Mark Blackden,2006 Men and women both play significant though different economic roles in Uganda both contribute around 50% of GDP and women are 39% of business owners Gender inequality in access to and control of productive assets and resources acts as a brake to women s economic participation and limits economic growth Labor and time constraints differentially affect women s and men s capacity to engage in business activity with significant consequences for agricultural productivity in the context of strategic exports It is therefore important for Uganda to unleash the full productive potential of fema International Commerce ,1966 **Foreign Commerce Weekly** ,1941 **Official Journal** League of Nations,1928 Included are the Minutes or Proc s verbal of the Council from its first meeting Paris January 16 1920 to the session the budget for the 3d financial period 1921 in 1920 no 7 1921 no 9 1923 no 1 of each year statements of the Present situations as regards international engagements registered with the Secretariat Saar Basin periodical and other reports and papers reports on the financial reconstruction of Austria and of Hungary and many other reports and papers The Mexican Year Book Robert Glass Cleland,1924 *Trade Unions from Post-Socialist Member States in EU Governance* Heiko Pleines,Julia Kuszniir,2012-02-27 The central question addressed by the papers collected in this book is whether trade unions from the post socialist states have successfully represented their interests at the EU level At issue is not only their purely formal integration into umbrella organizations and EU bodies of much greater concern is their actual participation in political decision making processes and the resulting impact at the national and sub national level The book therefore examines the integration and Europeanisation of a vital part of those societies which joined the EU in 2004 The empirical focus is on case studies from the Czech Republic Poland and Slovakia The book is based on the research project Already arrived in Brussels Interest representation of trade unions from the new EU member states at the EU level which was with financial support from the Otto Brenner Foundation carried out under the guidance of the Research Centre for East European Studies at the University of Bremen Mexico Internet, E-Commerce Investment and Business Guide - Strategic and Practical Information, Regulations, Opportunities IBP, Inc.,2018-01-15 Mexico Internet and E Commerce Investment and Business Guide Strategic and Practical Information Regulations and Opportunities Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations for 1992: Related agencies United States. Emissions Trading Schemes under International Economic Law James

Munro,2018-08-09 The announcement by China that it will implement a national emissions trading scheme confirms the status of this instrument as the pre eminent policy choice for mitigating climate change China will join the dozens of existing and emerging schemes around the world from the EU to California South Korea to New Zealand that use carbon units otherwise known as emissions permits or carbon credits to trade in greenhouse gas emissions in a multi billion dollar global carbon market However to date there has been no consensus about this pre eminent policy instrument being regulated by international economic law through the World Trade Organization international investment agreements and free trade agreements Munro addresses this issue by evaluating whether carbon units qualify as goods services financial services and investments under international economic law and showing how international economic law applies to emissions trading scheme in diverse and unexpected ways Further by engaging in a comparative assessment of schemes around the world his book illustrates how and why all emissions trading schemes engage in various forms of violations of international economic law which would not in most instances be justified by environmental or other exceptions In doing so he demonstrates how such schemes can be designed or reformed in ways to ensure their future compliance **Confidentiality in International**

Commercial Arbitration Ileana M. Smeureanu,2011-07-14 After neutrality and international enforcement the next most valued feature of international commercial arbitration is confidentiality For reasons easy to imagine businessmen do not want their trade secrets business plans strategies contracts financial results or any other types of business information to be publicly accessible as would commonly happen in court proceedings Yet the case law of arbitration shows that in practical terms confidentiality is not to be taken for granted in fact it has become one of the most undetermined matters in international arbitration Although the emperor of arbitration may have clothes as one scholar has quipped his raiments of secrecy can be torn with surprising ease This book deciphers the current degree of confidentiality in international

commercial arbitration as reflected by the most important arbitration rules national laws other arbitration related enactments and practices of arbitral tribunals and domestic courts globally Drawing on this data and analysis the author then sets forth criteria to assess the breach of confidentiality in international arbitration and the proper rules for protecting or sanctioning such breaches What do we understand by confidentiality in arbitration What are its limitations Who is bound to observe it How can we quantify its breach In addressing these questions the book engages such issues as the following reasons for disclosure e g for the establishment of a defence for the enforcement of rights in the public interest or in the interests of justice disclosure by consent express or implied circumstances triggering statutory obligation of disclosure recent trends towards greater transparency in investor State arbitration court measures in support of arbitral confidentiality such as award of damages for breach of confidentiality and categories of persons bound by confidentiality including third parties such as witnesses and experts Structured along the main stages of the arbitral process the analysis covers the duty of confidentiality from the initiation of arbitral proceedings through their unfolding to the issuance of the award and after The scope of confidentiality is reviewed in the practice of arbitral tribunals and domestic courts and from the perspective of international arbitration institutions with detailed attention to various arbitration rules and numerous significant cases In its elucidation of the amount of confidentiality that veils each phase of the arbitral process and its ground breaking identification of patterns of disclosure this book is sure to raise awareness about the various facets and problems posed by confidentiality in arbitration Although its scholarly contribution to the law of international commercial arbitration cannot be gainsaid corporate counsel worldwide will quickly prize its more practical value
