## **Lovers Of Their Time And Other Stories:**

Lovers of Their Time and Other Stories William Trevor, 1979      William Trevor (Routledge Revivals) Gregory A Schirmer, 2014-10-10 William Trevor is a master of contemporary fiction He writes with equal authority about the frustrations of life in remote corners of Ireland and the hollowness of life in prosperous London suburbs An Anglo Irishman Trevor is admired on both sides of the Atlantic and both sides of the Irish Sea In William Trevor A Study of His Fiction first published in 1990 Gregory Schirmer analyses Trevor's novels such as *A Standard of Behaviour* and *Fools of Fortune* and short stories in detail He argues that Trevor's writing is important both in terms of its mastery of fictional techniques and of the profoundly moral vision that informs it His view of twentieth century men and women is subtle and complex generated by the tension between a humanistic faith in compassion and connection and an opposing more realistic assessment of contemporary society as alienated and disconnected      A Reader's Companion to the Short Story in English Erin Fallon, R.C.

***THE KREUTZER SONATA AND OTHER STORIES***, 2017-04-23 On comparing with the original Russian some English translations of Count Tolstoi s works published both in this country and in England I concluded that they were far from being accurate The majority of them were

retranslations from the French and I found that the respective transitions through which they had passed tended to obliterate many of the beauties of the Russian language and of the peculiar characteristics of Russian life A satisfactory translation can be made only by one who understands the language and SPIRIT of the Russian people As Tolstoi s writings contain so many idioms it is not an easy task to render them into intelligible English and the one who successfully accomplishes this must be a native of Russia commanding the English and Russian languages with equal fluency The story of Ivan the Fool portrays Tolstoi s communistic ideas involving the abolition of military forces middlemen despotism and money Instead of these he would establish on earth a kingdom in which each and every person would become a worker and producer The author describes the various struggles through which three brothers passed beset as they were by devils large and small until they reached the ideal state of existence which he believes to be the only happy one attainable in this world On reading this little story one is surprised that the Russian censor passed it as it is devoted to a narration of ideas quite at variance with the present policy of the government of that country
