The Secret Service Philip H. Melanson, 2005-09-21 This new edition of the definitive history of the Secret Service lays bare the 2004 Bush campaign s political uses of the agency and the new challenges it faces as a branch of the Homeland Security Department in a post 9 11 world Acclaimed scholar of political violence and governmental secrecy Philip Melanson explores the long hidden workings of the Secret Service since its inception in 1865 and through rigorous research and extensive interviews with former White House staffers and retired agents uncovers startling facts about the Agency s role in such traumatic national events as the assassination of JFK and the shooting of President Reagan Included too are revelations about presidential demands on the agency the problems of alcoholism divorce and burnout among agents and the Service s inexplicable failure to develop profiles of potential assassins Up to date and explosive this book assails the public image of the Secret Service as a highly professional apolitical organization exposing the often detrimental influence that politics exerts on the Agency

Who's Who in the Secret Service Vincent Palamara, 2018-08-22 America s oldest law enforcement agency the United States Secret Service has never been exposed like this before The Secret Service has made many headlines through the decades especially in the last five years This book presents a thorough look at more than 100 of the most famous infamous and interesting agents who have protected presidents from William McKinley to John F Kennedy to President Trump and everyone in between Students of history will find much to contemplate in this revealing entertaining and sometimes disturbing book Readers will never look at the men who guard the president the same way ever again

Not-So-Secret Service Vincent Palamara, 2017-04-21 While there haven t been many Secret Service related books about U S presidents the ones still in print and even those long out of print are often sanitized memoirs of a politically correct nature or tell all tabloid historical junk meant merely for entertainment purposes The Not So Secret Service provides the facts with the bark off so to

speaks and reveals politically incorrect information of a decidedly unsafe nature. It may be controversial and against the grain but this book is heavily documented and timely as the Secret Service guards our political candidates, foreign dignitaries and of course the President, the first family and the ex-presidents and their families. **The Hidden White House** Robert Klara, 2013-10-22. The little known story of the White House's gutting and renovation during the Truman presidency. Delightful and informative, plenty of entertaining drama. Publishers Weekly. In 1948 President Harry Truman, enjoying a bath on the White House's second floor, almost plunged through the ceiling of the Blue Room into a tea party for the Daughters of the American Revolution. A handpicked team of the country's top architects conducted a secret inspection of the troubled mansion and after discovering it was in imminent danger of collapse, insisted that the First Family be evicted immediately. What followed would be the most historically significant and politically complex home improvement job in American history. While the Trumans camped across the street at Blair House, Congress debated whether to bulldoze the White House completely and the Soviets exploded their first atomic bomb, starting the Cold War. Robert Klara reveals what has until now been little understood about this episode: America's most famous historic home was basically demolished, giving birth to today's White House. Leaving only the mansion's facade untouched, workmen gutted everything within, replacing it with a steel frame and a complex labyrinth deep below ground that soon came to include a top secret nuclear fallout shelter. The story of Truman's rebuilding of the White House is a snapshot of postwar America and its first Cold War leader undertaking a job that changed the centerpiece of the country's national heritage. The job was by no means perfect but it was remarkable and until now all but forgotten. Includes photographs. Captivating. From bathtubs to bomb shelters, Klara leaves no piece of crumbling sandstone unturned and is as astute a storyteller as he is a dogged researcher. Denise Kiernan, *New York Times* bestselling author of *The Last Castle*. **The First Family** Mike Dash, 2011-06-09. Before Al Capone and Lucky Luciano, there was the one-fingered cunning Giuseppe Morello and his murderous coterie of brothers. Had it not been for Morello, the world may never have heard of men of honour, the code of omertà or Mafia wars. This explosive book tells the story of the first family of New York and how this extended close-knit clan of racketeers and murderers left the backwaters of Sicily to successfully establish themselves as the founding godfathers of the New World. First Family will explain in thrilling, characterful detail how the American Mafia established itself so successfully. Combining strong narrative and raw violence set against the raucous bustle of early twentieth-century New York and the impoverished rural life of nineteenth-century Sicily, this impeccably researched groundbreaking study of a crucial period of American history is a compelling portrait of the early years of organised crime. **Introduction to Homeland Security: Policy, Organization, and Administration** Willard M. Oliver, Nancy E. Marion, Joshua B. Hill, 2019-09-23. Suitable for undergraduate students entering the field of Homeland Security and for Criminal Justice students studying their role in a post-9/11 world. *Introduction to Homeland Security* is a comprehensive but accessible text designed for students seeking a thorough overview of the policies, administrations and

organizations that fall under Homeland Security It grounds students in the basic issues of homeland security the history and context of the field and what the future of the field might hold Students will come away with a solid understanding of the central issues surrounding Homeland Security including policy concepts as well as political and legal responses to Homeland Security

Coxey's Crusade for Jobs Jerry Prout, 2016-05-15 In the depths of a depression in 1894 a highly successful Gilded Age businessman named Jacob Coxey led a group of jobless men on a march from his hometown of Massillon Ohio to the steps of the nation's Capitol Though a financial panic and the resulting widespread business failures caused millions of Americans to be without work at the time the word unemployment was rarely used and generally misunderstood In an era that worshipped the self-reliant individual who triumphed in a laissez faire market the out of work tramp was disparaged as weak or flawed and undeserving of assistance Private charities were unable to meet the needs of the jobless and only a few communities experimented with public works programs Despite these

limitations Coxey conceived a plan to put millions back to work building a nationwide system of roads and drew attention to his idea with the march to Washington In Coxey s Crusade for Jobs Jerry Prout recounts Coxey s story and adds depth and context by focusing on the reporters who were embedded in the march Their fascinating depictions of life on the road occupied the headlines and front pages of America s newspapers for more than a month turning the spectacle into a serialized drama These accounts humanized the idea of unemployment and helped Americans realize that in a new industrial economy unemployment was not going away and the unemployed deserved attention This unique study will appeal to scholars and students interested in the Gilded Age and US and labor history **The Eagle Has Eyes** José Angel

Gutiérrez,2019-03-01 This book is the first of its kind to bring transparency to the FBI s attempts to destroy the incipient Chicano Movement of the 1960s While the activities of the deep state are current research topics this has not always been the case The role of the U S government in suppressing marginalized racial and ethnic minorities began to be documented with the advent of the Freedom of Information Act and most recently by disclosures of whistle blowers This book utilizes declassified files from the FBI to investigate the agency s role in thwarting Cesar E Chavez s efforts to build a labor union for farm workers and documents the roles of the FBI California state police and local police in assisting those who opposed Chavez Ultimately The Eagle Has Eyes is a must read for academics and activists alike **Broke** Glenn Beck,Kevin

Balfe,2012-08-28 Briefly surveys more than two centuries of American political history to describe how the country has been broken spiritually politically and financially and advocates a return to core values to restore America s economic and spiritual health **Plotting to Kill the President** Mel Ayton,2017-02-01 A history of plotters would be assassins and individuals

who have threatened the lives of American presidents from Washington to Hoover and the story of the guards agents and officers who protected them **Grover Cleveland's Rubber Jaw and Other Unusual, Unexpected, Unbelievable but**

All-True Facts About America's Presidents Stephen Spignesi,2012-05-01 From George Washington to Barack Obama this collection of weird and wild but true facts will show you a whole other side of our nation s leaders Andrew Jackson was married to a bigamist Martin Van Buren wore pistols in the Senate chamber in case things got too rowdy Franklin Pierce ran over a woman with his horse while in office and was arrested but was released when the police realized he was the president James Garfield could simultaneously write Greek with one hand and Latin with the other Dwight D Eisenhower s nickname for his staff driver was Private Parts Barack Obama can bench press 200 pounds **The Underground Railroad** Mary Ellen

Snodgrass,2015-03-26 Provides a look at the network known as the Underground Railroad that mysterious system of individuals and organizations that helped slaves escape the American South to freedom during the years before the Civil War This work also explores the people places writings laws and organizations that made this network possible **From an**

Office Building with a High-Powered Rifle Don Adams,Harrison E. Livingstone,2012-06-01 The personal and professional story of a former FBI agent this is the journey Don Adams has taken over the past 50 years that has connected him to the

assassination of the 35th president of the United States On November 13 1963 Adams was given a priority assignment to investigate Joseph Milteer a man who had made threats to assassinate the president Two weeks later John F Kennedy was dead and Agent Adams was instructed to locate and question Milteer Adams however was only allowed to ask the suspect five specific questions before being told to release him He was puzzled by the bizarre orders but thought nothing more of it until years later when he read a report that stated that not only had Joseph Milteer made threats against the president but also that he claimed Kennedy would be killed from an office building with a high powered rifle Since that time Adams has compiled evidence and research from every avenue available to him including his experiences in Georgia and Dallas FBI offices to produce this compelling investigation that may just raise more questions than answers *The Kennedy Assassination Tapes* Max Holland, 2004-09-14 A major work of documentary history the brilliantly edited and annotated transcripts most of them never before published of the presidential conversations of Lyndon B Johnson regarding the Kennedy assassination and its aftermath The transition from John F Kennedy to Johnson was arguably the most wrenching and ultimately one of the most bitter in the nation's history As Johnson himself said later I took the oath I became president But for millions of Americans I was still illegitimate a naked man with no presidential covering a pretender to the throne The whole thing was almost unbearable In this book Max Holland a leading authority on the assassination and longtime Washington journalist presents the momentous telephone calls President Johnson made and received as he sought to stabilize the country and keep the government functioning in the wake of November 22 1963 The transcripts begin on the day of the assassination and reveal the often chaotic activity behind the scenes as a nation in shock struggled to come to terms with the momentous events The transcripts illuminate Johnson's relationship with Robert F Kennedy which flared instantly into animosity the genuine warmth of his dealings with Jacqueline Kennedy his contact with the FBI and CIA directors and the advice he sought from friends and mentors as he wrestled with the painful transition We eavesdrop on all the conversations including those with leading journalists that persuaded Johnson to abandon his initial plan to let Texas authorities investigate the assassination Instead we observe how he abruptly established a federal commission headed by a very reluctant chief justice of the Supreme Court Earl Warren We also learn how Johnson cajoled and drafted other prominent men among them Senator Richard Russell who detested Warren Allen Dulles John McCloy and Gerald Ford into serving We see a sudden president under unimaginable pressure contending with media frenzy and speculation on a worldwide scale We witness the flow of inaccurate information some of it from J Edgar Hoover amid rumors and theories about foreign involvement And we glimpse Johnson addressing the mounting criticism of the Warren Commission after it released its still controversial report in September 1964 The conversations rendered here are nearly verbatim and have never been explained so thoroughly No passages have been deleted except when they veered from the subject Brought together with Holland's commentaries they make riveting hugely revelatory reading
