Louisa M Alcott And The American Family Story:

Louisa M. Alcott and the American Family Story Cornelia Meigs, 1971-01-01 A biography of the author whose *Little Women* and other popular books were based on the experiences of her family **Writers of the American Renaissance** Denise Knight, 2003-12-30 The American literary canon has undergone revision and expansion in recent years and our notions of the 19th century renaissance have been reevaluated Mainstream anthologies have been revised to reflect the expanding literary canon yet resources for readers have remained widely scattered This book expands earlier definitions of the 19th century American Renaissance as represented by canonical writers such as Emerson and Poe covering writers who published popular fiction and dominated the literary marketplace of the day Included is generous coverage of women writers and writers of color The volume provides alphabetically arranged entries for more than 70 writers of the period including Louisa May Alcott Emily Dickinson Frederick Douglass Margaret Fuller Nathaniel Hawthorne Herman Melville Harriet Beecher Stowe Henry David Thoreau Walt Whitman and many more Each entry was written by an expert contributor and includes a brief biography a discussion of major works and themes a survey of the writer's critical reception and primary and secondary bibliographies *LITTLE WOMEN and THE FEMINIST IMAGINATION* Janice M. Alberghene, Beverly Lyon Clark, 2014-04-08 Raising key questions about race class sexuality age material culture intellectual history pedagogy and gender this book explores the myriad relationships between feminist thinking and *Little Women* a novel that has touched many women's lives A critical introduction traces 130 years of popular and critical response and the collection presents 11 new essays two new bibliographies and reprints of six classic essays The contributors examine the history of illustrating *Little Women* Alcott's use of domestic architecture as codes of female self expression the tradition of utopian writing by women relationship to works by British and African American writers recent thinking about feminist pedagogy the significance of the novel for women writers and its implications from the vantage points of middle aged scholar parent and resisting male reader , *Written for Children* John Rowe Townsend, 1996-05-01 This revised and updated edition provides children's and young adult librarians teachers literature classes and library school classes with an authoritative history and analysis of the best British and American children's literature through 1994 with a new 2003 postscript including such recent phenomenons as J K Rowling and Philip Pullman *Written for Children* traces the development of children's literature from its origins through the beginnings of the multimedia revolution In effortless and entertaining style Townsend a world renowned authority in the field examines the changing attitudes toward children and their literature and analyzes the various strands that make up this important field While examining many well known American classics Townsend also looks at British works that American audiences may have overlooked With illustrations and bibliography Dictionary of Real People and Places in Fiction M.C. Rintoul, 2014-03-05 Fascinating and comprehensive in scope the *Dictionary of Real People and Places in Fiction* is a valuable source for both students and teachers of literature and for those interested in locating the facts behind the fiction they read

In a single scholarly volume it provides intriguing insight into the real identity of people and places in the novels of over 300 American and British authors published in the nineteenth and twentieth centuries *Elva S. Smith's The History of Children's Literature* Elva Sophronia Smith, Margaret Hodges, Susan Steinfirst, 1980 **Family Fictions** Nikki Gamble, Nick Tucker, 2001-08-01 Family Fictions provides an introduction to the history of family stories in children's literature and an in depth critical study of the works of Jacqueline Wilson Anne Fine and Morris Gleitzman *Stories and Society* Dennis Butts, 1992-07-01 Children's literature is increasingly exposed to critical debate in England and America There are indeed a number of histories and surveys of children's literature but few works exist which discuss the contexts ideologies and narrative structures of children's stories in a serious and detailed manner or examine particular case histories to see how the different forces interact This is what this collection of essays attempts to do The topics range from Little Women to Winnie the Pooh and from story forms such as The Adventure Story to Fantasy **What Katy Read** Shirley Foster, Judy Simons, 1995 Through close readings of these eight North American and British novels which have had a powerful impact on the development of literature for girls Foster and Simons consider genres from the domestic myth to the school story analyze the transgressive figure of the tomboy and discuss ways in which superficially conventional texts implicitly undermine patterns of patriarchy *Women Who Changed the World* Candice Goucher, 2022-01-24 This indispensable reference work provides readers with the tools to reimagine world history through the lens of women's lived experiences Learning how women changed the world will change the ways the world looks at the past Women Who Changed the World Their Lives Challenges and Accomplishments through History features 200 biographies of notable women and offers readers an opportunity to explore the global past from a gendered perspective The women featured in this four volume set cover the full sweep of history from our ancestral forbearer Lucy to today's tennis phenoms Venus and Serena Williams Every walk of life is represented in these pages from powerful monarchs and politicians to talented artists and writers from inquisitive scientists to outspoken activists Each biography follows a standardized format recounting the woman's life and accomplishments discussing the challenges she faced within her particular time and place in history and exploring the lasting legacy she left A chronological listing of biographies makes it easy for readers to zero in on particular time periods while a further reading list at the end of each essay serves as a gateway to further exploration and study High interest sidebars accompany many of the biographies offering more nuanced glimpses into the lives of these fascinating women From Mythic to Linear Maria Nikolajeva, 2000 In this radically new approach to text typology Maria Nikolajeva examines the depiction of time in literature for children Contemporary Reconfigurations of American Literary Classics Betina Entzminger, 2013-03-05 The number and popularity of novels that have overtly reconfigured aspects of classic American texts suggests a curious trend for both readers and writers an impulse to retell and reread books that have come to define American culture This book argues that by revising canonical American literature contemporary American writers are re writing an American myth of origins

creating one that corresponds to the contemporary writer's understanding of self and society. Informed by cognitive psychology, evolutionary literary criticism, and poststructuralism, Entzminger reads texts by canonical authors Poe, Hawthorne, Melville, Alcott, Twain, Chopin, and Faulkner, and by the contemporary writers that respond to them. In highlighting the construction and cognitive function of narrative in their own and in their antecedent texts, contemporary writers highlight the fact that such use of narrative is universal and essential to human beings. This book suggests that by revising the classic texts that compose our cultural narrative, contemporary writers mirror the way human individuals consistently revisit and refigure the past through language via self-narration in order to manage and understand experience. **The Continuum**

Encyclopedia of American Literature Steven R. Serafin, Alfred Bendixen, 2005-09-01 More than ten years in the making, this comprehensive single-volume literary survey is for the student, scholar, and general reader. The Continuum Encyclopedia of American Literature represents a collaborative effort involving 300 contributors from across the US and Canada. Composed of more than 1,100 signed biographical critical entries, this Encyclopedia serves as both guide and companion to the study and appreciation of American literature. A special feature is the topical article of which there are 70. **A Worse Place Than Hell** John Matteson, 2021-02-09 Pulitzer Prize-winning author John Matteson illuminates three harrowing months of the Civil War and their enduring legacy for America. December 1862 drove the United States toward a breaking point. The Battle of Fredericksburg shattered Union forces and Northern confidence. As Abraham Lincoln's government threatened to fracture, this critical moment also tested five extraordinary individuals whose lives reflect the soul of a nation. The changes they underwent led to profound repercussions in the country's law, literature, politics, and popular mythology. Taken together, their stories offer a striking restatement of what it means to be American. Guided by patriotism, driven by desire, all five moved toward singular destinies. A young Harvard intellectual steeped in courageous ideals, Oliver Wendell Holmes Jr. confronted grave challenges to his concept of duty. The one-eyed army chaplain Arthur Fuller pitted his frail body against the evils of slavery. Walt Whitman, a gay Brooklyn poet, condemned by the guardians of propriety, and Louisa May Alcott, a struggling writer seeking an authentic voice and her father's admiration, tended soldiers' wracked bodies as nurses. On the other side of the national schism, John Pelham, a West Point cadet from Alabama, achieved a unique excellence in artillery tactics as he served a doomed and misbegotten cause. **A Worse Place Than Hell** brings together the prodigious forces of war with the intimacy of individual lives. Matteson interweaves the historic and the personal in a work as beautiful as it is powerful. **Great Authors of Children's Books** Britannica Educational Publishing, 2014-01-01 Few stories have the power to stay with us the way the tales we hear in childhood do. Great children's book authors have at their disposal countless techniques to channel young imaginations and appeal directly to their audience's tender sensibilities. They craft colorful characters whose circumstances and actions resonate with readers in a way that carries through well into adulthood. The creators of some of the most whimsical, witty, thought-provoking, and powerful children's books of all time, including Lewis

Carroll Dr Seuss Beatrix Potter Maurice Sendak and Laura Ingalls Wilder among many others are presented in this exciting volume **Comparative Children's Literature** Emer O'Sullivan, 2005-03-05 Emer O Sullivan traces the history of children's literature studies from the enthusiastic internationalism of the post war period which set out from the idea of a world republic of childhood to modern comparative criticism *Novelists and Prose Writers* James Vinson, D. L. Kirkpatrick, 1979 *200 Years of Children* Edith Henderson Grotberg, 1977 **How Did Long John Silver Lose his Leg** Dennis Butts, Peter Hunt, 2013-11-28 How did Long John Silver Lose His Leg is a diverting tour through some of the bestloved classics of children's literature addressing many of the unanswered questions that inspire intense speculation when the books are laid down Could Bobbie's train really have stopped in time The Railway Children Did Beatrix Potter have the flu in 1909 and did this lead to a certain darkness in her work The Tale of Mr Tod Would the rugby football played by Tom Brown be recognised by sportsmen today Tom Brown's Schooldays The authors speculate entertainingly and informatively on the anomalies and unexplained phenomena found in children's literature and having established the cultural importance of children's books in the modern age also consider the more serious issues raised by the genre Why are we so defensive of the idyllic worlds presented in children's books Why have some of our best loved authors been outed as neglectful parents to their own children Should we ever separate the book from its creator and appreciate the works of writers convicted of crimes against children A treat for any enthusiast of children's literature two of the most distinguished writers on the subject provide rich detail witty explication and serious food for thought

When people should go to the ebook stores, search initiation by shop, shelf by shelf, it is in reality problematic. This is why we provide the books compilations in this website. It will enormously ease you to see guide **Louisa M Alcott And The American Family Story** as you such as.

By searching the title, publisher, or authors of guide you essentially want, you can discover them rapidly.
