the astonishing saga of George's Heart Transplant this brings us right up to date She is not an author these are probably the only books she will ever write At 70 years of age and locked down amidst the Corona Virus Covid 19 epidemic she has taken the opportunity to finish the story started over 30 years ago The ensuing years brought more serious health issues to deal with From Stroke through to Dementia the problems she encountered could have been so much easier to deal with if she had received help from her extended family instead of denial greed avarice deceit and lies Her love and loyalty was tested to the limit It shows the devastation that can happen between families when support and understanding is needed but not forthcoming It became eventually in 2013 catastrophic What followed was almost too dreadful to believe It has taken the last 7 years to get her head straight and finally heal herself She will never get over what happened but at least she can now go forward It has been a catharsis for her to write excruciatingly painful but necessary as it is a true record of what happened and the process has given her the freedom to live and laugh again Regrets yes of course it should never have happened but it did and she regards it now as the Ultimate Survival

been conspicuous by its absence in most design and architecture magazines      The Church Times ,1904      **No Price Too Great** Lee Solomon,2008-11 In often raw emotional terms No Price Too Great tells the story of a Chinese business woman and an American lawyer who met and fell in love while they still lived in separate worlds The book presents the difficulties the hopes the dreams the fears and the sometimes crushing and overpowering feelings that were experienced when trying to bring three people from two totally different cultures into one family This book deals openly and candidly with how differences in age and race and culture between two lovers both before and after they became husband and wife impacted their lives It also shows the prejudice that exists in surprising places and in surprising ways even within the same race The daily chronicle of events after this family was finally together in America is heartwarming and refreshing It is also true and because it is told in first person just as it was written when the events happened it is hard to put the book down Ultimately this book tells the story of a love that would not be denied The story of an American man a Chinese woman and a Chinese girl whose bond became so strong that nothing could keep them from becoming a family Within this beautiful love story is the compelling and touching story about a teenage Chinese girl who had never known a father It tells how she came to love and accept a round eyed man who lived on another continent as her own father and how he in turn came to love her as his own daughter It also tells how in the end it was their devotion to each other and to the woman they both loved that helped overcome the most difficult obstacle they faced before they could finally fulfill their lifelong dream of having a warm and loving family

Comments by Readers The author expected that the book would appeal more to female readers and he received rave reviews from them even from Chinese women such as It is so sad It is so happy I must to print pages again My tears make ink run I can not see words But the comments from male readers were shocking to the author Here are some comments from male readers This book will make you laugh and it will make you cry You will experience sadness and loneliness happiness and despair If you are not crying as you read the closing chapters in this book then you have no emotion Ok I have printed and read the final chapters more than 5 times today Thank goodness my fiancée was at school lest she see tears streaming down my face each time I read them I want to say it s just your eloquent writing but something else is at work here Your writing is superb
