Chinese passport The story line is full of engaging ups and downs In that turbulent era Wu s rich emotional experiences and love stories were also a mirror for the Chinese society with some details comparable to the plots of suspense novels and movies The book is well illustrated with many pictures and flows smoothly with a simple writing style The stories are factual and moving all too realistic The author has sincerely revealed his true self to the reader and at the same time faithfully described that period of history giving the reader a grasp on the true workings of history His comparison of the Eastern and Western cultures analysis of science and superstition interpretation of religion and arts and his convergence theory of social development are all unique and insightful This book faithfully tells Weimin s professional and personal life on the cusp and takes readers on a journey to explore true history through an ordinary person s stories **Fibre & Fabric** ,1899
