Richardson,2012-10-30 As a boy growing up in Iowa Missouri Nebraska and Kansas I had no objective conception of evil We were practicing Roman Catholics in our family so our consideration of evil was focused on self urges which could lead to sinurges which themselves constituted sin Evil was what lay in the barely hidden recesses of our personalities There was no objective correlative of evilthe church taught we were evil embodied Thus we never regarded others as evil or even bad What would have happened had we ever encountered anyone who was truly evil Surely out there were people who couldnt be justified or whose behavior couldnt be rationalized away What would happen when we met Creating Reading Rainbow Barbara Irwin,Tony Buttino,Pam Johnson,2024-06-18 Reading Rainbow is one of the most successful PBS children s series in television history earning numerous national and international awards including 26 Emmys and a Peabody Award But perhaps more important than anything else Reading Rainbow helped generations of children cultivate a love for books Reading Rainbow is very much a story of humble beginnings and enormous perseverance Over five summers Tony Buttino Sr and his colleagues at WNED

TV the public television station in Buffalo New York worked in collaboration with educators and librarians to experiment with summer reading programs But after trialing these programs the WNED team realized there was a big need for a new children s literacy series and believed they could create a new show with local and national collaborators and friends After fits and starts and enough twists and turns to fill a children s book Reading Rainbow premiered in the summer of 1983 and captured the attention of 6.5 million young viewers Creating Reading Rainbow explores the many intriguing and homespun stories that when woven together reveal how this groundbreaking and iconic television series came to be What led to the series being called Reading Rainbow How did the road to Reading Rainbow wind its way through Mister Rogers Neighborhood How did a public television station in Buffalo spearhead a movement in education and spark the passion for reading in millions of children And what does lasagna have to do with it *Coming Out, Coming In* Linda Goldman, 2007-11-16 *Coming Out Coming In* Nurturing the Well Being and Inclusion of Gay Youth in Mainstream Society describes the process of coming in to a welcoming and nurturing family from both the teen s and the parents perspective Linda Goldman draws on her personal and professional experience as a school guidance counselor child and adolescent therapist parent and a member of the national group PFLAG to build a common language and a new paradigm for understanding sexual orientation and gender identity as a part of mainstream culture Through the information exercises anecdotes and extensive bibliography of additional resources provided in the book parents school administrators educators community groups and counselors will find the tools needed to facilitate nurturing and safe environments for our LGBT youth
