Helping Those Experiencing Loss Robert J. Grover Professor Emeritus, Susan G. Fowler, 2011-07-13 This book provides a guide for grieving youth and adults as well as extensive descriptive lists of recommended professional literature resources Grief caused by loss is both a very common human experience and a highly individualized one For example children experience a number of losses that are unique to their young age such as sibling and parent death adoption or divorce and should be given special consideration by professionals and parents helping them in these situations For gay lesbian or cohabiting heterosexual couples that suffer the loss of a partner societal standards often deny the survivors in these relationships the right to grieve Helping Those Experiencing

Loss A Guide to Grieving Resources is a book like no other supplying compassionate information for navigating the emotional distress that every man and woman will experience in their lifetime as well as a comprehensive guide to the literature of bereavement and grieving It explains the grieving process interpreting the results of research on the topic in plain language and addressing specific groups children young adults parents who have lost a child adults who have lost spouses and the aging population *EMDR Therapy Treatment for Grief and Mourning* Roger M. Solomon,2024 Roger M Solomon examines how EMDR Eye Movement Desensitization and Reprocessing therapy can help process the trauma of loss and the obstacles that interfere with the grief and mourning process highlighting how EMDR can help a mourner experience a positive sense of connection through heartfelt meaningful memories *Counselling for Grief and Bereavement* Geraldine M Humphrey,David G Zimpfer,2007-12-18 The authors have done their homework in reading and consulting with the prominent literature especially regarding children All this effort gives the book a solid background foundation and makes it readable and well usable for both lay counsellors and professional providers and for all of us who are engaged in the delicate and rewarding endeavor of Grief Therapy Naji Abi Hashem Clinical Cultural Psychologist Berkeley California Praise for the First Edition The book provides an absorbing and challenging journey through the possible process involved in bereavement work and encourages one to think broadly about how one can approach a bereaved person this was a book I enjoyed reading very much and which I found both theoretically sound and practically helpful Bereavement Care Cruse Counselling for Grief and Bereavement Second Edition is a bestselling introductory guide for professionals who work with people experiencing bereavement through death and other forms of loss Focusing on practical assessment and intervention strategies Geraldine Humphrey and David Zimpfer guide readers through the essential theory and skills needed to work with clients in a way which sensitively facilitates the process of grief initiates healing and promotes a sense of growth Setting out the broad principles for practice the authors go on to show how these can be applied in working with individuals families and groups and in relation to specific issues including chronic and life threatening illnesses palliative care and complicated grief Carefully chosen case examples illustrate the counselling process while specific attention is paid throughout to ethical considerations and the possible need for referral This fully revised and updated Second Edition features a new chapter on working with children and adolescents both from the perspective of young people who are grieving losses and those who are receiving palliative care as patients While focusing on the practical the book provides a firm theoretical base by explaining key concepts such as attachment grief and resilience Geraldine M Humphrey is Counsellor in the Department of Psychology at the North Canton Medical Foundation specializing in death illnesses and non death and grief David G Zimpfer is former Director of the Cancer Center of Ohio *Handbook of Thanatology* David K. Meagher,David E. Balk,2013-07-18 If ever there was an area requiring that the research practice gap be bridged surely it occurs where thanatologists engage with people dealing with human mortality and loss The field of thanatology the study of death and dying is a complex multidisciplinary

area that encompasses the range of human experiences emotions expectations and realities The Handbook of Thanatology is the most authoritative volume in the field providing a single source of up to date scholarship research and practice implications The handbook is the recommended resource for preparation for the prestigious certificate in thanatology CT and fellow in thanatology FT credentials which are administered and granted by ADEC
