Subject Guide to Books in Print ,1991 The Simple Science of Weight Loss and Fat Loss Andy Xiong,2020-08-19 If you ve ever been angry with yourself for overeating for your lack of willpower or for failing yet another diet that probably never worked in the first place then keep reading While diets are often marketed for weight loss whether you succeed with said diet does not depend on the diet itself but on you You see each diet is a different method of approaching weight loss but when you understand the principles that govern weight loss you can make ANY diet work Simply put weight loss is governed by energy balance but that doesn t mean that calories are the only things that matter For starters eat less move more is incomplete You can lose weight eating more How Through a process known as diet induced thermogenesis Diet induced thermogenesis the calories burned digesting and absorbing the food you eat has a greater impact on calories out than exercise But when you restrict your caloric intake you restrict diet induced thermogenesis Thus the principle of weight loss is NOT about consuming a very small number of calories especially when calories in increases calories out Yet everyone thinks

it's about eating fewer and fewer calories ignoring the underlying principles of weight loss for the method of severe calorie restriction But the 3 Habits of Dieting Success which addresses the psychological and physiological limitations of dieting makes adherence to the principles second nature And once you start applying the principles not only will you find success with any diet but you will be confident that even when you hop off your diet YOU are in control of your hormones your body and your life Beneath that layer of fat is the most confident version of you Take off that fat suit and become that person today With references to over 79 of the best scientific studies available discover The 1 mistake that beginners and even experts make when it comes to dieting pg 17 The underlying principle that governs weight loss weight gain and even optimal health pg 20 How to best address hormonal imbalances ketosis and fasting not required pg 37 The most effective and the most effortless way to count calories without a scale pg 51 How I lost an additional 13 lbs by increasing my caloric intake by 715 calories pg 59 Why you cannot lose weight indefinitely on a low calorie diet you can eat 800 calories a day and still fail to lose weight pg 55 What proper nutrition entails and why a healthy diet does not exist pg 69 The secret to health and longevity practiced by our ancestors 45 000 years ago while the Paleo diet got some of the foods right they got the principles wrong pg 128 A scientific overview of today's diets why they fail and why most of them cannot be trusted pg 189 But that's not all Get complimentary access to my Habit Reprogramming Course where I walk you through your first month of dieting and discover How to develop the 3 Habits of Dieting Success in 28 days or less How to optimize your diet with the 4 traits common to all effective weight loss diets An Olympic champion's secret to a gold medal performance that can help you lose weight An evidence based fat loss supplement stack that multiplies the effects of each individual supplement And whether you have yo yo dieted for over 15 years or have only recently taken an interest in bettering your health you will benefit from the holistic approach to healthy living contained in this book So what are you waiting for Lose weight optimize your health and become a more confident version of you today click add to cart now
