Latin American Literature Bernard McGuirk,2013-12-19 Critical theory meets Latin American fiction in this bold and challenging analysis of literature and literary criticism through post structuralist analysis Focusing on Latin American literary and critical production from the 1890s to the 1990s Bernard

McGuirk highlights the confrontation between theory politics and literature The range of literatures discussed is extensive including writings from Argentina Brazil Chile Guatemala Mexico Nicaragua and Peru The symptomatic differences between and within cultures are illuminated by analysis of texts by such authors as César Vallejo Jorge Luis Borges Rubén Darío Pablo Neruda Julio Cortázar João Guimarães Rosa Susana Théron Carlos Fuentes Bernard McGuirk holds the Chair of Romance Literatures and Literary Theory at the University of Nottingham He is currently President of the Association of Hispanists of Great Britain and Ireland

Motherhood in Mexican Cinema, 1941-1991 Isabel Arredondo, 2013-12-19 How were femininity and motherhood understood in Mexican cinema from the 1940s to the early 1990s Film analysis interviews with filmmakers academic articles and film reviews from newspapers are used to answer the question and trace the changes in such depictions Images of mothers in films by so called third wave filmmakers Busi Cortes Maria Novaro Dana Rotberg and Marisa Sistach are contrasted with those in Mexican classical films 1935 1950 and films from the 1970s and 1980s There are some surprising conclusions The most important restrictions in the depiction of mothers in classical cinema came not from the strict sexual norms of the 1940s but in reactions to women shown as having autonomous identities Also in contrast to classical films third wave films show a woman's problems within a social dimension making motherhood political in relation not to militancy within the left but to women's issues Third wave films approach the problems of Latin American society as those of individuals differentiated by gender sexuality and ethnicity in such films mothers are citizens directly affected by laws economic policies and cultural beliefs

¿Qué hacer? Nikolái Gavrilovich Chernyshevski, 2019-09-09 Qu hacer es una obra decisiva para la cultura y la historia rusa en la que se cuenta la historia de una mujer Vera Pavlovna Roziskaya quien huye del control de su familia y de un matrimonio arreglado para buscar en una nueva vida su independencia económica En ella Chernyshevski se encara repetidas veces con el lector quien podrá esperar una trama melosa llena de artificios desconectada de la realidad y que satisfaga los convencionalismos superficiales de la época pero que muy al contrario se ve conducido por el autor hacia el contenido social de la novela La obra ha inspirado tanto a sus críticos el caso de Dostoyevski como a sus admiradores no por casualidad Lev Tolstói tomó prestado el título para una de sus obras morales fundamentales tal como haría más tarde el mismo Lenin E incluso investigadores como el profesor Joseph Frank sostienen que es este y no El capital de Marx el libro que supuso la toma de conciencia para la generación que hizo la Revolución de Octubre Y es que los sueños de la protagonista propician que la novela se constituya como una auténtica Biblia revolucionaria al servicio de la generación que hizo posible la Revolución de 1917
