## **Lucy's Child The Discovery Of A Human:**

**Lucy's Child** Donald C. Johanson, James Shreeve, 1989 An account of a discovery that generates new insights into human origins  
Lucy Long Ago Catherine Thimmesh, 2009 Discusses how a collection of old bones revealed a mystery that brought scientists from around the world to study their ancestral connection to the human race in this chronicling of the discovery of the world's most famous hominid  
**The Development of the Mediated Mind** Joan M. Lucariello, Judith A. Hudson, Robyn Fivush, Patricia J. Bauer, 2004-07-19 In this work the contributors examine ways in which cognition is embedded in everyday meaningful activities and the role of social context and cultural symbol systems such as language and text influence children's developing concepts and thought  
**The Leakeys** Mary Bowman-Kruhm, 2005-08-30 Three generations of Leakeys have dug in East Africa for fossil evidence that answers questions about human origins Louis and Mary husband and wife began what would turn into decades of research and fieldwork often disproving common theories and beliefs of the time Son Richard followed in his parents' foot steps along with his wife Meave and made spectacular finds as well Today Louise the oldest daughter of Richard and Meave continues the family tradition with fieldwork in northern Kenya The Leakey family's achievements have had an enormous impact on our knowledge of human origins and evolution This biography describes their life in detail including their discoveries publications controversies and legacy A timeline glossary and bibliography of print and electronic sources supplement the material  
**Theistic Evolution** J. P. Moreland, Stephen C. Meyer, Christopher Shaw, Ann K. Gauger, Wayne Grudem, 2020-06-20 Winner of the ECPA Book of the Year Award for Bible Reference Works Many prominent Christians insist that the church must yield to contemporary evolutionary theory and therefore modify traditional biblical ideas about the creation of life They argue that God used albeit in an undetectable way evolutionary mechanisms to produce all forms of life Featuring two dozen highly credentialed scientists philosophers and theologians from Europe and North America this volume contests this proposal documenting evidential logical and theological problems with theistic evolution making it the most comprehensive critique of theistic evolution yet produced Explains why theistic evolution is not congruent with a biblical worldview Features nineteen essays written by well known experts in their fields Designed to be used as a textbook for courses on religion and evolution Accessible for those without expertise in the subject  
**Archaeology at the Millennium** Gary M. Feinman, T. Douglas Price, 2007-10-17 An internationally distinguished roster of contributors considers the state of the art of the discipline of archaeology at the turn of the 21st century and charts an ambitious agenda for the future The chapters address a wide range of topics including paradigms practice and relevance of the discipline paleoanthropology fully modern humans holocene hunter gatherers the transition to food and craft production social inequality warfare state and empire formation and the uneasy relationship between classical and anthropological archaeology  
**Unsolved Mysteries of Science** John Malone, 2008-05-02 A LIVELY EXPLORATION OF THE BIGGEST QUESTIONS IN SCIENCE How Did the Universe Begin The Big Bang has been the

accepted theory for decades but does it explain everything How Did Life on Earth Get Started What triggered the cell division that started the evolutionary chain Did life come from outer space buried in a chunk of rock What is Gravity Newton's apple just got the arguments started Einstein made things more complicated Just how does gravity fit in with quantum theory What Is the Inside of the Earth Like What exactly is happening beneath our feet and can we learn enough to help predict earthquakes and volcanic eruptions How Do We Learn Language Is language acquisition an inborn biological ability or does every child have to start from scratch Is There a Missing Link The story of human evolution is not complete In addition to hoaxes such as Piltdown Man and extraordinary finds such as Lucy many puzzles remain What in the end do we mean by a missing link

*The Hand* Marta Bertolaso, Nicola Di Stefano, 2017-09-22 Drawing on shared research experiences and collaborative projects this book offers a broad and timely perspective on research on the hand and its current challenges It especially emphasizes the interdisciplinary context in which researchers need to be trained in contemporary science From language to psychology from neurology to the social sciences and from art to philosophy and religion the chapters discuss various aspects involved in hand research and therapy On the basis of concrete and validated case studies they approach hand function and gestures from different perspectives not only neurological and medical but also philosophical evolutionary and anthropological By highlighting the overlaps between different areas of research the book seeks to foster better communication between researchers and ultimately a better understanding of hand function and its recovery It offers essential information and inspirations for students researchers and practitioners in the fields of psychology epistemology bioengineering neuroscience anthropology and bioethics

*Women Who Changed the World* Candice Goucher, 2022-01-24 This indispensable reference work provides readers with the tools to reimagine world history through the lens of women's lived experiences Learning how women changed the world will change the ways the world looks at the past Women Who Changed the World Their Lives

Challenges and Accomplishments through History features 200 biographies of notable women and offers readers an opportunity to explore the global past from a gendered perspective The women featured in this four volume set cover the full sweep of history from our ancestral forbearer Lucy to today's tennis phenoms Venus and Serena Williams Every walk of life is represented in these pages from powerful monarchs and politicians to talented artists and writers from inquisitive scientists to outspoken activists Each biography follows a standardized format recounting the woman's life and accomplishments discussing the challenges she faced within her particular time and place in history and exploring the lasting legacy she left A chronological listing of biographies makes it easy for readers to zero in on particular time periods while a further reading list at the end of each essay serves as a gateway to further exploration and study High interest sidebars accompany many of the biographies offering more nuanced glimpses into the lives of these fascinating women

**Footprints from Fossils to Gallows** Russell H. Tuttle, 2023-06-30 Footprints from Fossils to Gallows Adventures in Paleoanthropology Primatology and Forensic Anthropology University of Chicago professor Russell Tuttle was privileged to study one of the most dramatic and provocative fossil discoveries of the twentieth century 3.66 million year old MA bipedal footprint trails at Laetoli Northern Tanzania This adventure concurrently led to invitations to join a team of barristers and solicitors in defense of two men accused of involvement in a murder in Winnipeg Canada The Queen's Counsel for the prosecution had engaged a certified forensic anthropologist Louise M Robbins 1928-1987 who had worked on a different section of the Laetoli footprints trails before him Her claim to have developed a new science of human footprint analysis for forensic use and wild speculations about the makers of some Laetoli prints prompted him to question her scientific ability and method of footprint analysis Tuttle 1986 and the judgment of fellow forensic anthropologists who supported her testimonials We hope this book might lead to a better understanding of how science can serve our courts by using novel and well established results of scientific research less adversarially with a view to achieve justice for all parties affected by crimes Particularly claims of new forensic methods should be tested thoroughly by peer review outside the courtroom before employment to decide matters of life and death Dr Robbins's decade of quackery is a prime example of how justice might be better served by early thorough scrutiny of a claimant's novel methods and general scientific expertise In addition to relevant literature my main source is correspondence among Drs Robbins Mary Leakey and Michael Day court records of barristers and myself from copies of correspondence in my files dating back to 1980 and Anthropology Archives at the Smithsonian Institution and detailed reports prepared by Dr Robbins and R Tuttle concerning a criminal case in Winnipeg Canada Although I did not set out to write the book as a memoir it quickly became thus as I recalled the experiences that shaped me as a paleoanthropologist Previously my research was on functional morphology history of anthropology and evolutionary biology in the USA and Europe

**The Origin of Humanness in the Biology of Love** Humberto Maturana Romesín, Gerda Verden-Zöller, 2012-02-21 The central concern of this book is us human beings The authors basic question is How is it that we

can live in mutual care have ethical concerns and at the same time deny all that through the rational justification of aggression The authors answer this basic question indirectly by providing a look into the fundamentals of our biological constitution concentrating on what they term emotioning that is the flow of emotions in daily life that guides the flow of the systemic conservation of a manner of living Maturana and Verden Zeller claim that the fundamental emotion that gave rise to humans as sapient language beings was love and that this remains our fundament even when other emotions become socially prevalent
