## **Secretaries Of The Moon The Letters Of Wallace Stevens Jose Rodriguez Feo:**

**Secretaries of the Moon** Wallace Stevens, José Rodríguez Feo, 1986 The letter from Jose Rodriguez Feo that prompted Stevens's poem was the third in a ten year correspondence 1944-54 between the poet and the young Cuban who quickly became Stevens's most exciting correspondent The two shared a Harvard education both were anxious to see Stevens translated for a Cuban audience and each had an enduring admiration for Santayana whose awareness of the cultural tensions between the Northern and Southern hemispheres formed a basis for the protracted argument between Stevens as the practical Protestant father and the passionate Rodriguez Feo The Cuban's descriptions of his life at the Villa Olga of his black and white cow Lucera and his mule Pompilio delighted Stevens as did his wide ranging questions and pronouncements of literary matters Unaware of the well known Stevens reticence Rodriguez Feo elicited a more informal playful response than Stevens's other correspondents Formal salutations soon gave way to Dear Antillean Dear Wallachio Coyle and Filreis present the entire extant correspondence between the two men The fifty one Rodriguez Feo letters and ten of the numerous Stevens letters are printed here for the first time and the exchange between the two is unusually complete The work includes a critical introduction and complete annotation of the letters *The Hemingway Log* Brewster Chamberlin, 2015-03-20 Few if any writers have made a mark as broad and deep as Ernest Hemingway whose life and work and even image continue to permeate American culture more than a half century after his death in 1961 And never has there been a chronology of the writer's life and times as comprehensive detailed and useful as *The Hemingway Log* For more than a dozen years Brewster Chamberlin has been compiling and wonderfully annotating and continuously updating what amounts to almost a daybook calendar of Hemingway's life as author Paul Hendrickson noted in his acclaimed *Hemingway's Boat Everything He Loved in Life and Lost At* long last available to readers and scholars this chronology extends from the birth of Mark Twain whose Huckleberry Finn Hemingway said was the source of all modern American literature to the 2013 publication of the second volume of a projected seventeen of the Hemingway letters Throughout the events and dates that had any influence whatsoever on the writer are detailed day by day Who won the Nobel Prize in literature each year for instance or the Pulitzer What works of poetry fiction or drama were published What was happening in the world and in the country and how did it relate to Hemingway Within this clarifying context the chronological facts of the writer's own life and work unfold literary production and publishing travels and households activities and relevant occurrences relations with family friends lovers and enemies Drawing on biographies memoirs and various Hemingway collections and websites as well as the full range of original sources such as letters fishing logs notebooks and manuscripts *The Hemingway Log* presents the most extensive and accurate chronology of Hemingway's life and times and in the process clears up many of the inconsistencies and factual errors that riddle accounts of the writer's life and work Any future scholar of Hemingway will find the book not just invaluable but absolutely necessary and any serious reader of Hemingway will find it irresistible *The Poetry of the*

Americas Harris Feinsod, 2017-09-08 The Poetry of the Americas offers a lively and detailed history of relations among poets in the US and Latin America spanning three decades from the Good Neighbor diplomacy of World War II through the Cold War cultural policies of the late 1960s Connecting works by Martin Ad n Elizabeth Bishop Paul Blackburn Jorge Luis Borges Julia de Burgos Ernesto Cardenal Jorge Carrera Andrade Allen Ginsberg Langston Hughes Jos Lezama Lima Pablo Neruda Charles Olson Octavio Paz Heberto Padilla Wallace Stevens Derek Walcott William Carlos Williams and many others Feinsod reveals how poets of many nations imagined a poetry of the Americas that linked multiple cultures even as it reflected the inequities of the inter American political system This account offers a rich contextual study of the state sponsored institutions and the countercultural networks that sustained this poetry from Nelson Rockefeller s Office of the Coordinator for Inter American Affairs to the mid 1960s avant garde scene in Mexico City This innovative literary historical project enables new readings of such canonical poems as Stevens s Notes Toward a Supreme Fiction and Neruda s The Heights of Macchu Picchu but it positions these alongside lesser known poetry translations anthologies literary journals and private correspondences culled from library archives across the Americas The Poetry of the Americas thus broadens the horizons of reception and mutual influence and of formal historical and political possibility through which we encounter midcentury American poetry recasting traditional categories of U S or Latin American literature within a truly hemispheric vision *The New Wallace Stevens Studies* Bart Eeckhout, Gül Bilge Han, 2021-07-08 This book offers a wide ranging display of innovative critical perspectives on the poetry of the American modernist Wallace Stevens Sur Plusieurs Beaux Sujets Wallace Stevens, Henry E. Huntington Library and Art Gallery, 1989 Presents Stevens notebooks containing excerpts from his reading his comments and aphorisms **Wallace Stevens in Context** Glen MacLeod, 2016-12-22 This book aims to provide an in depth introduction to the multifaceted life and times of Wallace Stevens who is generally considered one of the great twentieth century American poets In thirty six short essays an international team of distinguished scholars have created a comprehensive overview of Stevens life and the world of his poetry Individual chapters relate Stevens to important contexts such as the large Western movements of romanticism and modernism particular American and European philosophical traditions contemporary and later poets the professional realms of law and insurance the parallel art forms of painting music and theater his publication history critical reception and his international reputation Other chapters address topics of current interest such as war politics religion race and the feminine Informed by the latest developments in the field but written in clear jargon free prose Wallace Stevens in Context is an indispensable introduction to this great modern poet **Wallace Stevens and the Actual World** Alan Filreis, 2014-07-14 The work of Wallace Stevens has been read most widely as poetry concerned with poetry and not with the world in which it was created deemed utterly singular it seems to resist being read as the record of a life and times In this critical biography Alan Filreis presents a detailed challenge to this exceptionalist view as he traces two major periods of Stevens s career from 1939 to 1955 the war years and the postwar years Portraying Stevens

as someone whose alternation between cultural comprehension and ignorance was itself characteristically American Filreis examines the poet's impulse to disguise and compress the very fact of his debt to the actual world By actual world Stevens meant historical conditions often in order to impugn his own interest in such externalities as the last resort of a man whose famous interiority made him feel desperately irrelevant In light of events ranging from the U S entry into World War II to the Cold War Filreis shows how Stevens was driven to make a close approach to reality in an effort to reconcile his poetic language with a cultural language Wallace Stevens and the Actual World is not only an impressive feat of historical recovery and analysis but also a pleasure to read It will be useful to anyone interested in the relationship between American politics and literature during World War II and the Cold War Milton J Bates Marquette University Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 American Studies Jack Salzman, 1990-05-25 This volume supplements the acclaimed three volume set published in 1986 and consists of an annotated listing of American Studies monographs published between 1984 and 1988 There are more than 6 000 descriptive entries in a wide range of categories anthropology and folklore art and architecture history literature music political science popular culture psychology religion science and technology and sociology *A Reader's Guide to Wallace Stevens* Eleanor Cook, 2009-03-09 Wallace Stevens is one of the major poets of the twentieth century and also among the most challenging His poems can be dazzling in their verbal brilliance They are often shot through with lavish imagery and wit informed by a lawyer's logic and disarmingly unexpected a singing jackrabbit the seductive Nanzia Nunzio They also spoke and still speak to contemporary concerns Though his work is popular and his readership continues to grow many readers encountering it are baffled by such rich and strange poetry Eleanor Cook a leading critic of poetry and expert on Stevens gives us here the essential reader's guide to this important American poet Cook goes through each of Stevens's poems in his six major collections as well as his later lyrics in chronological order For each poem she provides an introductory head note and a series of annotations on difficult phrases and references illuminating for us just why and how Stevens was a master at his art Her annotations which include both previously unpublished scholarship and interpretive remarks will benefit beginners and specialists alike Cook also provides a brief biography of Stevens and offers a detailed appendix on how to read modern poetry *A Reader's Guide to Wallace Stevens* is an indispensable resource and the perfect companion to *The Collected Poems of Wallace Stevens* first published in 1954 in honor of Stevens's seventy fifth birthday as well as to the 1997 collection *Wallace Stevens Collected Poetry and Prose*

*Modernism and the Ordinary* Liesl Olson, 2014-04-03 Modernism and the Ordinary overturns conventional accounts of the

modernist period as primarily drawn toward the new the transcendent and the extraordinary Liesl Olson shows how modernist writers were preoccupied instead with the unselfconscious actions of everyday life even in times of political crisis and war Experiences like walking to work eating a sandwich or mending a dress were often resistant to shock and these daily activities presented a counter force to the aesthetic of heightened affect with which the period is often associated With attentive and sensitive readings Modernism and the Ordinary examines works by Joyce Woolf Stein Stevens Proust Beckett and Auden alongside the ideas of philosophers such as Henri Bergson and William James In doing so the book reveals the non transformative power of the ordinary as one of modernism s most compelling attributes *Wallace Stevens and the Aesthetics of Abstraction* Edward Ragg,2010-07-15 Edward Ragg s study was the first to examine the role of abstraction throughout the work of Wallace Stevens By tracing the poet s interest in abstraction from Harmonium through to his later works Ragg argues that Stevens only fully appreciated and refined this interest within his later career Ragg s detailed close readings highlight the poet s absorption of late nineteenth century and early twentieth century painting as well as the examples of philosophers and other poets work Wallace Stevens and the Aesthetics of Abstraction will appeal to those studying Stevens as well as anyone interested in the relations between poetry and painting This valuable study embraces revealing philosophical and artistic perspectives analyzing Stevens place within and resistance to Modernist debates concerning literature painting representation and the imagination **Wallace Stevens, New York, and Modernism** Lisa Goldfarb,Bart Eeckhout,2012-10-12 This unique essay collection considers the impact of New York on the life and works of Wallace Stevens Stevens lived in New York from 1900 to 1916 working briefly as a journalist going to law school laboriously starting up a career as a lawyer getting engaged and married gradually mixing with local avant garde circles and eventually emerging as one of the most exciting and surprising voices in modern poetry Although he then left the city for a job in Hartford Stevens never saw himself as a Hartford poet and kept gravitating toward New York for nearly all things that mattered to him privately and poetically visits to galleries and museums theatrical and musical performances intellectual and artistic gatherings shopping sprees and gastronomical indulgences Recent criticism of the poet has sought to understand how Stevens interacted with the literary artistic and cultural forces of his time to forge his inimitable aesthetic with its peculiar mix of post romantic responses to nature and a metropolitan cosmopolitanism This volume deepens our understanding of the multiple ways in which New York and its various aesthetic attractions figured in Stevens life both at a biographical and poetic level Wallace Stevens among Others David R. Jarraway,2015-09-01 In Wallace Stevens among Others David Jarraway explores the extraordinary achievement of Wallace Stevens but in contexts that are not usually thought about in connection with Stevens s work gay literature contemporary fiction Hollywood film and avant garde architecture among others By viewing the poet among these other contexts Jarraway considers the nature of self reflection and pays special attention to the discrediting of self presence as the principle of identity in American writing a theme that

reflects American authors abiding concern for subjectivities that engage the world from spaces of distance and difference By returning to the work of Stevens Jarraway seeks to refurbish this preoccupation by linking it to the literary theory of French philosopher Gilles Deleuze whose work applies to American writers from Melville and Whitman to Fitzgerald and Cummings Jarraway forges the link between Deleuze and Stevens by drawing out the female subjectivity found in each writer s work to rethink the more static masculinist premises of being Informed by a deep knowledge of and fluency with the work of Stevens and Deleuze Jarraway uses these writers as a means of entry into American literature and culture Wallace Stevens among Others is a sophisticated analysis that will open new directions for future scholarship *Lyric Contingencies* Margaret Dickie,2016-11-11 In *Lyric Contingencies* Margaret Dickie brings Wallace Stevens and Emily Dickinson together to explore the ways in which the lyric genre is eccentric to even disruptive of the Emersonian tradition that has shaped American literary history Dickie contends that although Stevens and Dickinson represent different moments of cultural crises different genders and different and private lives they faced similar problems of expression and similar formal and cultural restraints in their devotion to the lyric genre Dickie considers those elements of the lyric that set it apart from both prose and narrative poetry its speaker its insistence on artifice and its relation to an audience By concentrating on these she examines the radically experimental ways in which Dickinson and Stevens used the genre to question cultural certainties of gender language and the nature of the individual *Word Sightings* Sarah Riggs,2002 First Published in 2002 Routledge is an imprint of Taylor Francis an informa company **Wallace Stevens and the Poetics of Modernist Autonomy** Gül Bilge Han,2019-06-27 Offers a new conception of modernist autonomy by focusing on Wallace Stevens one of the renowned poets of the twentieth century **Modernism, Christianity and Apocalypse** ,2014-10-30 Modernism Christianity and Apocalypse stages an encounter between the fields of Modernism and Christianity and Apocalypse Studies The modernist impulse to make it new to transform and reform culture is an incipiently apocalyptic one poised between imaginative representations of an Old Era or civilization and the experimental promise of the New Christianity figures in formative tension with the new but its apocalyptic paradigms continued to impact modernist visions of cultural revitalization In three sections tracing a rough chronology from the late nineteenth century fin de siècle via interwar conflicts and the rise of political religions to post 1945 anxieties such as the Bomb this thematic is explored in nineteen far ranging scholarly contributions outlining a distinctive and fresh interdisciplinary field of study **From Modernism to Neobaroque** César Augusto Salgado,2001 At the same time the book discusses different issues in Hispanic cultural history that influenced Lezama s reading of Joyce describing a period of Joycean enthusiasm that arose in Hispanic American letters on the publication of the first Spanish translation of *Ulysses* BOOK JACKET Wallace Stevens and the Seasons George S. Lensing,2004-04-01 This fruitful pairing of literary and biographical interpretation follows Wallace Stevens s poetry through the lens of its dominant metaphor the seasons of nature and illuminates the poet s personal life experiences reflected there

From Stevens's first collection *Harmonium* 1923 to his last poems written shortly before his death in 1955 George S. Lensing offers clear and detailed examination of Stevens's seasonal poetry including extensive discussions of *Autumn Refrain*, *The Snow Man*, *The World as Meditation*, and *Credences of Summer*. Drawing upon a vast knowledge of the poet, Lensing argues that Stevens's pastoral poetry of the seasons assuaged a profound and persistent personal loneliness. An important scholarly assessment of a major twentieth-century modernist, *Wallace Stevens and the Seasons* also serves as an appealing introduction to Stevens.

**Wallace Stevens and the Limits of Reading and Writing** Bart Eeckhout, 2002. Often considered America's greatest twentieth-century poet, Wallace Stevens is without a doubt the Anglo-modernist poet whose work has been most scrutinized from a philosophical perspective. *Wallace Stevens and the Limits of Reading and Writing* both synthesizes and extends the critical understanding of Stevens's poetry in this respect. Arguing that a concern with the establishment and transgression of limits goes to the heart of this poet's work, Bart Eeckhout traces both the limits of Stevens's poetry and the limits of writing as they are explored by that poetry. Stevens's work has been interpreted so variously and contradictorily that critics must first address the question of limits to the poetry's signifying potential before they can attempt to deepen our appreciation of it. In the first half of this book, the limits of appropriating and contextualizing Stevens's *The Snow Man* in particular are investigated. Eeckhout does not undertake this reading with the negative purpose of disputing earlier interpretations but with the more positive intention of identifying the intrinsic qualities of the poetry that have been responsible for the remarkable amount of critical attention it has received.

## Unveiling the Magic of Words: A Report on "**Secretaries Of The Moon The Letters Of Wallace Stevens Jose Rodriguez Feo**"

In a world defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their ability to kindle emotions, provoke contemplation, and ignite transformative change is truly awe-inspiring. Enter the realm of "**Secretaries Of The Moon The Letters Of Wallace Stevens Jose Rodriguez Feo**," a mesmerizing literary masterpiece penned by a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve in to the book is central themes, examine its distinctive writing style, and assess its profound impact on the souls of its readers.
