Love, Bones and Water Adam Zameenzad, 1989 Encyclopedia of Post-Colonial Literatures in English Eugene Benson, 2004-11-30 Documents the history and development of Post colonial literatures in English together with English and American literature and includes original research relating to the literatures of some 50 countries and territories In more than 1 600 entries written by more than 600 internationally recognized scholars it explores the effect of the colonial and post colonial experience on literatures in English worldwide *The Water of Life* Rita Knipe, 1989-08-01 Mythology flows like a subterranean stream throughout Hawai i Rita Knipe has selected a number of characteristic myths and mythological figures from the rich pantheon of Hawaiian deities As she retells their stories illustrated by Hawaii artist Dietrich Varez the transposition of such primal drama to the pages of this book becomes poetic theater The dramatic plots are myths and legends chosen from the oral traditions of unique island people but the underlying themes and symbols are archetypal and eternal Drawing parallels between Hawaiian mythology universal patterns and individual behavior the author illustrates certain basic Jungian concepts and explains how we express them in the drama of our own lives **Cultures in Movement** Martine Raibaud, Ionut Untea, Micéala Symington, 2015-02-05 The contributors to this volume encourage a re thinking of the very notion of culture by examining the experiences situations and the representations of those who chose or were forced to change cultures from the nineteenth century to the present day Beyond a simple study of migration forced or otherwise this collective work also re examines the model of integration As recent entrants into new social settings may be perceived as affecting the previously accepted social equilibrium mechanisms encouraging or inhibiting population flows are sometimes put in place From this perspective integration may become less a matter of internal choice than an external obligation imposed by the dominant political power in which case integration may only be a euphemism for cultural uniformity The strategies of cultural survival developed as a reaction to such a rising tide of cultural uniformity can be seen as necessary points of departure for an ever growing shared multiculturalism A long term voluntary commitment to make cultural boundaries more flexible and allow a more engaged individual participation in the process of defining the self and finding its place within a culture in movement may represent a key element for cultural cohesion in a globalized world Love, Like Water Rowan Speedwell, 2013-07-10 Three years undercover with one of the worst gangs in the country left FBI agent Joshua Chastain shattered Battling nightmares and addiction he leaves the concrete jungle for New Mexico horse country hoping to start over on his uncle s ranch Foreman Eli Kelly spends his life rehabilitating abused animals and Joshua is just another lost soul But as Joshua slowly begins to put his life back together Eli realizes that Joshua is a lot more than his newest project Joshua s plan seems to work maybe a fresh start was just what he needed Then just when he has finally found a sense of peace crime and hatred nearly destroy all his hard work forcing him to reevaluate what he wants out his relationship with Eli and his own life The Existence Theodore Ihejieta, 2018-12-21 *The Existence* By Theodore Ihejieta *The Existence* is a book

of love and life that talks about the world as the existence of human beings and tells human beings to understand that the world is the love and the life It is a book of Planet Earth which the Planet Earth gave to the author because the author asked the Planet Earth for the book of the world The author is a human being who lost faith in God and called on Planet Earth to do work and save human beings from evil and death in the world This is a book of a human being who was challenged by evil and death in the world and the human being called on his existence for help and protection The author did not like to die in the world and told his existence that he did not want to die because the author believed that Planet Earth has the power to save human beings in the world The Existence is the faith the hope and the charity that God challenged human beings to find and tell the mountain of evil and death to move away from human beings
