American Secrets José Liste-Noya, Eduardo

Barros-Grela, 2011-09-16 Predicated upon the principles of political freedom cultural openness religious tolerance individual self reliance and ethnic diversity the United States of America has been tempted recurrently by the lures of the secret

American Secrets explores this political historical and cultural phenomenon from many often surprisingly overlapping angles in these analyses of the literary and cultural uses and abuses of secrecy within a democratic culture Through analyses of diverse literary works and cultural manifestations from Mark Twain's anti imperialist prophecies to 9 11 conspiracy theories from the traumas of the Vietnam war to the homophobia of the American military establishment from the unresolved dilemmas of nuclear politics to the secret ecologies shunted aside by the exploitation of the environment from the questionings of national identity on the ethnic and trans sexual margins to the confessional modes of poetry and the poetics of the unspeakable and unrepresentable these essays reveal the politics within the poetics and indissociably the poetics fueling the politics of secrecy in its ambivalent deployment Secrecy often seems to be a question without an answer or an answer that either seems to beg the question or to be a question itself These essays address this paradox with their own questioning explorations In answering such questions the volume as a whole provides an illuminating overview of the pervasiveness of the secret and its modalities in American culture while also dealing specifically with the poetics of the secret in its various historically recurrent literary manifestations

Eavesdropping in the Novel from Austen to Proust Ann

Gaylin, 2003-01-16 Eavesdropping in the Novel from Austen to Proust investigates human curiosity and its representation in eavesdropping scenes in nineteenth century English and French novels Ann Gaylin argues that eavesdropping dramatizes a primal human urge to know and offers a paradigm of narrative transmission and reception of information among characters narrators and readers Gaylin sheds light on the social and psychological effects of the nineteenth century rise of information technology and accelerated flow of information as manifested in the anxieties about and delight in displays of private life and its secrets Analysing eavesdropping in Austen Balzac Collins Dickens and Proust Gaylin demonstrates the flexibility of the scene to produce narrative complication or resolution to foreground questions of gender and narrative agency to place the debates of privacy and publicity within the literal and metaphoric spaces of the nineteenth century novel This 2003 study will

be of interest to scholars of nineteenth century English and European literature **Made Holy** Emily Arnason

Casey,2019-09-01 In haunting prose that will follow you for days to come *Made Holy* tells the story of the American family Love loss and addiction entwine in this moving debut collection Emily Arnason Casey employs the lyric imagination to probe memory and the ever shifting lens of time as she seeks to make sense of the disease that haunts her maternal family tree and the alchemy of loss and longing The lakes of her childhood in Minnesota form the interior landscape of this book a kind of watery nostalgia for something just beyond her reach I know this feeling she writes We travel along the surface of time and then suddenly the layers give way and we are in another year another body another place Casey s willingness to honestly examine the past and present with contemplative lyricism offers fresh perspective and new understanding In electric moments that are utterly relatable she weaves a tale of love and commitment to the truth of her experience despite the incredible desire to keep alive a legacy of secrets Like the mullein plant she invokes in the final essay these essays form a kind of guardian to the lost **Silence in Modern Irish Literature** ,2017-08-21

Silence in Modern Irish Literature is the first book to focus exclusively on the treatment of silence in modern Irish literature It reveals the wide spectrum of meanings that silence carries in modern Irish literature a mark of historical loss a form of resistance to authority a force of social oppression a testimony to the unspeakable an expression of desire a style of contemplation This volume addresses silence in psychological ethical topographical spiritual and aesthetic terms in works by a range of major authors including Yeats Joyce Beckett Bowen and Friel **The Literature of Connection** David Trotter,2020

This book is about some of the ways in which the world got ready to be connected long before the advent of the technologies and the concentrations of capital necessary to implement a global network society It investigates the prehistory not of the communications revolution brought about by advances in electronic digital computing from 1950 onwards but of the principle of connectivity which was to provide that revolution with its justification and rallying cry Connectivity s core principle is that what matters most in any act of telecommunication and sometimes all that matters is the fact of its having happened During the nineteenth century the principle gained steadily increasing traction by means not only of formal systems such as the telegraph but of an array of improvised methods and signalling devices These methods and devices fulfilled not just an ever more urgent need but a fundamental recurring desire for near instantaneous real time communication at a distance Connectivity became an end in itself a complex vivid unpredictable romance woven through the enduring human desire and need for remote intimacy Its magical enhancements are the stuff of tragedy comedy satire elegy lyric melodrama and plain description of literature in short The book develops the concepts of signal medium and interface to offer in its first part an alternative view of writing in Britain from George Eliot and Thomas Hardy to D H Lawrence Hope Mirrlees and Katherine Mansfield and in its second case studies of European and African American fiction and of interwar British cinema designed to open the topic up for further enquiry **Ruthless Winnicott** Sally Swartz,2018-10-09 *Ruthless Winnicott* is an extended exploration of the role of

ruthlessness in psychic development That survival is of no use unless it is preceded by a ruthless attack is one of D W Winnicott s most resonant paradoxes The book links this with the search for subjective freedom for those traumatized by colonialism and in doing so draws on the work of Algerian psychiatrist and revolutionary psychoanalytic thinker Frantz Fanon Sally Swartz examines essential pieces of Winnicott s work on ruthlessness as central to the emergence of concern for the Other She illustrates with clinical examples ways in which the ruthless use of the psychoanalytic psychotherapeutic space allows the patient either to enter fully into a process that allows growth or to defend ruthlessly against the anxieties provoked by psychic change Ruthless Winnicott also maps decolonial challenges to psychoanalytic theory and the role of ruthlessness in protest movements demanding radical subjective change Swartz s exploration of ruthlessness as both zest and defense in individual development and in protest movements illuminates processes of psychological collision and change It traces links between individual trauma and collective turbulence and maps ways in which ruthlessness is essential to subjective change Ruthless Winnicott will be of great interest to psychoanalysts and psychoanalytic psychotherapists as well as scholars of colonialism decolonization and post colonialism
