The Little Book of The Larry Verch, 2017-04-19 This book was really begun in 1963 when I attended a creative writing course in college. Having been an avid reader all my life it seemed a great way to see a story from the writer's perspective. It became a comfortable relaxing escape. Most of my inspirations came unexpectedly through dreams. Some of the stories took place over several nights. There is really no on going theme in this book. Rather a randomness of thoughts. This book contains in a sense an analysis of sadness, love, anger and frustration. As well a child's view of simplistic events. I wrote these poems and stories because I wanted to I published them in a book because I can

The Mascot Book Elizabeth Villiers, 1929 *Lavinia Fontana's Mythological Paintings* Liana De Girolami Cheney, 2020-08-18 This volume investigates emblematic and art historical issues in Lavinia Fontana's mythological paintings. Fontana is the first female painter of the sixteenth century in Italy to depict female nudes as well as mythological and emblematic paintings associated with concepts of beauty and wisdom. Her paintings reveal an appropriation of the antique, a fusion between patronage and culture and a humanistic pursuit of Mannerist conceits. Fontana's secular imagery provides a challenging paragon with the male tradition of history painting during the sixteenth century and paves the way for new subjects to be depicted and interpreted by female painters of the seventeenth century

The texts are those established in the famous Child canon of English and Scottish ballads. To them Mr Bronson has added more than a thousand variant tunes grouped to show their melodic kinship and the characteristic variations developed in the course of traditional singing and oral transmission.
