Seven secrets about Santa Ynez Valley real estate market

Editor's note: Allan S. Jones of Santa Ynez Valley Real Estate Co. is joining the News-Press' roster of columnists today.

Here are seven reasons why people want to live in the Santa Ynez Valley:

1. **Value.** It is less expensive than Santa Barbara and only 30 miles away. Nearly everyone lives in the Santa Ynez Valley by choice when many could live anywhere in the world.

As a historical rule of thumb, prices tend to be about 20% less than Santa Barbara. This means it could be a more affordable option for those priced out of the Santa Barbara market yet still wanting to be close enough to commute to work, schools, arts and county activities.

Single-family homes start around \$800,000. Homes on an acre or more start around \$1.3 million.

2. **Lifestyle.** It is the ranch and wine region of Santa Barbara. It's the "Napa Valley" of Southern California. This means you can live in a sophisticated country setting near Santa Barbara. You'll find vineyards, wineries, horse

ranches, farming, grazing land, farms and access to the National Forest on two nearby mountain ranges.

You get all this along with access to top-rated restaurants, shopping, health and financial services, safety, libraries, churches and less traffic.

3. **Friends.** Even though it is a relatively small area, locals find they have more friends in a small town. With a population of about 25,000 spread among five valley towns, you will find most people are generally happy, have a good sense of humor, are intelligent, supportive and respectful of others.

There is a sense of community. Friends come together for nonprofits such as Santa Ynez Youth Foundation, raising money for school sports fields and facilities, four Rotary Clubs building parks in the community and even worldwide. Viking Charters paying for just about anyone with urgent medical needs. There are clubs and groups for nearly every age and hobby from hiking to playing bridge and 4-H.

The abundant social life and friendships you make in the Santa Ynez Valley are some of the

best anywhere, which keeps you rooted here or returning at any opportunity to do so.

4. **Schools.** The public and private schools are a major underlying attraction for families raising children.

The public schools are similar to private schools in larger cities in terms of quality, teaching, parental involvement, safety, sports, and agricultural and vocational classes. Elementary schools are found in Santa Ynez, Solvang, Ballard, Los Olivos and Buellton.

Santa Ynez Valley Union High School is the sole public high school with grades from 9-12. Excellent private schools such as Deussen and Medford are in the same league as Cate and Thacher, with other quality choices such as the Christian Academy Charter schools round out the choices.

5. **Zoning.** The real unspoken secret in the layout of the land use of the Santa Ynez Valley dating back to the 1930s when wine locals such as Andrew Potomere, Boyd Bettencourt, Duval Nielsen, and Karson Wulfsberg set up the general plan for the layout of a European style valley where you travel from village through

**SANTA YNEZ VALLEY
REAL ESTATE**
ALLAN S. JONES

farmland to village. This has kept the valley from urban sprawl that you may have seen in the Los Angeles region.

Each town has a commercial zone, surrounded by denser residential zoning then expanding to 1-, 5-, 10-, and 20-acre minimum sized parcels. This keeps the valley from growing too much with very few vacant parcels left,

creating a premium for vacant lot values and existing houses. This provides some assurance that future growth will be limited. The country style valley plan is attractive to many in today's market.

6. **Weather.** The climate is one of the most unique in the world. A local visitor said he chose his winery location to be in the Santa Ynez Valley because after researching locations worldwide he discovered that in the valley, you could grow nearly every variety of grape in the world within about a 15-mile radius of your winery.

The climate plots from the Mediterranean to a north coastal zone at this point in California as one of the few east-west mountain ranges opening to the ocean in the U.S. This results in a milder climate toward the ocean and warmer inland, creating dry warm days with cool nights nearly all year long.

7. **Accessibility.** Status and titles become unimportant here.

Multi-generational locals live and work along side celebrities and billionaires all raising their children.

Longtime locals either know you as friends, don't recognize you, or really don't care about your status. Old trucks are OK to drive, jeans and boots are OK to wear, and smiling and waving to others is common practice.

Hopefully these secrets have helped you understand why people live in the Santa Ynez Valley a little more. Feel free to tell your friends — but not too many.

Since 1992, Allan S. Jones has been president and principal broker of the Santa Ynez Valley Real Estate Co., the valley's oldest real estate company, and one that has served clients since 1960. With nine local agents, the business has consistently one of the highest volume offices per agent and is part of the worldwide network of Who's Who in Luxury Real Estate.

Tesla's global engineering and AI headquarters opens in Palo Alto

By ELIA ROEBLACK JOSEPH
THE CENTRAL SQUARE CONTRIBUTOR

Of the Center Square—Governor Gavin Newsom joined Tesla founder and CEO Elon Musk in opening Tesla's Global engineering and AI headquarters in Palo Alto. The headquarters sits on a location formerly used by Hewlett-Packard.

Gov. Newsom revealed that he invested approximately \$500,000 in Tesla back in 2007. Now Tesla's manufacturing and artificial

California since 2009 to help create the zero emissions Vehicle (ZEV) market. Now Tesla's new global engineering and AI headquarters developing the technology of the future will be based in California.

California has a ready market for electric vehicles with almost 1.4 million ZEVs sold as of Dec. 2022.

The state has the climate for success in ZEV manufacturing. It has a large diverse workforce and more scientists, engineers, manufacturers and Nobel Prize
