*7 Secrets of Highly Effective Leaders* Jonathan Silvermount, Leadership is not a position you hold or a title you carry it is a choice you make every single day In boardrooms across the globe in community centers in classrooms and in family kitchens true leaders emerge not because they were appointed but because they chose to step forward when others stepped back They chose to serve when others sought to be served They chose to inspire when others complained The journey toward becoming a highly effective leader begins with a fundamental understanding that leadership is at its core about influence Not the kind of

influence that manipulates or coerces but the kind that draws people toward a shared vision a common purpose and a better tomorrow This influence stems from authenticity the first and perhaps most crucial secret of highly effective leaders Authentic leadership means leading from your true self not from a persona you think people want to see It means acknowledging your strengths without arrogance and your weaknesses without shame When leaders try to be someone they are not people sense the disconnect immediately There is something deeply unsettling about a leader who appears polished on the surface but hollow underneath Conversely there is something magnetic about a leader who owns their imperfections learns from their mistakes and leads with genuine conviction      **Secrets of Breakthrough Leadership** Peter Capezio, Debra L. Morehouse, 1997 Don't follow the antiquated notion that only top executives can be leaders Leadership should occur at all levels Secrets of Breakthrough Leadership helps you to develop the mind set you need to lead act influence and motivate from anywhere in your organization The book clearly outlines a plan that helps you work with others and more important influence them whether you work at a small business or a Fortune 500 company
