Mitchell**

Second Athenian League Empire Of Free Alliance:

The Second Athenian League Jack Cargill,1981 **The Second Athenian League. Empire Or Free Alliance? [Mit Abb.]** Jack Cargill,1981 **Ancient Greece and Rome** Keith Hopwood,1995 Sir Thomas Fairfax not Oliver Cromwell was creator and commander of Parliament s New Model Army from 1645 to1650 Although Fairfax emerged as England s most successful commander of the 1640s this book challenges the orthodoxy that he was purely a military figure showing how he was not apolitical or disinterested in politics The book combines narrative and thematic approaches to explore the wider issues of popular allegiance puritan religion concepts of honour image reputation memory gender literature and Fairfax s relationship with Cromwell Black Tom delivers a groundbreaking examination of the transformative experience of the English revolution from the viewpoint of one of its leading yet most neglected participants It is the first modern academic study of Fairfax making it essential reading for university students as well as historians of the seventeenth century Its accessible style will appeal to a wider audience of those interested in the civil wars and interregnum more generally **Encyclopedia of Ancient Greece** Nigel Wilson,2013-10-31 Examining every aspect of the culture from antiquity to the founding of Constantinople in the early Byzantine era this thoroughly cross referenced and fully indexed work is written by an international group of scholars This Encyclopedia is derived from the more broadly focused Encyclopedia of Greece and the Hellenic Tradition the highly praised two volume work Newly edited by Nigel Wilson this single volume reference provides a comprehensive and authoritative guide to the political cultural and social life of the people and to the places ideas periods and events that defined ancient Greece *The Plague of War* Jennifer T. Roberts,2017-01-10 In 431 BC the long simmering rivalry between the city states of Athens and Sparta erupted into open warfare and for more than a generation the two were locked in a life and death struggle The war embroiled the entire Greek world provoking years of butchery previously unparalleled in ancient Greece Whole cities were exterminated their men killed their women and children enslaved While the war is commonly believed to have ended with the capture of the Athenian navy in 405 and the subsequent starvation of Athens fighting in Greece would continue for several decades Sparta s authority was challenged in the so called Corinthian War 395 387 when Persian gold helped unite Athens with Sparta s former allies The war did not truly end until in 371 Thebes crack infantry resoundingly defeated Sparta at Leuctra forever shattering the myth of Spartan military supremacy Jennifer Roberts rich narrative of this famous conflict is the first general history to tell the whole story from the war s origins down to Sparta s defeat at Leuctra In her masterful account this long and bloody war affected every area of life in Athens exacerbated divisions between rich and poor in Sparta and sparked civil strife throughout the Greek world Yet despite the biting sorrows the fighting occasioned it remains a gripping saga of plots and counter plots murders and lies thrilling sea chases and desperate overland marches missed opportunities and last minute reprieves and as the war s first historian Thucydides had hoped lessons for a less bellicose future In addition Roberts considers the impact of the war on Greece s cultural life

including the great masterworks of tragedy and comedy performed at this time and most infamously the trial and execution of Socrates A fast paced narrative of one of antiquity's most famous clashes The Plague of War is a must read for history enthusiasts of all ages *Democracy and Participation in Athens* R. K. Sinclair, 1988 The public aspects of the lives of Athenian citizens c 450 to 322 BC are assessed to establish the nature and extent of citizen participation in the governing democracy of that period **Aeschines: Against Timarchos**, 2001-06-21 This is the first commentary in any language on Aeschines Against Timarchos the prosecution speech in the politically crucial trial of 346 5BC The case in essence was that Timarchos was legally ineligible to engage in active politics because he had engaged in improper homosexual relationships in the past and had wasted his inheritance on debauchery The speech is our most important source for Athenian legal sanctions and moral attitudes concerning same sex relations and has been the focus of intense recent debates on the nature of Greek sexualities and on the relationship between sex politics and cultural life It illuminates Athenian politics at the time when Athens faced the challenge to her independence from Philip of Macedon It is a rhetorical masterpiece of misrepresentation which persuaded the jury to convict Timarchos despite the fact that Aeschines had virtually no evidence of his misdeeds This book provides a new translation a full introduction and a commentary all accessible to those without knowledge of Greek The introduction explores the main issues of the case including Aeschines career Athenian laws and attitudes relating to homosexual relations and the reasons for Aeschines success it is suggested that the verdict reflects the same moral and cultural unease in Athens which was shortly to produce the attempts at political social and cultural renewal associated with the age of Lycurgus The fully documented commentary pays attention to the rhetorical strategy of the speech explores important aspects of the language used especially in relation to the moral denunciation of Timarchos sexual and other malpractices and explains all references to historical events and people The Hellenica Oxyrhynchia and Historiography Egidia Occhipinti, 2016-09-07 This book involves a new historiographical study of the Hellenica Oxyrhynchia that defines its relationship with fifth and fourth century historical works as well as its role as a source of Diodorus Bibliotheke The traditional and common approach taken by those who studied the HO is primarily historical scholars have focused on particular often isolated topics such as the question of the authorship the historical perspective of the HO against other Hellenica from the 4th century BC This book is unconventional in that it offers a study of the HO and fifth and fourth century historical works supported by papyrological enquiries and literary strategies such as intertextuality and narratology which will undoubtedly contribute to the progress of research in ancient historiography **Gregory of Nazianzus** Jostein Børtnes, Tomas Hägg, 2006 Gregory of Nazianzus ca 330 390 is one of the three Greek church fathers from Cappadocia This book explores both his theology and his general importance as an independent thinker profile writer orator and poet Gregory has often been in the shadow of the other Cappadocians Basil of Caesarea and Gregory of Nyssa Empires of the Sea, 2019-10-07 Empires of the Sea brings together studies of maritime empires from the Bronze Age to the Eighteenth Century

The volume aims to establish maritime empires as a category for the comparative study of premodern empires and from a partly non western perspective The book includes contributions on Mycenaean sea power Classical Athens the ancient Thebans Ptolemaic Egypt The Genoese Empire power networks of the Vikings the medieval Danish Empire the Baltic empire of Ancien R gime Sweden the early modern Indian Ocean the Melaka Empire the non European aspects of the Portuguese Empire and Dutch East India Company and the Pirates of Caribbean

A Companion to the Classical Greek World
Konrad H. Kinzl,2010-01-11 This Companion provides scholarly yet accessible new interpretations of Greek history of the Classical period from the aftermath of the Persian Wars in 478 B C to the death of Alexander the Great in 323 B C Topics covered range from the political and institutional structures of Greek society to literature art economics society warfare geography and the environment Discusses the problems of interpreting the various sources for the period Guides the reader towards a broadly based understanding of the history of the Classical Age

Rulers of the Sea John Nash,2023-12-04 This is a study of sea power and maritime strategy in the Classical Greek world More than just a study of navies and battles it examines how the sea was used to influence events ashore and how the use of naval power combined with land power had a defining impact on the period After an examination of the oft overlooked practical issues of navigation and administration the book explores the idea of a maritime consciousness in Greece and how this shaped the way the Greeks engaged in war Naval operations from the Persian Wars down to the rise of Thebes are examined at the operational and strategic level including a catalogue of the hundreds of different maritime operations from the 5th and 4th centuries BCE Further while the great sea power Athens is most prominent it looks at other city states to examine how they utilised sea power This new approach uses modern theory to highlight some enduring lessons of sea power It demonstrates that Classical scholars should embrace sea power as an important concept in the Greek world Modern scholars of naval and strategic studies should cast their gaze further back in time when looking for lessons in sea power This book helps to bridge the scholarship between these two disciplines

Greeks Bearing Gifts Lynette Gail Mitchell,Lynette G. Mitchell,2002-05-02 Using models from social anthropology as its basis this book looks at the role of personal relationships in classical Greece and their bearing on interstate politics It begins with a discussion of what friendship meant in the Greek world of the classical period and then shows how the models for friendship in the private sphere were mirrored in the public sphere at both domestic and interstate level As well as relations between Greeks in particular those in Athens and Sparta Dr Mitchell looks at Greek relations with those on the margins of the Greek world particularly the state of Macedon and with neighbouring non Greeks such as the Thracians and the Persians She finds that these other cultures did not always have the same understanding of what friendship was and that this led to misunderstandings and difficulties in the relations between non Greeks and Greeks

Decrees of Fourth-Century Athens (403/2-322/1 BC): Volume 1, The Literary Evidence ,2020-03-05 Decree making is a defining aspect of ancient Greek political activity it was the means by which city state communities went about

deciding to get things done This two volume work provides a new view of the decree as an institution within the framework of fourth century Athenian democratic political activity Volume 1 consists of a comprehensive account of the literary evidence for decrees of the fourth century Athenian assembly Volume 2 analyses how decrees and decree making by offering both an authoritative source for the narrative of the history of the Athenian demos and a legitimate route for political self promotion came to play an important role in shaping Athenian democratic politics Peter Liddel assesses ideas about and the reality of the dissemination of knowledge of decrees among both Athenians and non Athenians and explains how they became significant to the wider image and legacy of the Athenians *A Companion to Greek Democracy and the Roman Republic* Dean Hammer,2014-11-17 A Companion to Greek Democracy and the Roman Republic offers a comparative approach to examining ancient Greek and Roman participatory communities Explores various aspects of participatory communities through pairs of chapters one Greek one Roman to highlight comparisons between cultures Examines the types of relationships that sustained participatory communities the challenges they faced and how they responded Sheds new light on participatory contexts using diverse methodological approaches Brings an international array of scholars into dialogue with each other **Accustomed to Obedience?** Joshua P. Nudell,2023-03-06 A dedicated study of Classical Ionia Conflict in Ancient Greece and Rome Sara Elise Phang,Iain Spence Ph.D.,Douglas Kelly Ph.D.,Peter Londey Ph.D.,2016-06-27 The complex role warfare played in ancient Greek and Roman civilizations is examined through coverage of key wars and battles important leaders armies organizations and weapons and other noteworthy aspects of conflict Conflict in Ancient Greece and Rome The Definitive Political Social and Military Encyclopedia is an outstandingly comprehensive reference work on its subject Covering wars battles places individuals and themes this thoroughly cross referenced three volume set provides essential support to any student or general reader investigating ancient Greek history and conflicts as well as the social and political institutions of the Roman Republic and Empire The set covers ancient Greek history from archaic times to the Roman conquest and ancient Roman history from early Rome to the fall of the Western Roman Empire in 476 CE It features a general foreword prefaces to both sections on Greek history and Roman history and maps and chronologies of events that precede each entry section Each section contains alphabetically ordered articles including ones addressing topics not traditionally considered part of military history such as noncombatants and war and gender followed by cross references to related articles and suggested further reading Also included are glossaries of Greek and Latin terms topically organized bibliographies and selected primary documents in translation *Sparta's Third Attic War* Paul A. Rahe,2024-11-19 When the great war pitting the Athenians against the Peloponnesians first erupted Pericles told his compatriots that if they kept up their navy focused on the conflict at hand and refrained from wasting their resources on ulterior objects they would win through and Thucydides believed him After Pericles death however to the historians dismay the Athenians pursued risky adventures tangential to their struggle with the Spartans and their allies and in Sicily thanks in large part to domestic strife

they squandered not one but two great armadas Then in the aftermath of that catastrophe they found themselves bereft of triremes and short of manpower as a coalition formed against them including their Lacedaemonians rivals their longtime allies in the Aegean and the Great King of Achaemenid Persia In Sparta s Third Attic War Paul Rahe examines the armed conflict that followed attending to the impact on its outcome of the internal struggles that took place at Athens at Sparta and at the court of the Great King describing the maneuvers of the wily flexible seductive Athenian turncoat Alcibiades who dominated in turn the counsels of the Spartans the Persians and his fellow Athenians and charting the eventual emergence at Lacedaemon of a commanding figure of helot ancestry named Lysander who formed a close relationship with the younger son of the Great King and in battle outwitted the Athenians at every turn This is a story of grit determination and brilliance on both sides It examines the ambivalence of the Spartans it relates the folly that brought the Athenians down and it traces their ultimate defeat to defects in the policy and vision of Pericles Oath and State in Ancient Greece Alan H.

Sommerstein,Andrew James Bayliss,2012-12-06 The oath was an institution of fundamental importance across a wide range of social interactions throughout the ancient Greek world making a crucial contribution to social stability and harmony yet there has been no comprehensive dedicated scholarly study of the subject for over a century This volume of a two volume study explores how oaths functioned in the working of the Greek city state polis and in relations between different states as well as between Greeks and non Greeks **Aristotle's Political Philosophy in its Historical Context** Andrew Lintott,2017-12-14 This book offers new translations of Aristotle s Politics 5 and 6 accompanied by an introduction and commentary targeted at historians and those who like to read political science in the context in which it was produced Philosophical analysis remains essential and there is no intention to detract from the books as political theory but the focus of this volume is the text as a crucial element in the discourse of fourth century Greece and the conflict throughout the Greek world between democracy oligarchy and the rise of the Macedonian monarchy

Second Athenian League Empire Of Free Alliance Introduction

In the digital age, access to information has become easier than ever before. The ability to download Second Athenian League Empire Of Free Alliance has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Second Athenian League Empire Of Free Alliance has opened up a world of possibilities. Downloading Second Athenian League Empire Of Free Alliance provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Second Athenian League Empire Of Free Alliance has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Second Athenian League Empire Of Free Alliance. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Second Athenian League Empire Of Free Alliance. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Second Athenian League Empire Of Free Alliance, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Second Athenian League Empire Of Free Alliance has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However,

it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Second Athenian League Empire Of Free Alliance Books

1. Where can I buy Second Athenian League Empire Of Free Alliance books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
