verses for and about young people that amused educated and more importantly didn't pander or lecture. Nash left behind an invaluable body of work: charming, clever, and utterly unique. *American Poets and Poetry* by Jeffrey Gray, Mary McAleer Balkun, James McCorkle, 2015-03-10. The ethnically diverse scope, broad chronological coverage, and mix of biographical, critical, historical, political, and cultural entries make this the most useful and exciting poetry reference of its kind for students today. American poetry springs up out of all walks of life; its poems are maternal as well as paternal, stuff'd with the stuff that is coarse and stuff'd with the stuff that is fine, as Walt Whitman wrote, adding, "Of every hue and caste am I of every rank and religion." Written for high school and undergraduate students, this two-volume encyclopedia covers U.S. poetry from the Colonial era to the present, offering full treatments of hundreds of key poets of the American canon. What sets this reference apart is that it also discusses events, movements, schools, and poetic approaches, placing poets in their social, historical, political, cultural, and critical contexts and showing how their works mirror the eras in which they were written. Readers will learn about surrealism, ekphrastic poetry, pastoral, elegy, the Black Mountain poets, and language poetry. There are long and rich entries on modernism and postmodernism, as well as entries related to the formal and technical dimensions of American poetry. Particular attention is paid to women poets and poets from various ethnic groups. Poets such as Amiri Baraka, Nathaniel Mackey, Natasha Trethewey, and Tracy Smith are featured. The encyclopedia also contains entries on a wide selection of Latino and Native American poets and substantial coverage of the avant-garde and experimental movements, and provides sidebars that illuminate key points.

Dear California by David Kipen, 2023-10-03. Dispatches from a land of extremes by writers and movie stars, natives and visitors, activists and pioneers, and more. California has always been literally a place to write home about. Renowned figures and iconoclasts, politicians, actors, and artists, the world famous and the not so much, all have contributed their voices to the patchwork of the state. With this book, cultural historian and California scholar David Kipen reveals this long storied place through its diaries and letters and gives readers a highly anticipated follow-up to his book *Dear Los Angeles*, running from January 1 through December 31, leaping across decades and centuries. *Dear California* reflects on the state's shifting landscapes and the notion of place. Entries talk across the centuries from indigenous stories told before the Spanish arrived on the Pacific coast through to present-day tweets, blogs, and other ephemera. The collected voices show how far we've wandered and how far we still have to go in chasing the elusive California dream. This is a book for readers who love California and for anyone who simply treasures flavorful writing. Weaving together the personal, the insightful, the impressionistic, the lewd, and the hysterically funny, *Dear California* presents collected writings essential to understanding the diversity, antagonisms, and abiding promise of the Golden State. Writings from Edward Abbey, Louis Armstrong, Ambrose Bierce, Octavia Butler, John Cage, Willa Cather, Cesar Chavez, Julia Child, Winston Churchill, Simone de Beauvoir, Albert Einstein, F. Scott Fitzgerald, Jane Fonda, Allen Ginsberg,
