Political Control in the 1980s*

OLA TUNANDER

Secret War Against Sweden U S And British Submarine Deception In The 1980s

Andrew Field

Secret War Against Sweden U S And British Submarine Deception In The 1980s:

The Secret War Against Sweden Ola Tunander, 2004-07-22 Following the stranding of a Soviet Whiskey class submarine in 1981 on the Swedish archipelago a series of massive submarine intrusions took place within Swedish waters However the evidence for these appears to have been manipulated or simply invented Classified documents and interviews point to covert Western rather than Soviet activity

The Secret War Against Sweden Ola Tunander, 2004 Ola Tunander s revelations make it clear that the United States and Britain ran a secret war in Swedish waters

Intelligence Elsewhere Philip H. J. Davies, Kristian C. Gustafson, 2013-03-15 Spying the world s second oldest profession is hardly limited to the traditional great power countries Intelligence Elsewhere nevertheless is the first scholarly volume to deal exclusively with the comparative study of national intelligence outside of the anglosphere and European mainstream Past studies of intelligence and counterintelligence have tended to focus on countries such as the United States Great Britain and Russia as well as to a lesser extent Canada Australia France and Germany This volume examines the deep historical and cultural origins of intelligence in several countries of critical importance today India China the Arab world and indeed Russia the latter examined from a fresh perspective The authors then delve into modern intelligence practice in countries with organizations significantly different from the mainstream Iran Pakistan Japan Finland Sweden Indonesia Argentina and Ghana With contributions by leading intelligence experts for each country the chapters give the reader important insights into intelligence culture current practice and security sector reform As the world morphs into an increasingly multi polar system it is more important than ever to understand the national intelligence systems of rising powers and regional powers that differ significantly from those of the US its NATO allies and its traditional opponents This fascinating book shines new light into intelligence practices in regions that until now have eluded our understanding

The EU-Russian Energy Dialogue Pami Aalto, 2016-03-16 EU Russian energy dialogue represents a policy issue that forces us to take a serious look at several crucial questions related to the present and future of Europe such as how can the EU area ensure its future energy security when it is running out of its own energy resources and at the same time incorporating new members who are also dependent on energy imports This book not only outlines the overall characteristics of the energy dialogue but also illustrates the involved policy implementation challenges by paying special attention to the regional context of northern Europe The study contributes to diverse fields such as international relations and political science European studies studies on energy politics international political economy post Soviet politics and literature on regionalization and regionalisms with a special reference to northern Europe

The Dual State Eric Wilson, 2016-03-23 This volume presents a practical demonstration of the relevance of Carl Schmitt s thought to parapolitical studies arguing that his constitutional theory is the one best suited to investing the deep state with intellectual and doctrinal coherence Critiquing Schmitt s work from a variety of intellectual perspectives the chapters discuss current parapolitical reality within the domain of criminology the parapolitical nature of

both the dual state and the national security state corporate complex Using the USA as a prime example of the world s current dual or deep political state the criminogenic dimensions of the parapolitical systems of post 9 11 America are discussed Using case studies the dual state is examined as the causal factor of inexplicable parapolitical events within both the developed and developing world including Sweden Canada Italy Turkey and Africa

The Royal Navy and Anti-submarine Warfare, 1917-49 Malcolm Llewellyn-Jones, 2006 An essential new account of how anti submarine warfare is conducted with a focus on both historic and present day operations This new book shows how until 1944 U boats operated as submersible torpedo craft which relied heavily on the surface for movement and charging their batteries This pattern was repeated in WWII until Allied anti submarine countermeasures had forced the Germans to modify their existing U boats with the schnorkel Countermeasures along also pushed the development of high speed U boats capable of continuously submerged operations This study shows how these improved submarines became benchmark of the post war Russian submarine challenge Royal Navy doctrine was developed by professional anti submarine officers and based on the well tried combination of defensive and offensive anti submarine measures that had stood the press of time since 1917 notwithstanding considerable technological change This consistent and holistic view of anti submarine warfare has not been understood by most of the subsequent historians of these anti submarine campaigns and this book provides an essential and new insight into how Cold War and indeed modern anti submarine warfare is conducted

Anti-Submarine Warfare in World War I John Abbatiello, 2006-05-02 Investigating the employment of British aircraft against German submarines during the final years of the First World War this new book places anti submarine campaigns from the air in the wider history of the First World War The Royal Naval Air Service invested heavily in aircraft of all types aeroplanes seaplanes airships and kite balloons in order to counter the German U boats Under the Royal Air Force the air campaign against U boats continued uninterrupted Aircraft bombed German U boat bases in Flanders conducted area and hunting patrols around the coasts of Britain and escorted merchant convoys to safety Despite the fact that aircraft acting alone destroyed only one U boat during the war the overall contribution of naval aviation to foiling U boat attacks was significant Only five merchant vessels succumbed to submarine attack when convoyed by a combined air and surface escort during World War I This book examines aircraft and weapons technology aircrew training and the aircraft production issues that shaped this campaign Then a close examination of anti submarine operations bombing patrols and escort yields a significantly different judgment from existing interpretations of these operations This study is the first to take an objective look at the writing and publication of the naval and air official histories as they told the story of naval aviation during the Great War The author also examines the German view of aircraft effectiveness through German actions prisoner interrogations official histories and memoirs to provide a comparative judgment The conclusion closes with a brief narrative of post war air anti submarine developments and a summary of findings Overall the author concludes that despite the challenges of organization training and production the employment of

aircraft against U boats was largely successful during the Great War This book will be of interest to historians of naval and air power history as well as students of World War I and military history in general

Sweden: From Neutrality to International Solidarity Ryszard M. Czarny, 2018-04-27 This book presents the legal and political factors determining international relations including the processes of integration in all their complexity The overall structure of the book together with the composition of its separate chapters allows for some general assumptions identifying the main tendencies and placing them in a contemporary social context as well as establishing their relations with the practices of today The content is a compendium of basic information and data related to the international processes which occur within specific formal legal and political frames The book is divided into five parts featuring not only deep historical context but most of all presenting current information and analyses of the last few years Presented against the background and within the context of the Kingdom of Sweden's political system and its international environment the book brings into the foreground issues of particular importance for Sweden's continuing European integration process and describes its response to the developments in the international situation

The Paradox of Openness, 2014-11-13 The open society has become a watchword of liberal democracy and the market system in the modern globalized world Openness stands for individual opportunity and collective reason as well as bottom up empowerment and top down transparency It has become a cherished value despite its vagueness and the connotation of vulnerability that surrounds it Scandinavia has long considered itself a model of openness citing traditions of freedom of information and inclusive policy making This collection of essays traces the conceptual origins development and diverse challenges of openness in the Nordic countries and Austria It examines some of the many paradoxes that openness encounters and the tensions it arouses when it addresses such divergent ends as democratic deliberation and market transactions freedom of speech and sensitive information compliant decision making and political and administrative transparency and consensual procedures and the toleration of dissent Contributors are Ainur Elmgren Tero Erkkil Norbert Gtz Ann Cathrine Jungar Johannes Kananen Lotta Lounasmeri Carl Marklund Peter Parycek Johanna Rainio Niemi Judith Schossb ck Ylva Waldemarson and Tuomas Yl Anttila

The Cambridge Companion to Dracula Roger Luckhurst, 2017-11-16 Bram Stoker's Dracula is the most famous vampire in literature and film This new collection of sixteen essays brings together a range of internationally renowned scholars to provide a series of pathways through this celebrated Gothic novel and its innumerable adaptations and translations The volume illuminates the novel's various pre histories critical contexts and subsequent cultural transformations Chapters explore literary history Gothic revival scholarship folklore anthropology psychology sexology philosophy occultism cultural history critical race theory theatre and film history and the place of the vampire in Europe and beyond These studies provide an accessible guide of cutting edge scholarship to one of the most celebrated modern Gothic horror stories This Companion will serve as a key resource for scholars teachers and students interested in the enduring force of Dracula and the seemingly inexhaustible range of the contexts it requires and

readings it might generate *Royal Navy Strategy in the Far East 1919-1939* Andrew Field, 2004-05-20 Between the ending of the Great War and the start of the Second World War in 1939 the Royal Navy remained the largest in the world But with the League of Nations seeming to offer a solution to all future conflicts a country weary of war and without an obvious enemy there seemed no need for a large battlefleet The strategic focus shifted eastwards to Japan with its growing battlefleet as the new threat to the British Empire and to the Royal Navy's supremacy From 1924 a strategic plan War Memorandum Eastern was written and refined The plan called for the Royal Navy still the largest in the world even after the Washington Naval Treaties to move eastwards to a defended base at Singapore cut off Japan and force her battlefleet into a decisive fleet battle As a strategy War Memorandum Eastern had many flaws Its real importance lay in the fact that it provided a justification for the Royal Navy to maintain its leading position in the world and to be in the forefront of the development of new tactical thinking Through planning for a war with Japan the Royal Navy was able to test its readiness for a future war Many of the lessons learnt during this period were ultimately put to good use against a different foe in 1939 **The Future a Memory: The Cold War and Intelligence Services - Aspects** Heiner Timmermann, 2013 This book presents an overview about the activities of intelligence services and their role during the Cold War period Contributions from a wide range of disciplines by historians political scientists journalists legal experts former officers of secret services and former military men from various countries around the world discuss the services in the US Germany Korea the Caribbean Sea the Baltic Russia and Europe including the famous US counter intelligence Venona project Series Politics and Modern History Politik und Moderne Geschichte Vol 18 Naval Blockades and Seapower Bruce A. Elleman, S.C.M. Paine, 2007-04-11 This new collection of scholarly readable and up to date essays covers the most significant naval blockades of the nineteenth and twentieth centuries Here the reader can find Napoleon's Continental Blockade of England the Anglo American War of 1812 the Crimean War the American Civil War the first Sino Japanese War 1894 95 the Spanish American War the First World War the second Sino Japanese War 1937 45 the Second World War in Europe and Asia the Nationalist attempt to blockade the PRC the Korean War the Cuban Missile Crisis the Vietnam War the British blockade of Rhodesia the Falklands War the Persian Gulf interdiction program the PRC missile blockade of Taiwan in 1996 and finally Australia's recent reverse blockade to keep illegal aliens out of the country The authors of each chapter address the causes of the blockade in question its long and short term repercussions and the course of the blockade itself More generally they address the state of the literature taking advantage of new research and new methodologies to provide something of value to both the specialist and non specialist reader Taken as a whole this volume presents fresh insights into issues such as what a blockade is why countries might choose them which navies can and cannot make use of them what responses lead to satisfactory or unsatisfactory conclusions and how far reaching their consequences tend to be This book will be of great interest to all students and scholars of strategic studies military history and maritime studies in particular *The Development of British Naval Thinking* Geoffrey

Till,2006-03-15 In this book Britain's leading naval historians and analysts have come together to produce an investigation of the development of British naval thinking over the past three centuries from the sailing ship era to the present day

Operation Chaos Matthew Sweet,2024-09-04 An untold Cold War story how the CIA tried to infiltrate a radical group of U.S. military deserters a tale that leads from a bizarre political cult to the heart of the Washington establishment Stockholm 1968 A thousand American deserters and draft resisters are arriving to escape the war in Vietnam They're young they're radical and they want to start a revolution Some of them even want to take the fight to America The Swedes treat them like pop stars but the CIA is determined to stop all that It's a job for the deep cover men of Operation Chaos and their allies agents who know how to infiltrate organizations and destroy them from inside Within months the GIs have turned their fire on one another Then the interrogations begin to discover who among them has been brainwashed Manchurian Candidate style to assassinate their leaders When Matthew Sweet began investigating this story he thought the madness was over He was wrong Instead he became the confidant of an eccentric and traumatized group of survivors each with his own theory about the traitors in their midst All Sweet has to do is find out the truth And stay sane Which may be difficult when one of his interviewees accuses him of being a CIA agent and another suspects that he's part of a secret plot by the British royal family to start World War III By that time he's deep in the labyrinth of truths and half truths wondering where reality ends and delusion begins

The Militarization of the European Union Kees van der Pijl,2021-01-19 From the establishment of NATO in 1949 Western Europe has been under Anglo American tutelage in military and security matters Several countries most notably France and since reunification Germany have experienced this as a hindrance to the pursuit of their particular interests Since 2008 the European Commission has actively joined the quest for strategic autonomy within NATO The elections of Donald Trump and Emmanuel Macron in 2016-17 further widened the Atlantic rift while the COVID 19 crisis with its colossal economic costs has in turn exacerbated the already worsening geopolitical tensions with states like Russia and China With chapters on the politics and economics of European defence on France Germany and Russia the EU's energy provision the militarization of migration control and the restructuring of the transatlantic bond this volume offers an up to date critical assessment of the militarization of European integration written by established scholars in the fields of international relations and security studies

British Naval Strategy East of Suez, 1900-2000 Greg Kennedy,2004-11-18 Britain's strategic position east of Suez in the twentieth century was a dominant area of interest and had an enormous impact in the overall construction of Great Britain's naval strategic posture

The Pacific Campaign in World War II William Bruce Johnson,2006-05-02 This is a fascinating new account of how diplomacy and politics gave way to military strategy and warfare in the Pacific Presenting previously unpublished documents this book freshly examines the key events in the fight for the Pacific

Naval Coalition Warfare Bruce A. Elleman,S.C.M. Paine,2007-08-23 This is the first scholarly book examining naval coalition warfare over the past two centuries from a multi national perspective Containing case studies by

some of the foremost naval historians from the US Great Britain and Australia it also examines the impact of international law on coalitions Together these collected essays comprise a comprehensive examination of the most important naval coalitions of the nineteenth and twentieth centuries Chapters are arranged chronologically beginning with the Napoleonic Wars and ending with the second Gulf War and each makes use of new research and methodologies to address the creation of the coalition its actions and its short and long term repercussions The editors draw contemporary lessons from the book s historical case studies These findings are used to discuss the likelihood and character of future naval coalition for example the likelihood and possible outcome of an anti PRC coalition in defence of Taiwan Naval Coalition Warfare will be of great interest to students of naval history strategic studies international history and international relations in general

Seapower Geoffrey Till, 2013-02-21 This is the third revised and fully updated edition of Geoffrey Till s Seapower A Guide for the 21st Century The rise of the Chinese and other Asian navies worsening quarrels over maritime jurisdiction and the United States maritime pivot towards the Asia Pacific region reminds us that the sea has always been central to human development as a source of resources and as a means of transportation information exchange and strategic dominion It has provided the basis for mankind s prosperity and security and this is even more true in the early 21st century with the emergence of an increasingly globalized world trading system Navies have always provided a way of policing and sometimes exploiting the system In contemporary conditions navies and other forms of maritime power are having to adapt in order to exert the maximum power ashore in the company of others and to expand the range of their interests activities and responsibilities While these new tasks are developing fast traditional ones still predominate Deterrence remains the first duty of today s navies backed up by the need to fight and win if necessary How navies and their states balance these two imperatives will tell us a great deal about our future in this increasingly maritime century This book investigates the consequences of all this for the developing nature composition and functions of all the world s significant navies and provides a guide for anyone interested in the changing and crucial role of seapower in the 21st century Seapower is essential reading for all students of naval power maritime security and naval history and highly recommended for students of strategic studies international security and International Relations

Adopting the Melody of Phrase: An Emotional Symphony within **Secret War Against Sweden U S And British Submarine Deception In The 1980s**

In some sort of eaten by displays and the ceaseless chatter of quick conversation, the melodic elegance and psychological symphony developed by the prepared word frequently diminish into the background, eclipsed by the persistent noise and disturbances that permeate our lives. Nevertheless, set within the pages of **Secret War Against Sweden U S And British Submarine Deception In The 1980s** a stunning fictional prize full of raw thoughts, lies an immersive symphony waiting to be embraced. Crafted by a masterful musician of language, that charming masterpiece conducts readers on a psychological trip, skillfully unraveling the hidden songs and profound affect resonating within each cautiously crafted phrase. Within the depths with this poignant examination, we will discover the book is key harmonies, analyze its enthralling publishing fashion, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
