Loves Fugitive:

Love's Fugitives Elizabeth Gibson Cheyne, 1905 **Fugitives of Love** Lisa Girolami, 2012-02-01 Brenna Wright loves discovering new artists and showing their work at her New York Art Gallery Recluse Sinclair Grady creates magnificent stained glass windows from rare sea glass while coveting her privacy on the secluded beaches around Pemaguid Point Maine When Brenna comes across Sinclair's work she knows instantly that this is one of her biggest finds But for Sinclair one horrific secret from her past makes her reluctant to leave her self imposed exile and take a chance with Brenna And when feelings erupt between them their chance at love sets in motion a potentially devastating series of events that could not only sabotage their relationship but could destroy Sinclair's life **Fugitive Modernities** Jessica A. Krug, 2018-11-15 During the early seventeenth century Kisama emerged in West Central Africa present day Angola as communities and an identity for those fleeing expanding states and the violence of the trans Atlantic slave trade The fugitives mounted effective resistance to European colonialism despite or because of the absence of centralized authority or a common language In Fugitive Modernities Jessica A Krug offers a continent and century spanning narrative exploring Kisama's intellectual political and social histories Those who became Kisama forged a transnational reputation for resistance and by refusing to organize their society around warrior identities they created viable social and political lives beyond the bounds of states and the ruthless market economy of slavery Krug follows the idea of Kisama to the Americas where fugitives in the New Kingdom of Grenada present day Colombia and Brazil used it as a means of articulating politics in fugitive slave communities By tracing the movement of African ideas rather than African bodies Krug models new methods for grappling with politics and the past while showing how the history of Kisama and its legacy as a global symbol of resistance that has evaded state capture offers essential lessons for those working to build new and just societies
