

Lorsque l'enfant paraît 1

Dès 1976, Françoise Dolto connaît un immense succès grâce à son émission quotidienne sur France Inter, « Lorsque l'enfant paraît ». Elle répond à des lettres de parents en difficulté dans l'éducation de leur enfant. Sans prétendre donner des recettes, elle définit une attitude : chercher les raisons de chaque problème rencontré et y répondre avec la justesse que l'attitude psychanalytique lui permet.

Françoise Dolto (1908-1988)

Médecin psychanalyste, elle est l'une des figures marquantes de l'histoire du mouvement psychanalytique en France. Sa pensée et ses travaux ont profondément renouvelé le regard des adultes sur les enfants.

Ideologies in Action Mathew Humphrey, David Laycock, Maiken Umbach, 2020-10-28 *Ideologies in Action* Morphological Adaptation and Political Ideas explores how political ideas move across geographical social and chronological boundaries Focusing on North American and European case studies ranging from populist tax revolts through parenting advice manuals to online learning environments the contributors propose new methods for understanding how political entrepreneurs intellectuals and ordinary citizens deploy and redefine ideologies All of these groups are consumers of ideology drawing on pre existing transnational ideological concepts and narratives in order to make sense of the world They are also all producers of ideology adapting and reconfiguring ideological material to support their own political aims desires and policy objectives In doing so they combine common conceptual elements interpretations of freedom order national identity democracy community or equality with sentiments and imaginations deeply embedded in cultural and social practice To render these ideological practices intelligible the contributors to this volume blend conceptual morphology which emphasizes how meaning emerges in and through connections between political ideas with close readings of the vernacular and experiential dimensions of ideologies in action This book offers new insights into how ideologies in varied social and political settings can be decoded and challenges hierarchical distinctions between ideological producers and consumers The chapters in this book were originally published as a special issue of the *Journal of Political Ideologies*

Psychoanalysis and the family in twentieth-century France Richard Bates, 2022-02-08 In the last quarter of the twentieth century if French people had a parenting problem or dilemma there was one person they consulted above all Fran oise Dolto 1908-88 But who was Dolto How did she achieve a position of such influence What ideas did she communicate to the French public This book connects the story of Dolto's rise to two broader histories the dramatic growth of psychoanalysis in postwar France and the long running debate over the family and the proper role of women in society It shows that Dolto's continued reputation in France as a liberal and enlightened educational thinker is at best only partially deserved and that conservative and anti feminist ideas often underpinned her prominent public interventions While Dolto retains the status of a national treasure her career has had far reaching and sometimes harmful repercussions for French society particularly in the treatment of autism
