LATSON,2018      *Secrets of Mental Supremacy* W. R. W R C Latson,James Zimmerhoff,2017-09-12 INTRODUCTION My mind to me a kingdom is Epictetus The mind s the measure of the man Watts As a man thinketh in his heart so is he Jesus The man does not contain the mind the mind contains the man Socrates In the universe there is nothing great but man in the man there is nothing great but mind Aristotle IN the brief articles which will make up this series my object will be to present in the shortest plainest and most practical manner methods which in my experience and that of many others who have been more or less under my influence have seemed to be conducive to increased mental efficiency It is said that there is no royal road to learning and while in a sense this is true it is also true that in all things even in mind training there is a right way and a wrong way or rather there is one right way and there are a thousand wrong ways Now after trying it seems to me most of the wrong ways I have found what I believe to be the right way and in these articles I shall try to expound it to you You need not expect an essay on psychology or a series of dissertations upon the faculties of the mind for there will be nothing of the kind On the other hand I shall so far as possible avoid text book terms and the text book tone both of which are quite absurd and quite futile I shall try to give you bare facts I shall try to give you plain directions stripped of all verbal and pseudo scientific flummery for the acquisition of mental activity and mental supremacy W R C Latson M D New York City      **Secrets of Mental Supremacy** William Richard Cunningham Latson,2012      *Secrets of Mental Supremacy* William Richard C.
