## **Secret Service:**

**Protecting the President** Dan Bongino, 2021-01-12 Being a Secret Service agent is one of the most treacherous jobs in the world and never more so than in today's highly polarized America. Facing threats from fence jumpers and manifesto writers and from fanatical terrorists and sophisticated spies, protecting the president is harder than ever. In an age of hyper-partisan politics, emotions are high and crazies are a dime a dozen. On top of that, with international tensions reaching a boiling point, it's harder than ever to determine friend from foe. Yet the President of the United States is in very real danger if the Secret Service doesn't change course soon and evolve with the rapidly changing threat environment. Highly motivated bad guys are already working on technologically advanced methodologies and are constantly striving to formulate the logistics of an attack on the White House. Eventually, terrorist planners will find a way to acquire the technology, weapons, explosives, and know how to make an attempt on the life of the President. The only question is: What are we going to do about it? Protecting the President provides not only a rare insider glimpse of what the Secret Service does but explores the challenges facing the agents today. Chock full of relevant stories of protecting past presidents, veteran agent Dan Bongino explains how the agency can best protect the president today. This book covers how the Secret Service should plan for a tactical assault by a terrorist attack team, prepare to respond to a severe medical emergency, train to handle a chemical or biological weapon attack, prepare for an attack using explosives, plan for 9/11 style attacks from the air, and fire threats and much more.

**I Am a Secret Service Agent** Dan Emmett, Charles Maynard, 2024-05-01 Adapted from Within Arm's Length for a younger audience, a rare inside look at the Secret Service from an agent who protected three US presidents. Ever wonder what it would be like to have a job where your life was on the line? Where at any time you might be asked to make the ultimate sacrifice in the line of duty? Dan Emmett was eight years old when President John F. Kennedy was assassinated. From that moment forward, he knew he wanted to become a Secret Service agent, one of an elite group of highly trained men and women dedicated to preserving the life of the president of the United States at any cost. Armed with single-minded determination and a never-quit attitude, he did just that. Selected over thousands of other highly qualified applicants, he was eventually chosen as one of the best of the best and provided protection worldwide for presidents George H.W. Bush, Bill Clinton, and George W. Bush. **I Am a Secret Service Agent** depicts the crucial duties and challenges of this extraordinary job, from conducting presidential advances to driving the president in a bulletproof limousine to flying with him on Air Force One. With fascinating anecdotes, Emmett weaves keen insight into his account of the unique culture and history of the Secret Service. **I Am a Secret Service Agent** is a must-read for young adults interested in a career in federal law enforcement. **Spying for Wellington** Huw J.
