **Library Record** Free Public Library of Jersey City, 1928 *South East Asia, Colonial History: High imperialism (1890s-1930s)* Paul H. Kratoska, 2001 The six volumes that make up this unique set provide an extensive overview of colonialism in South East Asia In the majority of cases authors chosen were specialists writing about their individual areas of expertise and had first hand experience in the region Outline of contents I Imperialism before 1800 Edited by Peter Borschberg II Empire Building in the Nineteenth Century III High Imperialism IV Imperial Decline Nationalism and the Japanese Challenge V Peaceful Transitions to Independence VI Independence through Violent Struggle **The Hidden History of Early Childhood Education** Blythe Farb Hinitz, 2013-09-02 The Hidden History of Early Childhood Education provides an understandable and manageable exploration of the history of early childhood education in the United States Covering historical philosophical and sociological underpinnings that reach from the 1800s to today contributors explore groups and topics that have traditionally been marginalized or ignored in early childhood education literature Chapters include topics such as home schooling early childhood education in Japanese American internment camps James Jimmy Hymes the Eisenhower legacy Constance Kamii and African American leaders of the field This engaging book examines a range of new primary sources to be shared with the field for the first time including personal narratives interviews and letters The Hidden History of Early Childhood Education is a valuable resource for every early childhood education scholar student and practitioner **The Venona Secrets** Herbert Romerstein, Eric Breindel, 2001-10-01 The Venona Secrets presents one of the last great untold stories of World War II and the Cold War In 1995 secret Soviet cable traffic from the 1940s that the United States intercepted and eventually decrypted finally became available to American historians Now after spending more than five years researching all the available evidence espionage experts Herbert Romerstein and Eric Breindel reveal the full shocking story of the days when Soviet spies ran their fingers through America's atomic age secrets Included in The Venona Secrets are the details of the spying activities that reached from Harry Hopkins in Franklin Roosevelt's White House to Alger Hiss in the State Department to Harry Dexter White in the Treasury More than that The Venona Secrets exposes information that links Albert Einstein to Soviet intelligence and conclusive evidence showing that J Robert Oppenheimer gave Moscow our atomic secrets How Soviet espionage reached its height when the United States and the Soviet Union were supposedly allies in World War II The previously unsuspected vast network of Soviet spies in America How the Venona documents confirm the controversial revelations made in the 1940s by former Soviet agents Whittaker Chambers and Elizabeth Bentley The role of the American Communist Party in supporting and directing Soviet agents How Stalin's paranoia had him target Jews code named Rats and Trotskyites even after Trotsky's death How the Soviets penetrated America's own intelligence services The Venona Secrets is a masterful compendium of spy versus spy that puts the Venona transcripts in context with secret FBI reports congressional investigations and documents recently uncovered in the former Soviet archives Romerstein and Breindel cast a spotlight on

one of the most shadowy episodes in recent American history a past when by our very own government officials whether wittingly or unwittingly shielded treason infected Washington and Soviet agents
