## Secret Knowledge Of Jesus:

*The Secret Knowledge of Jesus* Michael LaFond, 2025-03-17 Sometimes what we already know is the greatest obstacle to learning Christian spirituality is a perfect example of this The gospels do not just tell the story of Jesus They are masterful works designed to be read on many levels Perhaps the most important level is what St Paul called the spiritual Hidden in plain sight within the gospels and other early Christian writings are clear instructions for attaining spiritual power The Secret Knowledge of Jesus by Andreas lifts the veil from our eyes by approaching Jesus teachings from a new and different perspective This perspective however is only new and different to us because we have disregarded the practical aspects of our tradition transmitted through the apostles as secret knowledge The secret knowledge known as gnosis to the ancient Christians was the real emphasis of Jesus teachings reserved for those who could understand it Now it is available to those who practice The Secret Knowledge of Jesus Andreas, 2003-04 Secrets and Democracy L. Quill, 2014-03-11 Secrets and Democracy develops a new approach to understanding the centrality of secrecy to political life From the ancient world to the modern this book considers the growing importance of secrets the dilemmas this poses to conceptions of democracy and the challenges that collecting secrets poses to publicity and privacy in the network society *Stigma: the Rape of Faith* Antoine Nusmun, 2021-03-19 *STIGMA The Rape of Faith* is the story of a charmed and charming reprobate Theodore Roosevelt McGraw who is haunted by his past It is the late twentieth century and Teddy is immersed in a religious education whether he likes it or not As Teddy matures into manhood he eventually experiences a delayed recall of a violent episode that prompts him to embark down a determined path to achieve justice despite the Catholic Church's resistance Encounters with the divine and the demonic launch him on a journey into an otherworldly American past and further into the shrouded past of Old World atrocities What he discovers will test his resolve and courage against universal opposition to bring these atrocities to light The reader will be challenged as well to face outrages at the core of our culture and decide who or what truly bears the STIGMA *STIGMA The Rape of Faith* is a fictional exposé of the Roman Catholic Church's historical and current handling of allegations of priestly sexual misconduct affecting minors in its care Antoine Nusmun is a classically trained independent scholar poet philosopher essayist and singer songwriter He has traveled widely and held a variety of positions but his lifelong interest has been the origins of man and his religious practices Antoine lives in Cataloochee North Carolina with his wife Constance and a menagerie of faithful pets A transformational novel told with flashes of humor and outrage and steeped in southern atmospherics *Stigma* is thoroughly original and uses a timely theme as a fulcrum for a profound philosophical theological and historical rumination One could say it picks up where *Spotlight* left off Tom Sancton author of *Song For My Fathers A New Orleans Story in Black and White* **Spiritual Gifts** Jennifer Anne Cox, 2018-01-18 *Spiritual Gifts A Christ Centered Perspective* is just that centered on Christ It provides a new perspective on spiritual gifts seeing the person and work of Christ as the foundation for the gifts of the Spirit The coming of Jesus into the world opens the way for the whole

people of God to be indwelt by the Holy Spirit and to share in God's work in the world. The book takes a broad New Testament approach to exploring the gifts, carefully examining the meaning of the gifts by considering the Gospels, Acts, and the epistles. The focus is on seeing each gift as an extension of what Jesus did in his ministry. The gifts of the Spirit equip the church to carry on Jesus' work. Every gift is a means of proclaiming the gospel. God gives his gifts with two purposes in mind: to build the church by bringing people to Christ and to build up the church by maturing each believer. Consequently, Pentecostals, Charismatics, and conservative Christians alike must embrace spiritual gifts because God desires to transform the world through his equipped people.

*The Deity of Christ* John MacArthur, 2017-01-03

Almost two millennia ago, Jesus asked his disciples, "Who do you say that I am?" and people have been asking the question ever since. Many answering the question today have a decidedly different view than Peter offered in his faithful response. In the early days of the church, Gnostics balked at Jesus' humanity. Today, it's his divine nature that's under attack. It seems almost monthly that new bestselling books appear detailing how alternative gospels portray an earthly Jesus devoid of divinity. *The Deity of Christ* by John F. MacArthur is a biblical defense of Jesus' deity and a clarion call for believers to rise up and defend this core doctrine. Both new and seasoned

Christians will benefit from MacArthur's clear take on the relevant Bible passages. They will come away with rock-solid assurance that Jesus was indeed the unique son of God and a deeper, more profound appreciation of Christ's love for them.

**The Flat Earth Trilogy Book of Secrets II** Gregory Lessing Garrett, 2019-04-18 Evidently, NASA can see through millions of layers of stars and galaxies to get thousands of crystal-clear shots of galaxies millions of light years away, but they cannot take even ONE simple photo of Earth from the Moon's distance that is not CGI fakery. NASA is merely a film production company with a huge budget and huge real rocket props. We have ALL been indoctrinated by occult high masters at NASA to the tune of 53 million dollars a day coming out of OUR Pay Checks to pay for their fake CGI rubbish. When we stop and slow down and really, really let it sink in, the most accurate map of the Earth used by the United Nations is The Flat Earth Map. They even outline the map with wheat stalks to symbolize Antarctica. This is the groundbreaking story of The Flat Earth cover-up. The Who, How, and Why they did it story.

**The Many Gospels of Jesus** Philip Wesley Comfort, Jason Driesbach, 2008-03-16 In the wake of The DaVinci Code and the recent discovery of The Gospel of Judas, there has been an increased interest in the ancient books commonly known as the Gnostic Gospels. This volume compares the Gnostic Gospels with the four gospels in the Bible.

**Why Are These Books in the Bible and Not Others? - Volume Three - The Apostolic Fathers and the New Testament Apocrypha** Gary F. Zeolla, 2016 Christians claim the Bible is the Word of God, that it is absolutely reliable in all that it teaches. But to put such confidence in the Bible requires that we have the correct books in the Bible. But do we? This subject is very important and complicated, so complicated it took three volumes to fully cover it. Volume One studied the books included in the Old Testament (OT) and considered other books that could have been included but were not. Volume Two covered the books included in the New Testament (NT). This third and final volume will consider other writings which are not in the NT. They are of three types. The first type is the writings of the Apostolic

Fathers These are Church leaders and writers of the late first to mid second centuries Most were direct disciples of the apostles and some of their writings were seriously considered for inclusion in the NT It will be explained why this was so and why these writings were eventually rejected The second and third types are apocryphal books This term originally meant hidden but now means extra canonical meaning the books are not considered to be inspired by God and thus are outside of the canon list of authoritative books of Scripture These books are divided into two types ones that are mostly orthodox in their theology and ones that are heretical or Gnostic Among these apocryphal books are some that have received much publicity of late The media has been abuzz in recent years about books like the Gospel of Thomas the Gospel of Judas and the Gospel of Jesus Wife It is said these books present a radical new viewpoint of Christianity and are more reliable than the NT books In addition the conception many people have of early Christian history often comes from apocryphal books and not from NT books For instance at Christmastime the manner in which nativity scenes are displayed comes more from apocryphal infancy gospels than from the NT Gospels Therefore many people today will find a discussion of these books to be of interest

**The Missions of James, Peter, and Paul** Bruce D. Chilton, Craig A. Evans, 2005-01-01 The Missions of James Peter and Paul investigates the nature diversity and relationship of three early and important expressions of Judaic Christianity It is the conviction of the contributors that the Judaic origins of the Christian movement have not been sufficiently understood in both ecclesiastical and academic circles Comparison with contemporary Judaism is foundational and leads to the question that guides discussion How did James relate to such prominent figures as Peter and Paul Given James own eminence those relationships must have been hallmarks of his own stance and status and they open the prospect that we might delineate James theological perspective more precisely than otherwise possible by means of this contrast with Peter and Paul That is the reason for the division of the present volume into two parts The Missions of James Peter and Paul is presented in two parts James and Peter and James Paul Several studies investigate the literary and archaeological evidence that clarifies the world in which James Peter and Paul lived while other studies probe exegetical and theological aspects of the discussion

**Christ in you** Jane Fisher, 1914 **CHRISTIAN APOLOGISTS OF THE SECOND CENTURY** Edward D. Andrews, 2024-08-14 In the turbulent world of the second century the early Christian Church faced intense scrutiny widespread persecution and the rise of numerous heresies that threatened to distort its core teachings Amidst this backdrop a group of courageous thinkers and writers emerged men of profound intellect and deep faith dedicated to defending the fledgling Christian faith against both external attacks and internal divisions Christian Apologists of the Second Century Christian Defenders of the Faith explores the lives writings and theological contributions of these early apologists who laid the groundwork for Christian doctrine and practice This compelling volume delves into the works of key figures such as Justin Martyr Irenaeus of Lyons and Athenagoras of Athens offering readers an in depth look at how these early defenders articulated the truths of Christianity in response to the philosophical and religious challenges of their time Through their

writings they confronted the rising tide of Gnosticism Marcionism and other heretical movements ensuring the preservation of the apostolic teachings Whether you are a student of church history a theologian or simply a believer seeking to understand the foundations of your faith this book provides invaluable insights into the intellectual and spiritual battles that shaped the early Church With clarity and reverence *Christian Apologists of the Second Century* illuminates the enduring legacy of these early Christian defenders and their unwavering commitment to the truth of the Gospel Their example continues to inspire and challenge the Church today reminding us of the importance of standing firm in faith and reason in the face of adversity Discover the stories of these early Christian heroes whose courage and wisdom still resonate across the centuries providing a powerful testimony to the enduring strength and truth of the Christian faith *Christological Paradigm Shifts in Prophetic Pentecostalism in South Africa* Mookgo Solomon Kgatle, Marius Nel, Collum Banda, 2021-09-22 This book explores recent developments in South African Pentecostalism focusing on new prophetic churches The chapters engage with a number of paradigm shifts in Christology identified as complementing Christ competing with Christ removing Christ and replacing Christ What are the implications of these shifts Does it mean that believers no longer believe in Christ but in their leaders Does it shift believers faith towards materiality than the person of Christ This volume will be valuable for scholars of African Christianity and in particular those interested in the neo prophetic movement and Christology in a South African context *Postcolonial Discipleship of Embodiment* Jin Young Choi, 2015-08-05 Jin Young Choi rereads discipleship in the Gospel of Mark from a postcolonial feminist perspective developing an Asian and Asian American hermeneutics of phronesis Colonized subjects perceive Jesus body as phantasmic Discipleship means embodying the mystery of this body while engaging with invisible placeless and voiceless others **How Writing Made Us Human, 3000 BCE to Now** Walter Stephens, 2023-10-10 A sweeping history of how writing has preserved cultural practices traditions and knowledge throughout human history In *How Writing Made Us Human 3000 BCE to Now* Walter Stephens condenses the massive history of the written word into an accessible engaging narrative The history of writing is not merely a record of technical innovations from hieroglyphics to computers but something far richer a chronicle of emotional engagement with written culture whose long arc intimates why the humanities are crucial to society For five millennia myths and legends provided fascinating explanations for the origins and uses of writing These stories overflowed with enthusiasm about fabled personalities both human and divine and their adventures with capturing speech and preserving memory Stories recounted how and why an ancient Sumerian king a contemporary of Gilgamesh invented the cuneiform writing system or alternatively how the earliest Mesopotamians learned everything from a hybrid man fish For centuries Jews and Christians debated whether Moses or God first wrote the Ten Commandments Throughout history some myths of writing were literary fictions Plato's tale of Atlantis supposedly emerged from a vast Egyptian archive of world history Dante's vision of God as one infinite book inspired Borges's fantasy of the cosmos as a limitless library while the nineteenth century bequeathed Mary Shelley's

apocalyptic tale of a world left with innumerable books but only one surviving reader Stephens presents a comprehensive history of the written word and demonstrates how writing has preserved and shaped human life since the Bronze Age These stories their creators and their preservation have inspired wonder and an endless appetite for historical revelation

**Scriptural Figures and the Fringes of the New Testament Canon** Kelsie G. Rodenbiker, 2025 The formation of the Christian biblical canon remains a contested and mysterious subject complicated by the dating of ancient texts disagreement among ancient writers and questions of the authenticity or not of various scriptural works The Catholic Epistles James 1 and 2 Peter 1 2 3 John and Jude are a significant wrench in the gears of the process that formed the New Testament collection not least because of issues like authorship and references to other Jewish and Christian scriptures This book explores the use of characters in the Catholic letters originating from the Jewish and Christian scriptural pasts who serve as both exemplary models of behaviour and authorial mouthpieces Such figures and their textual afterlives maintain links to both now canonical works and noncanonical tradition
