Public Documents of the State of Wisconsin Wisconsin,1912 *The Incurrigibles* Ry Marcattilio-McCracken,2023-10
Between September 1935 and June 1936 sixty two girls from a reformatory in north central Kansas were sterilized in the name of eugenics None of the girls were habitual criminals had multiple children were living on social welfare or were found to have IQs below seventy in other words almost none of them fit the categories usually described by eugenicists as justification for sterilization or covered by Kansas s eugenic sterilization law Yet no one at the time including the reform school superintendent who ordered the procedures performed had trouble defending the sterilizations as eugenically minded The general public however found the justifications significantly more controversial after the story hit the newspapers In *The Incurrigibles* Ry Marcattilio McCracken interrogates the overlooked history of eugenics in Kansas He argues that eugenics developed alongside Progressive social welfare reforms in public health criminal deterrence child welfare and juvenile delinquency Between 1890 and 1955 ideas about rural degenerationism and hereditarianism infused the mission of progressive reformers who linked delinquency incorrigibility and immorality to inheritable traits Marcattilio McCracken shows how the era s institutional overcrowding landmark Supreme Court cases and the economic downturn of the Great Depression contributed to the sterilization of the students from the Girls Industrial School in Beloit Kansas **Check List of**
