[Name withheld]

I found a baby this week. He’d been lost for 161 years. And it’s only because of the Forman Family Bible that I’m confident he belongs in our family.

You’ll recall that we learned from the family names listed in the bible that the “L” in Samuel L. Forman’s name stood for “Longstreet.” So I wasn’t immediately surprised to happen upon a death record for Samuel Longstreet Foreman. Until I read that he died at age 14 months in 1857. Ancestry.com only had the indexed details, but FamilySearch.org had an image of the actual document (shown above.) No parents are listed for this baby. The original SLF is named after his mother’s father (Samuel Longstreet.)

So who would be likely to name a child Samuel Longstreet Forman in 1856?
Wouldn’t it be logical that the son of Samuel Longstreet Forman would give that name to his son, possibly his first-born son?

Samuel L. Forman had 2 sons: William Lake and Isaac E. In 1856, Isaac was only 15 years old, but William Lake had been married to Amanda Orilla McAllister since 1853. That date is fairly new since I only found their marriage date in a newspaper record in the past year or two.

Tragedy to Triumph: a Memoir April Faith Larrinaga,2011-08-10 The story of Tragedy to Triumph is especially dedicated to my brothers and sisters who suffered years of torment at the hands of a maniacal self proclaimed preacher who ultimately hurt his family beyond imagination Our father evaded the law for several years abandoning his eldest daughter in another state to live a life alone while holding the rest of the family captive Four adults at the end of the journey were directly responsible for the atrocities that befell the children Inside the home the children cried innocence was lost and hearts were broken This story also provides an insight into survival of the human spirit and rising above all indifference sharing the power of faith and miracles that happened in the midst of chaos One person can change the future for their family and ultimately stop the cycle of abuse This book was solely written in the hopes of saving lives

How to Live According to Grandpa John Reseck Jr,2023-10-31 We are presented with several million options during our life that we have to make a choice between The choices we make create the way we see the world and establish how we live in it This environment which

we have created for ourselves is called our world Everyone has a world that is unique and personal to them Of course our worlds are based on assumptions that for one reason or another we choose to believe and call facts We are sure that what we believe takes precedence over everyone else s beliefs and that can make our world a bit of a challenge to live in at times I have decided to share my world with the rest of the world Not to convince anyone that my world is better than theirs but to share some of the things that I found helpful for the world at large In my eighty eight years as a well educated wonderer many of my assumed facts have been proven wrong I see that as progress a good thing The challenge is to be able to accept that one of your lifelong facts just isn t true I have only a few things that I learned that have stayed true so far and have been stabilizers in my world I think they can be of use to almost everyone and need sharing I am not writing this book to encourage you to think like me but rather to just think There are things changing all around you So many new things to learn So many new places to visit So many edges out there you haven t walked on yet No matter how intelligent you are your areas of vast ignorance are greater than your areas of knowledge There is so much to learn that when you throw your arms up and say I know nothing it will be true but it is okay Every other human on earth is in the same situation they just don t know it We have robots with Artificial Intelligence AI far beyond any human right now that are working for us What will happen when they decide we are too dumb and of no use to them I believe this could be a far greater threat to human survival than global warming What do you think and why

Just Looking Back Michael Pilbro,2015-07-21 In the year 1943 I might have seen some progress in the fight against Nazi Germany but bombs were still falling on the city in which I lived Amidst this chaos I entered the world on April 29 1943 and began a life which offered much variety and a fair degree of excitement The work in a government agency the years volunteering as a special police officer the several failed marriages and the finding of my birth family following my early adoption kept me extremely occupied for most of my life I soon began to learn what life was all about There were never any easy answers and I resented the suggestion that I was just lucky All I needed in my early years was admittedly some sweets and comics and sufficient entertainment to keep me happy Later life became harder and often decidedly unhappier This is perhaps where I should begin My life was amusing and sad in equal proportions but above all it represents a genuine account of a very average life lived by many in a very ordinary environment that seemed to answer more questions than were ever posed
