Mystery Women, Volume Three (Revised) Colleen Barnett,2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of *Mystery Women* as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008

Geepers, I Love You Sally Gladden, 2016-12-09 *Geepers I Love You* by Sally Gladden is an original two act play. While rummaging through trunks in the attic, Sally finds love letters that her dad, Parker Gladden, aka Park, a lonely Fayetteville New York barber, had written to his lady Marie Hamilton while she was away in nursing school in Brooklyn New York. The time is 1932-33, the Great Depression, when jobs were few, haircuts were twenty-five cents, marathon dancers gleaned attention, and all hoped that Roosevelt would save the country. The primary scene is Park Gladden's barber shop in Fayetteville New York. Parker writes his long letters to Marie while he awaits customers. Unfortunately, it is starve-the-barber time for many in the village of Fayetteville. The economy is horrid for all. Parker would have preferred to be a musician, but his family needed his income as a barber. He is lonely, he drinks excessively, he tries to remain humorous amidst the stresses of the time. Voice-overs of Parker reading these letters to Marie serve as segues between scenes. These letters are insightful, funny, tragic, and all telling about being the Barber of Funnyville during the Depression. Colorful people come to Park's barbershop, and conversations give us insight about the people and the effects of the Depression on all. These customers, from the very young to the old timers, share the newspaper news, happenings of the small village gossip, and in general, conversations about life. A secondary scene is the nurses' station in Brooklyn, where Marie is seen reading many of Park's letters. She is also dealing with her nurse supervisor, Nurse Katrina, the wicked dictator. In this two act play, to while away the hours, Park listens to the radio, composes music, practices his trombone, and writes letters to his Nurtz while he awaits customers. Prior to Act I and during the intermission, the audience sees projections of the Depression Era and hears music of that era. The play is happy, sad, and informative, and the characters are real. The playwright interviewed many citizens who endured the Depression locally. The characters are based on real people.

Geepers I Love You *River Secrets* Shannon Hale, 2017-08-29 In this beloved third book in the Books of Bayern from New York Times bestselling author Shannon Hale, Razo must become the unlikely hero his country needs. Razo has never considered himself anything but ordinary and certainly not a great soldier. So he's sure it's out of pity that his captain asks him to join an elite mission escorting the ambassador into Tira, Bayern's greatest enemy. But when the Bayern arrive in the strange southern country, it's Razo who discovers the first dead body. He is also the only Bayern able to befriend the right people, potential allies who can provide information about the ever-increasing murders, like the beautiful Lady Dasha. If Razo can embrace his talents, he might be the only one who can get the Bayern soldiers home alive. The third book in master storyteller Shannon Hale's beloved Books of Bayern series is equal parts fantastical and romantic, with an unforgettable protagonist to root for at its center.
