 Linking Sexuality and Gender Tracy J. Trothen,2006-01-01 Why did it take so long for the United Church of Canada to respond to violence against women Tracy J Trothen looks at the United Church as a uniquely Canadian institution and explores how it has approached gender and sexuality issues She argues that how the Church deals with these issues influences its ability to name violence against women In examining the Church's early approaches to gender and sexuality Tracy J Trothen discovered that the United Church had tended to see certain structures or roles as sacred and others as demonic For example while sex outside marriage was bad or improper sexual expression within marriage was largely deemed as proper or good no matter what manifestation it took This assumption allowed much violence within families and marriages to go unchallenged Trothen uncovers significant shifts in this approach through the examination of such issues as redemptive homes marriage pornography abortion the ordination of women and family Then analyzing three recent case studies she demonstrates the value of women's voices in challenging dominant world views Finally she suggests how the Church's approach to human sexuality and gender has facilitated or obstructed the move to address violence against women The findings in Linking Sexuality and Gender can be applied to faiths outside the United Church and will be important to anyone interested in church and society sexuality gender or the causal dynamics behind one Canadian institution's response to violence against women Tracy J Trothen is an assistant professor of systematic theology and ethics and director of field education at Queen's Theological College Queen's University Canada She was ordained in the United Church of Canada Why did it take so long for the United Church of Canada to respond to violence against women **International bibliography of research in marriage and the family** Joan Aldous,1967 History of Matrimonial Institutions George Elliott Howard,2021-05-07 A History of Matrimonial Institutions is a book based on the author's belief that a thorough
