Secret Weapons:

Secret Weapons of Jujutsu Don Cunningham, 2015-12-08 Secret Weapons of Jujutsu is the first jujutsu book in English that deals with the full array of small hand weapons used by the Japanese samurai and constabulary This martial arts manual includes a history of the weapons and discussions of hibiki concealed weapons improvised weapons and traditional battlefield weapons such as kansashi a long pointed metal hairpin worn by men and women kokai and kudzuka small utility knives shoku fire ax shakuhachi a bamboo flute a particular favorite of monks yawara short wooden rod manriki gusari weighted chain suntetsu short iron bar lessen iron war fan Secret Weapons of Jujutsu discusses the weapons and demonstrates their use in a series of clear easy to follow photographs Also included are historical photographs as well as reproductions of paintings and line drawings of these weapons and their bearers **German Secret Weapons of the**

Second World War Ian V. Hogg, 2020-01-24 A comprehensive highly detailed study that displays a stunning wealth of technical knowledge a brisk and understandable narrative HistoryNet The phrase German secret weapons immediately conjures up images of the V 1 and V 2 missiles that bombarded London in 1944 But what of the V 3 and V 4 What of Schmetterling the Rochling shell the Kurt bomb the Hs293 These and many other devices were all part of the German secret armory but are relatively unknown except to a handful of specialists What of the German nuclear bomb And the question of chemical warfare The sheer magnitude of the secret weapon projects of the Third Reich is revealed in this comprehensive study written by one of the world s great experts on weaponry The book explores the various fields in which the Germans concentrated their weapon development and discusses the multiplicity of ideas the difficulties and in several cases how these ideas were subsequently exploited by the victors Although much of the German wartime development was not completed before the war s end it nevertheless provided a foundation for a great deal of the munitions development that has since taken place Comparisons with Allied projects are also drawn This book explodes some of the myths surrounding Hitler s secret weapons to reveal a truth all the stranger for being fact Includes photographs and line drawings **German Secret**

Weapons of World War II Ian V. Hogg, 2016-04-12 Hitler s regime was notorious for its many experiments and its various secret ploys weapons and technological developments But typically the term secret German weapons only turns up images of the V 1 and V 2 missiles that played a part in bombing London in 1944 But truth be told there were many more unheard of weapons behind the Third Reich Many of these weapons have been unknown to the general public Here Ian V Hogg one of the world s leading experts on weaponry reveals the sheer magnitude of Hitler s secret weapon projects from the V 3 and the V 4 missiles to the Schmetterling to the German nuclear bomb to the question of nuclear war and more This detailed account of the myths surrounding secret German weapons examines the various fields the Germans concentrated on during their weapon development process and discusses difficulties that arrived in the process and how in many cases the ideas were exploited by other nations German Secret Weapons of the Second World War draws comparisons between similar Allied

projects and narrates the deeper purpose behind many of these projects Many of these developments were not completed before the end of the war but have created a solid foundation for many of today s great military developments Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

SPECIAL REPORT 2011: Hitler's Secret UFO Weapons Jack Follett, 2010 UFO sightings during and after World War II can be traced back to the German weapons makers and their amazing use of electro gravity to power their own manmade ships Many of the ships appear to bear the sign of the Nazi cross on their outer skin which is shown in several of the more dramatic photos in the same way that an airplane would bear insignia on its wings and fuselage This is further borne out by actual newsclippings from The New York Times in which U S soldiers in Europe reported seeing colored spheres flying both singly and in clusters during the war The idea that the Germans were using a secret base in Antarctica to house and maintain their so called UFOs is examined and Admiral Byrd s famous exploratory trip to the frozen south is explained as a military attack on the Nazi stronghold disguised as a scientific mission Apparently the U S forces were no match for the Nazi airships which shot down several planes and forced Byrd s troops to retreat

Hitler's Suppressed and Still-Secret Weapons, Science and Technology Henry Stevens, 2007-08 What spooked the Allies in the closing months of the war Why they were in such a panic to win quickly Because they knew the Nazis were developing supermetals electric guns lasers and ray weapons Here are official previously suppressed reports of cold bombs the red mercury bomb oxygen bombs fuel air bombs atomic bombs and rumors of the mysterious molecular bomb The SS black alchemists delivered large mystery rockets with technology far beyond the V 2 They also invented the computer magnetic tape and computer programs refined crude oil using sound waves or produced gasoline for 11 cents per gallon as well as the synthetic penicillin substitute 3065 Includes German experiments in time sustained fusion reactions zero point energy and travel in deep space

II showcased the devastating potential of technological warfare on an even larger scale The rise of air power the use of radar and sonar and the development of atomic bombs brought about a new era of warfare characterized by strategic bombing campaigns massive artillery barrages and the threat of nuclear annihilation Beyond the major world wars technological innovations have continued to shape warfare in profound ways The Cold War era saw the development of jet aircraft guided missiles and nuclear submarines while more recent conflicts have been characterized by the use of drones cyber weapons and artificial intelligence Technological Innovations in Warfare provides a comprehensive overview of these technological advancements and their impact on warfare throughout history It examines the social cultural and ethical implications of technological warfare exploring the ways in which technology has transformed the nature of combat and the role of soldiers This book is essential reading for anyone interested in military history technology or the complex relationship between war and society It offers a thought provoking exploration of the ways in which technology has shaped the course of human conflict and the challenges and opportunities that lie ahead as we enter a new era of warfare If you like this book write a review

Holding Their Breath Marion Girard Dorsey, 2023-03-15 Holding Their Breath uncovers just how close Britain the United States and Canada came to crossing the red line that restrained chemical weapon use during World War II Unlike in World War I belligerents did not release poison gas regularly during the Second World War Yet the looming threat of chemical warfare significantly affected the actions and attitudes of these three nations as they prepared their populations for war mediated their diplomatic and military alliances and attempted to defend their national identities and sovereignty The story of chemical weapons and World War II begins in the interwar period as politicians and citizens alike advocated to ban to resist and eventually to prepare for gas use in the next war M Girard Dorsey reveals through extensive research in multinational archives and historical literature that although poison gas was rarely released on the battlefield in World War II experts as well as lay people dedicated significant time and energy to the weapon's potential use they did not view chemical warfare as obsolete or taboo Poison gas was an influential weapon in World War II even if not deployed in a traditional way and arms control for various reasons worked Thus what did not happen is just as important as what did Holding Their Breath provides insight into these potentialities by untangling World War II diplomacy and chemical weapons use in a new way

World War II John Townsend, 2015-01-01 Written in British English World War II explores the secrets of World War II Throughout the war both sides made great efforts to uncover enemy plans and keep their own secrets hidden They engaged in secret operations plots and missions always attempting to wrongfoot the enemy or take them by surprise [Rapture #1](#) Matt Kindt, 2017-05-24 On a scarred landscape two otherworldly armies prepare to battle one last time vying for control of a massive tower named from an ancient language no longer permitted to be spoken One army is led by a primeval force named Babel whose goal is singular to breach Heaven no matter the cost The only thing standing in his way is a gray haired barbaric warrior filled with rage and regret a man who sees this battle as his last chance for redemption But he knows his depleted

forces have little chance of victory unless aid comes Enter Tama A 12 year old girl on the crest of a hill overlooking the battle who has just become humanity s only hope The last in an ancient line of mystics who protect the Earth she has foreseen this battle and knows millions will perish if she s unable to stop it Now Tama and her ragtag team of malcontents Ninjak Shadowman and Punk Mambo must somehow defeat an elder god hell bent on piercing the heavens This summer New York Times best selling writer Matt Kindt X O Manowar and artistic sensation CAFU Rai lead a Tolkien esque journey into the space between life and death through the Deadside and into the many worlds that lie beyond right here with a spellbinding and horrific standalone event *Popular Science* ,1943-07 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better **Hacked!** M.G Higgins,2018
