seemed to offer Gordon's love was botany and travel. He yearned to break free of the cosiness of Oxford and travel to Tibet and China in search of the rare specimens that seemed to stand for all the distinction he missed in his background. Lord Rupert Beverley has discovered that the Hardies are linked to his family by marriage. Andy Frith, the gardener's son who was Grace's childhood sweetheart, returns from France to see his dying father. Ellis Faraday, the son of the architect who designed Greystones, calls for permission to photograph his father's first major work. And with him, he brings Trish, his charming young daughter. The arrival of the four together will change Grace's life for unexpected happiness, wealth, and fulfilment. But so too do family squabbles and difficult decisions about who is to become the Greystones heir.
