Mason, 2006 Many scholars have documented and decried the crisis in American masculinity There is a preponderance of evidence showing that males suffer from many physical emotional and social ills due to the gender scripts with which they were raised and which continue to govern men's lives Throughout the millennia and across cultures initiation rites of passage have been utilized as an effective means of transitioning young males into manhood Modern culture suffers from a dearth of rites of passage leaving many boys stuck in puerile attitudes and behaviors and unable to make a wholesome transition into mature masculinity *Crossing into Manhood* is a much needed guide on assisting late adolescent boys transition into manhood it proposes a school based curriculum and rite of passage paradigm to help young men make the difficult passage into manhood Utilizing resources from diverse academic disciplines this book surveys the psychoanalytic the social constructionist and the essentialist perspectives on masculine gender As a result a men's studies curriculum has been formulated one that offers a balanced bio psycho social conceptualization of masculine identity Educators will find the contents of this book helpful in providing the key conceptual information necessary to teach a men's studies course to late adolescent boys This book will provoke further dialogue and work among educators and other adults in this important area Publisher's website **Facing the Dragon** Robert L. Moore, 2003 Structured around a series of lectures presented at the Jung Institute of Chicago in a program entitled Jungian Psychology and Human Spirituality *Liberation from Tribalism in Religious Life* this book length essay attacks the related problems of human evil spiritual narcissism secularism and ritual and grandiosity Robert Moore dares to insist that we stop ignoring these issues and provides clear sighted guidance for where to start and what to expect Along the way he pulls together many important threads from recent findings in theology spirituality and psychology and brings us to a point where we can conceive of embarking on a corrective course Traditional doctrinal and historical interpretation both rely heavily on rational analysis But from the disciples at Emmaus to the beginnings of the present century it has been the impact of scripture upon the human heart that has changed human lives In recent decades this impact has been strengthened by advances in linguistic and literary theory by such disparate influences as feminism structuralism Jungianism deconstructionism the analysis of archaic imagery and myth the recovery of Gnostic texts and finally an openness to pluralism whether ethnic geographic religious or interpretive All of these factors are treated here with a brevity and

comprehensiveness which convincingly show that the reader of scripture has a creative and not merely passive role If you would understand the deepest roots of terrorism greed and religious fanaticism read Facing the Dragon But be forewarned you may find some offshoots in your own garden June Singer Jungian analyst author of Boundaries of the Soul Robert Moore Phd was an internationally recognized psychotherapist and consultant in private practice in Chicago He was considered one of the leading therapists specializing in psychotherapy with men because of his discovery of the Archetypal Dynamics of the Masculine Self King Warrior Magician Lover He served as Distinguished Service Professor of Psychology Psychoanalysis and Spirituality at the Graduate Center of the Chicago Theological Seminary and has served as a Training Analyst at the C G Jung Institute of Chicago He is Co founder of the Chicago Center for Integrative Psychotherapy Working for Justice Stephen John Hartnett,Eleanor Novek,Jennifer K. Literature Cheryl L. Nixon, 2016-02-17 Cheryl Nixon's book is the first to connect the eighteenth century fictional orphan and factual orphan emphasizing the legal concepts of estate blood and body. Examining novels by authors such as Eliza Haywood, Tobias Smollett, and Elizabeth Inchbald and referencing never before analyzed case records, Nixon reconstructs the narratives of real orphans in the British parliamentary equity and common law courts and compares them to the narratives of fictional orphans. The orphan's uncertain economic, familial, and bodily status creates opportunities to plot his or her future according to new ideologies of the social individual. Nixon demonstrates that the orphan encourages both fact and fiction to re-imagine structures of estate, property, and inheritance, blood, familial origins, and marriage, and body, gender, and class mobility. Whereas studies of the orphan typically emphasize the poor urban foundling, Nixon focuses on the orphaned heir or heiress and his or her need to be situated in a domestic space. Arguing that the eighteenth century constructs the valued orphan, Nixon shows how the wealthy orphan became associated with new understandings of the individual. New archival research encompassing print and manuscript records from Parliament, Chancery, Exchequer, and King's Bench demonstrate the law's interest in the propertied orphan. The novel uses this figure to question the formulaic structures of narrative sub-genres such as the picaresque and romance and ultimately encourage the hybridization of such plots. As Nixon traces the orphan's contribution to the developing novel and developing ideology of the individual, she shows how the orphan creates factual and fictional understandings of class, family, and gender.

The Creative Mystique Susan Kavalier-Adler, 2013-11-12 Through the life stories of women such as Camille Claudel, Virginia Woolf, Katherine Mansfield, Anne Sexton, Suzanne Farrell, and others and through clinical case studies, Susan Kavalier-Adler offers penetrating insights into the nature of the creative process. Kavalier-Adler contrasts unsuccessful psychological treatments with object relations therapy that is able to resolve the pathological narcissism of creative addiction and allow the emergence of healthy modes of self-expression.

Love's Oneing Kerrie Hide, 2022-11-08 Grounded in Christian love mysticism, *Love's Oneing* gives voice to the luminous consciousness that awakens from within our oneness in God in contemplation. With great sensitivity, the book offers nuanced insight into the marriage of kenosis and desire in contemplation through the rich tapestry of writings from nine mystics: Julian of Norwich, the Cloud of Unknowing, author Meister Eckhart, Mechthild of Magdeburg, Clare of Assisi, John of the Cross, Teilhard de Chardin, Beatrice Bruteau, and Ilia Delio. With the delicate eye of a spiritual director immersed in mystical literature, Kerrie Hide situates these mystical teachings within contemplative prayer whilst offering a scholarly exploration of contemplative practice to embody the insights. Deeply grounded in traditional and contemporary mystical classics, Hide celebrates how the Christian mystical tradition lays a foundation for the evolutionary growth of communion, consciousness, and the insights of quantum science, highlighting key moments in contemplation that when surrendered into open, divine love, born of intellectual reflection, lived experience, and contemplative wisdom, *Love's Oneing* makes a unique contribution to the existing literature on contemplation at a time when the recovery of the mystical dimension of life is crucial for the future.
