Losing from the Inside Patricia Lee Sykes, 2017 *Losing from the Inside* Patricia Lee Sykes, 2018-01-16 This book focuses on the consequences of internal conflict for electoral competition and demonstrates why the Social Democratic Party SDP in alliance with the Liberals lost from the inside during two general election campaigns in Great Britain *Losing from the Inside* Patricia Lee Sykes, 1990 *Liberal Politics in Britain* Arthur I. Cyr, **British Elections and Parties Yearbook 1994** David Broughton, 2014-03-05 This volume combines current academic research on British elections parties and public opinion with a detailed reference section including a chronology of the major political events of 1993 opinion polls and by election results for 1993 as well as an up to date digest of party and media addresses and contacts *The Oxford Handbook of Political Leadership* R. complex and popular politicians of our time a woman who through good times and bad has retained her essential humanity

Labours old and new Stephen Meredith, 2013-07-19 This study is concerned with the Old Labour right at a critical juncture of social democratic and Labour politics It attempts to understand the complex transition from so called Old Right to New Right or New Labour and locates at least some of the roots of the latter in the complexity tensions and fragmentation of the former during the lean years of social democracy in the 1970s The analysis addresses both the short and long term implications of the emerging ideological organisational and political complexity and divisions of the parliamentary Labour right and Labour revisionism previously concealed within the loosely adhesive post war framework of Keynesian reformist social democracy It establishes the extent to which New Labour is a legatee of at least some elements of the disparate and discordant Labour right and tensions of social democratic revisionism in the 1970s In so doing it advances our understanding of a key moment in the development of social democracy and the making of the contemporary British Labour Party **Party**

People Allan Sikk, Philipp Köker, 2023 This book presents a candidate based approach to party evolution conceptualizing candidates as party genes that ultimately decide what a party does and what it stands for It draws on extensive new data from Central and Eastern Europe and beyond to show that candidate change is linked to changes in party organization programmes and leadership *Presidents and Prime Ministers* Patricia Lee Sykes, 2000 She reveals how conviction style politicians have appeared in the U S and U K at the same time individuals who articulated similar ideas that adapted liberal ideology to shifting circumstances and who achieved fundamental change at critical moments in their nations histories
