Moncayo, 2018-05-08 Within the context of a careful review of the psychology of religion and prior non Lacanian literature on
the subject Raul Moncayo builds a bridge between Lacanian psychoanalysis and Zen Buddhism that steers clear of reducing
one to the other or creating a simplistic synthesis between the two Instead by making a purposeful One mistake of unknown
knowing this book remains consistent with the analytic unconscious and continues in the splendid tradition of Bodhidharma
who did not know Who he was and told Emperor Wu that there was no merit in building temples for Buddhism Both
traditions converge on the teaching that true subject is no ego or on the realisation that a new subject requires the symbolic
death or deconstruction of imaginary ego identifications Although Lacanian psychoanalysis is known for its focus on language
and Zen is considered a form of transmission outside the scriptures Zen is not without words while Lacanian psychoanalysis

Understanding Word and Sentence G.B. Simpson, 1991-01-14 Research concerning structure and processing in the mental lexicon has achieved central prominence within cognitive psychology and psycholinguistics Historically however much of the research on the lexicon focussed not on its role in language comprehension but as a medium for studying semantic memory This picture has changed in recent years with much more research examining the role of lexical processes and output in language comprehension Gathered together in this volume is the work of some of those researchers who are responsible for this shift of emphasis Chapters deal with the role of sentence contexts in word recognition processes involved in the activation and enhancement of lexical information and the interaction of lexical and syntactic information in sentence processing A wide range of theoretical and empirical issues relating to language understanding are discussed
