Secret Sharers Jennifer Spitzer, 2023-02-21 *Secret Sharers* traces a genealogy of secret sharing between literary modernism and psychoanalysis focusing on the productive entanglements and intense competitive rivalries that helped shape Anglo American modernism as a field As Jennifer Spitzer reveals such rivalries played out in explicit criticism inventive misreadings and revisions of Freudian forms from D H Lawrence s re descriptions of the unconscious to Vladimir Nabokov s parodies of the psychoanalytic case study While some modernists engaged directly with Freud and Freudian psychoanalysis with unmistakable rivalry and critique others wrestled in more complex ways with Freud s legacy The key protagonists of this study D H Lawrence Virginia Woolf W H Auden and Vladimir Nabokov are noteworthy for the way they engaged with popularized and revised the terms of Freudian psychoanalysis while also struggling with it as an encroaching discourse Modernists read psychoanalysis misread psychoanalysis and sometimes refused to read it altogether while expressing anxiety about being read by psychoanalysis subjecting themselves and their art to psychoanalytic interpretations As analysts such as Freud Ernest Jones and Alfred Kuttner turned to literature and art to illustrate psychoanalytic theories modernists sought to counter such reductive narratives by envisioning competing formulations of the relationship between literature and psychic life Modernists often expressed ambivalence about the probing symptomatic style of psychoanalytic interpretation and responded with a re doubling of arguments for aesthetic autonomy formal self consciousness and amateurism *Secret Sharers* reveals how modernists transformed the hermeneutic and diagnostic priorities of psychoanalysis into novel aesthetic strategies and distinctive modes of epistemological and critical engagement In reassessing the historical and intellectual legacies of modernism this book suggests that modernist responses to psychoanalytic criticism anticipate more recent critical debates about the value of symptomatic reading and the hermeneutics of suspicion

Secret Sharers in Italian Comedy Jackson I. Cope, 1996 Modern vernacular comedy took shape in early sixteenth century Italy with the many plays adapted from and modeled on Plautine New Comedy As Jackson I Cope demonstrates in this study some Italian dramatists reacted to the widespread success of this genre with a counterparadigm a comedy that exploits secrecy as form In both historically and critically engaging fashion Cope identifies and examines this major development in Italian theater Though outwardly similar to New Comedy with its characteristically harmonious closure this essentially anti Plautine form employs a secret known by the audience but unequally shared among the players to introduce a radical discrepancy between simultaneous stories unfolding in a single action doubly understood The result is a plot that is misleading at the surface contingent and unfinished at its end The audience in a position of enforced collusion with regard to the secret becomes a formal ingredient in the production The play more cynical than carnivalesque opens onto vistas of disruption and deception rather than closing on a note of renewed social harmony Cope s close and original readings of both classic and lesser known plays by Machiavelli Ruzante Cecchi Grazzini Fagiuoli Maggi and others follow this peculiarly Italian anti Plautine paradigm through variations

across three centuries to its masterful and complex culmination in Carlo Goldoni's *villeggiatura* trilogy. Establishing a new comedic canon that demands a revision of Italian dramatic history and the history of European dramatic theory, *Secret Sharers in Italian Comedy* makes an important contribution to Italian studies and will also attract readers among theater scholars in English comparative literature and drama.

**From Heaven to Arcadia** Ingrid Drake Rowland, 2005

Polymathic Renaissance scholars such as Girolamo Cardano, Giordano Bruno, Galileo, and Athanasius Kircher

*The Fiction of Ian McEwan* M. Hutton, 2005-09-19

Ian McEwan is one of Britain's most established and controversial writers. This book introduces students to a range of critical approaches to McEwan's fiction. Criticism is drawn from selections in academic essays and articles and reviews in newspapers, journals, magazines, and websites, with editorial comment providing context, drawing attention to key points, and identifying differences in critical perspectives. The book features selections from published interviews with Ian McEwan and covers all of the writer's novels to date, including his latest novel *Saturday*.

**Aidan Chambers** Betty Greenway, 2006-07-27

*Aidan Chambers: Master Literary Choreographer* is a full-length study that integrates the biography, creative writing, and criticism of one of the most important figures in young adult literature and incorporates these strands into a complete picture that will enhance the understanding of readers. Teachers, librarians, and scholars of young adult literatures, as well as devoted fans and students doing research on Chambers or the subjects of his novels, will benefit from this in-depth examination of how his life and thought have influenced his work.

*Systematic Self-Observation* Noelle M. Rodriguez, Alan Ryave, 2002

Systematic self-observation is a valuable research method to gather information about those social actions that are hidden, restricted, or subjective.

*Grant Wood's Secrets* Sue Taylor, 2020-02-03

Incorporating copious archival research and original close readings of American artist Grant Wood's iconic, as well as lesser-known works, *Grant Wood's Secrets* reveals how his sometimes anguished psychology was shaped by his close relationship with his mother and how he channeled his lifelong Oedipal guilt into his art. Presenting Wood's abortive autobiography *Return from Bohemia* for the first time ever, Sue Taylor integrates the artist's own recollections into interpretations of his art. As Wood, dressed in overalls and boasting about his beloved Midwest, he consciously engaged in regionalist strategies, performing a farmer masquerade of sorts. In doing so, he also posed as conventionally masculine, hiding his homosexuality from his rural community. Thus, he came to experience himself as a double man. This book conveys the very real threats under which Wood lived and pays tribute to his resourceful responses, which were often duplicitous and have baffled art historians who typically take them at face value.

**Family Secrets and the Psychoanalysis of Narrative** Esther Rashkin, 2014-07-14

*Family Secrets and the Psychoanalysis of Narrative* is the first book to explore the implications of the psychoanalytic theory of the phantom for the study of narrative literature. A phantom is formed when a shameful, unspeakable secret is unwittingly transmitted through cryptic language and behavior transgenerationally from one family member to another. The haunted individual to whom the encrypted secret is

communicated becomes the unwitting medium for someone else's voice and the result is speech and conduct that appear incongruous or obsessive in a variety of ways Through close readings of texts by Conrad Villiers de l'Isle Adam Balzac James and Poe Esther Rashkin reveals how shameful secrets concealed within the unspoken family histories of fictive characters can be reconstructed from their linguistic traces and can be shown not only to drive the characters' speech and behavior but also to generate their narratives First articulated by the French psychoanalysts Nicolas Abraham and Maria Torok the theory of the phantom here represents a radical departure from Freudian Lacanian and other psychoanalytic approaches to literary interpretation In Rashkin's hands it also provides a response to structuralist and poststructuralist critiques of character analysis an alternative to deconstructive strategies of reading and a new vantage point from which to consider problems of intertextuality authorship and the formation and origins of narrative Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**Catholics and Treason** Michael Questier, 2022-03-08 Catholics and Treason takes the narratives generated by the contemporary law of treason as it applied to Roman Catholics during and after the Reformation of the Church in the sixteenth century and uses them to explore the Catholic community's writing of its own history Prosecutions of Catholics under the existing law and via new legislation produced a great deal of documentation which tells us much about contemporary politics that we could not garner from any other source The intention here is to locate the narratives of persecution inside the context of the mainstream history of the period from which for the most part they have been routinely excluded but out of which they partly emerged In that respect this is the history of the post Reformation Church and State with the politics of violence put back This volume takes as its starting point the magnum opus of Bishop Richard Challoner his Memoirs of Missionary Priests and it works backwards from that book into the period that Challoner describes Historian Michael Questier seeks to reassemble as far as possible the historical jigsaw puzzle on which Challoner laboured but which he could not complete thinking about the implications for our view of the post Reformation and of the way in which Challoner and others described the Catholic experience of intolerance

**Conrad's Shadow** Nidesh Lawtoo, 2016-09-01 Western thought has often dismissed shadows as fictional but what if fictions reveal original truths Drawing on an anti Platonic tradition in critical theory Lawtoo adopts ethical anthropological and philosophical lenses to offer new readings of Joseph Conrad's novels and the postcolonial and cinematic works that respond to his oeuvre He argues that Conrad's fascination with doubles urges readers to reflect on the two sides of mimesis one side is dark and pathological and involves the escalation of violence contagious epidemics and catastrophic storms the other side is luminous and therapeutic and promotes

communal survival postcolonial reconciliation and plastic adaptations to changing environments Once joined the two sides reveal Conrad as an author whose Janus faced fictions are powerfully relevant to our contemporary world of global violence and environmental crisis      The Reception of Joseph Conrad in Europe Robert Hampson, Véronique Pauly, 2022-05-05 Born and brought up in Poland bilingually in French and Polish but living for most of his professional life in England and writing in English Joseph Conrad was from the start as much a European writer as he was a British one and his work from his earliest fictions through *Heart of Darkness* *Nostromo* and *The Secret Agent* to his later novels has repeatedly been the focal point of discussions about key issues of the modern age With chapters written by leading international scholars this book provides a wide ranging survey of the reception translation and publication history of Conrad's works across Europe Covering reviews and critical discussion and with some attention to adaptations in other media these chapters situate Conrad's works in their social and political context The book also includes bibliographies of key translations in each of the European countries covered and a timeline of Conrad's reception throughout the continent      **Regard for the Other** E. S. Burt, 2009 This work focuses on autothanatography the writing of one's death The study also argues that autobiography is aporetic not or not only a matter of a subject strategizing with language to produce an exemplary identity but a matter also of its responding to an exorbitant call to its death      The Secrets and Silences of Edith Wharton's Women Isabelle Parsons, 2025-03-11 Edith Wharton's sensitively observed portraits of women's lives a century ago resonate into the present day captivating readers now as they did then Threaded throughout her accounts is a rich seam of secrets and silences that reveals Wharton's keen grasp of the realities navigated by women and her astute use of withholding to tell their stories This book explores her frequent marshalling of secrets and silences presented as an integral part of her literary aesthetic to cast light on her enduring interest in women's experiences in private and public settings during the early twentieth century      **Just Business** Alexander D. Hill, 1997-01-01 To those faced with the many questions and quandaries of doing business with integrity here is a place to begin Alexander Hill explores the Christian concepts of holiness justice and love and shows how some common responses to business ethics fall short of these Then he turns to penetrating case studies on such pressing topics as employer employee relations discrimination and affirmative action      The Gothic Condition David Punter, 2016-04-20 breadth of range attention to the psychological meanings of various forms of the Gothic inclusion of material on some of the best known Gothic texts including *Frankenstein* and *Dracula*      *Psychotherapy Reflections* Gary Freedman, 2018-06-18 In *Psychotherapy Reflections* a psychoanalytically informed patient describes his feelings about his therapeutic relationship and critically examines selected therapy sessions from a nine month course of treatment Many texts about psychotherapy are based either on patient narratives or on a clinical model *Psychotherapy Reflections* however combines patient narrative with probing insight and dream analysis based on the work of noted dream researcher Stanley R Palombo M D who has shown that dreams serve an information processing function by matching present and past experience

in determining what information will be filtered through for storage in permanent memory      *Rethinking Joseph Conrad's Concepts of Community* Kaoru Yamamoto, 2017-04-20 Rethinking Joseph Conrad's Concepts of Community uses Conrad's phrase strange fraternity from *The Rover* as a starting point for an exploration of the concept of community in his writing including his neglected vignettes and later stories Drawing on the work of continental thinkers including Jacques Derrida Jean Luc Nancy and Hannah Arendt Yamamoto offers original readings of *Heart of Darkness* *The Nigger of the Narcissus* *The Rover* and *Suspense* and the short stories *The Secret Sharer* *The Warrior's Soul* and *The Duel* Working at the intersection between literature and philosophy this is a unique and interdisciplinary engagement with Conrad's work      **Covert Operations** Karma Lochrie, 2012-05-28 Selected by Choice magazine as an Outstanding Academic Book In *Covert Operations* Karma Lochrie brings the categories and cultural meanings of secrecy in the Middle Ages out into the open Isolating five broad areas confession women's gossip medieval science and medicine marriage and the law and sodomitic discourse Lochrie examines various types of secrecy and the literary texts in which they are played out She reads texts as central to Middle English studies as the *Parson's Tale* the *Miller's Tale* the *Secretum Secretorum* and *Sir Gawain and the Green Knight* as well as a broad range of less familiar works including a gynecological treatise and a little known fifteenth century parody in which gossip and confession become one As she does so she reveals a great deal about the medieval past and perhaps just as much about the early development of the concealments that shape the present day      Just Business Alec Hill, 2017-12-15 In this third edition of a popular textbook on business ethics Alec Hill carefully explores the foundational Christian concepts of holiness justice and love showing how some common responses to business ethics fall short of a fully Christian mindset Updated throughout this edition includes a new chapter on international business and uses penetrating case studies to clothe principles in concrete business situations
