Secret Hearts Two By Two Romance:

Love on the Racks Michelle Nolan, 2015-03-21 For the better part of three decades romance comics were an American institution. Nearly 6000 titles were published between 1947 and 1977 and for a time one in five comics sold in the U.S. was a romance comic. This first full-length study examines the several types of romance comics, their creators, and publishing history. The author explores significant periods in the development of the genre, including the origins of Archie Comics and other teen publications, the romance comic boom and bust of the 1950s, and their sudden disappearance when fantasy and superhero comics began to dominate in the late 1970s.
