Quest for Discovery Richard Carl Bright, 2001 This incredible book details the dramatic climbs political intrigue and sheer danger involved in a quest for the greatest archaeological treasure of all time Never before seen photographs expedition accounts and persuasive evidences point to a massive man made abject hidden on remote Mt Ararat Noah And The Great Flood Jerry Blount, 2017-04-17 The apostle Peter warned us that in the last days before the end times there would be a new philosophy that would deny that there ever was a worldwide flood They would deny that God created the world the existence of God and the coming end time judgment by fire Today we see this taking place exactly as Peter had predicted This book provides proof of a Biblical worldwide flood and backs it up with geological data The information in this book offers evidence of creation by an omnipotent God and a global flood as God s judgment of a sinful world It provides evidence as to what the earth was like before the flood It was a world which after creation God had declared very good Even after the fall of man it was still paradise compared with the world we know today The effects of catastrophic worldwide flood changed this planet drastically This book also offers extensive proof that disproves the theory of evolution New scientific discoveries are showing that evolution is impossible Also contained in this book is considerable scientific evidence showing that the earth is only a few thousand years old This book may go against much of the popular scientific views of today but it does so with the evidence to back it The Bible gave us the history as well as the future of this world The scientific and geological data that is available today fits well within that Biblical framework In fact it fits within the Biblical framework much better than any theories the evolutionary community has come up with as this book will show *The Lost Photographs* Richard Carroll, 2011-07 Dr Matthew Lane has been in a lot of scrapes with his fellow archeologist Jim Morgan But neither is prepared for the trouble that lies in store as they search for what could be the biggest discovery in centuries Matt is convinced that the testimony from the Russian soldiers who swore they photographed Noah s ark protruding from the glacier in the summer of 1916 is true They claimed all the documentation measurements description of the interior cages and photographs were turned over to the czar just before the revolution A Russian immigrant Ann Tyler has carried her grandmother s secret with her for more than a decade She knows the hiding place of The Lost Photographs that could prove the existence of Noah s ark Has she finally found a trustworthy confidant When Ann joins Matt and Jim to search for The Lost Photographs they begin a journey none could have predicted Richard Carroll deftly weaves together this fast paced adventure based on the old stories of Russian soldiers discovering the ark on Mount Ararat Uncover the enduring enigma of the ancient ark and the crusade to conceal the truth **Stones Still Speak** Amanda Hope Haley, 2025-09-23 When we first encounter the Bible we are taught its stories Adam and Eve Moses and the Red Sea David and Goliath Jonah and the whale and more When a story lacks the details we crave we fill in the blanks with what we ve seen in movies read in books and been told by our Sunday school teachers But there s a better way to encounter the whole story of Scripture uncovering and

understanding the ancient world and the people who experienced biblical events In *Stones Still Speak* Harvard trained archaeologist and theologian Amanda Hope Haley scrapes back 2 000 years of misguided cultural interpretations to reveal God s Word in its historical archaeological and literary contexts Far from a dry academic exercise this process explains how our misunderstandings developed and revitalizes the Scripture you thought you knew with the greater purpose of encouraging a more intentional rigorous study of the Bible in your daily life [The New Answers Book 3](#) Ken Ham,Ham Ken,2010-03-23 The third volume in this best selling series compiled by Ken Ham leading a powerful group of contributors to answer some of the most compelling questions of science and the Bible From the outer edges of the known universe to the moment life begins this continuing collection of answers will make an incredible impact on your life and your personal journey of faith **The End Of Earth** Philip N. Wilkins,2008-11-01 Monstrous beasts lost worlds vanished civilizations Amazon warriors even Atlantis and Noahs ark figure in this wondrous and rare book Hard to find in print before now this obscure 1952 work is an artifact itself of the postwar fascination with all things mysterious from flying saucers to ancient astronauts to the third eye In this wildly entertainingand more than a little bit preposterousdocument Wilkins takes us from mountain jungles to unexplored swamps on a search for the hidden secrets of old South America Seekers after the arcane and fans of the paranormal will delight in this odd and extraordinary volume British journalist and historian HAROLD T WILKINS 18911960 is also the author of *Mysteries of Ancient South America* 1945 and *Mysteries of Time and Space* 1958 *Digging for Hitler* David Barrowclough ,2017-01-20 During the 1930s in the build up to the Second World War the Nazis established a band of specialists the SS Ahnenerbe under the command of Heinrich Himmler and Hermann Wirth Their aim was nothing less than to prove the superiority of the Aryan race and with it the unique right of the German people to rule Europe The occult figured as a key feature in many of these increasingly desperate quack research efforts Part science part espionage and part fantasy Archaeological expeditions were sent to Iceland Tibet Kafiristan North Africa Russia the Far East Egypt and even South America and the Arctic The Nazi Ancestral Heritage Societys chief administrator was Dr Wolfram Sievers who cruelly conducted medical experiments on prisoners in concentration camps and was responsible for the looting of historic artefacts considered Germanic for return to Germany He rewarded those academics that took part with high military office whilst those academics who contradicted or criticized the

SS Anenerbe were carted off to concentration camps where they faced certain death This book tells the true history of the real life villains behind the Indiana Jones movies Sometimes truth really is stranger than fiction 50 Popular Beliefs That People Think Are True Guy P. Harrison, 2012-01-03 What would it take to create a world in which fantasy is not confused for fact and public policy is based on objective reality asks Neil deGrasse Tyson science popularizer and author of *Astrophysics for People in a Hurry* I don't know for sure But a good place to start would be for everyone on earth to read this book Maybe you know someone who swears by the reliability of psychics or who is in regular contact with angels Or perhaps you're trying to find a nice way of dissuading someone from wasting money on a homeopathy cure Or you met someone at a party who insisted the Holocaust never happened or that no one ever walked on the moon How do you find a gently persuasive way of steering people away from unfounded beliefs bogus cures conspiracy theories and the like This down to earth entertaining exploration of commonly held extraordinary claims will help you set the record straight The author a veteran journalist has not only surveyed a vast body of literature but has also interviewed leading scientists explored the most haunted house in America frolicked in the inviting waters of the Bermuda Triangle and even talked to a contrite Roswell alien He is not out simply to debunk unfounded beliefs Wherever possible he presents alternative scientific explanations which in most cases are even more fascinating than the wildest speculation For example stories about UFOs and alien abductions lack good evidence but science gives us plenty of reasons to keep exploring outer space for evidence that life exists elsewhere in the vast universe The proof for Bigfoot or the Loch Ness Monster may be nonexistent but scientists are regularly discovering new species some of which are truly stranger than fiction Stressing the excitement of scientific discovery and the legitimate mysteries and wonder inherent in reality this book invites readers to share the joys of rational thinking and the skeptical approach to evaluating our extraordinary world
