Pinchbeck, 2012-02-21 Now in the years beyond 2012 discover the true meaning behind the hype that captivated the world It should be no surprise to us now but the pomp surrounding the coming of the year 2012 that grasped the human race's attention in those preceding years was not at all about the end of the world Instead much to the contrary Daniel Pinchbeck believes that the passing of the year 2012 marked the beginning of a global shift in consciousness where the human race would begin to see the world and existence on this planet through a different lens embracing fresh ideas about who we are and what it means to be human Discover the true wisdom behind the 2012 phenomenon with these two captivating works by one of the leading minds in the movement both in one place for the first time and at one low price 2012 The Return of Quetzalcoatl Cross James Merrill H P Lovecraft and Carlos Castaneda each imbued with a twenty first century aptitude for quantum theory and existential psychology and you get the voice of Daniel Pinchbeck And yet nothing quite prepares us for the lucidity rationale and informed audacity of this seeker skeptic and cartographer of hidden realms Throughout the 1990s Pinchbeck had been a member of New York's literary select He wrote for publications such as The New York Times Magazine Esquire and Harper's Bazaar His first book Breaking Open the Head was heralded as the most significant on psychedelic experimentation since the work of Terence McKenna But slowly something happened Rather than writing from a journalistic remove Pinchbeck his literary powers at their peak began to participate in the shamanic and metaphysical belief systems he was encountering As his psyche and body opened to new experience disparate threads and occurrences made sense like never before Humanity every sign pointed is precariously balanced between greater self potential and environmental disaster

The Mayan calendar's end date of 2012 seems to define our present age. It heralds the end of one way of existence and the return of another in which the serpent god Quetzalcoatl reigns anew bringing with him an unimaginably ancient yet to us wholly new way of living. A result not just of study but also of participation, 2012 tells the tale of a single man in whose trials we ultimately recognize our own hopes and anxieties about modern life. *Toward 2012: Perspectives on the Next Age* An informed, challenging and engaging collection of essays on the new choices in lifestyles and community as we begin the countdown toward the year 2012. This fresh and thought provoking anthology draws together some of today's most celebrated visionaries, thinkers and pioneers in the field of evolving consciousness exploring topics from shamanism to urban homesteading, the legacy of Carlos Castaneda to Mayan predictions for the year 2012 and new paths in direct political action and human sexuality. *Toward 2012* highlights some of the most challenging intelligent pieces published on the acclaimed website Reality Sandwich. It is coedited by Daniel Pinchbeck, the preeminent voice on 2012 and online pioneer Ken Jordan and features original works from Stanislav Grof, John Major Jenkins and Paul D Miller, DJ Spooky interviews with Abbie Hoffman and artist Alex Grey and a new introduction by Pinchbeck. Here are ideas that trace the arc of our evolution in consciousness, lifestyles and communities as we draw closer to a moment in time that portends ways of living that are different from anything we have expected or experienced.

2012 Daniel Pinchbeck, 2007. Draws on cosmological phenomena of the modern world as well as the author's own research into shamanic and metaphysical belief systems to support the Mayan theory about an unprecedented global shift predicted for the year 2012.

The Maya Book of Life Michael Owen, 2011-03. THE MAYA BOOK OF LIFE: UNDERSTANDING THE XULTUN TAROT is the companion book to the Xultun Tarot Classic Edition. It explores the archetypes and alchemy of the major arcana of the Xultun Tarot through indigenous teachings and the analytical psychology of C. G. Jung and casts new light on the meaning of 2012. The Xultun Tarot was created by Peter Balin in 1976 based on images from Maya history and culture. Taken from a single painting, it is the only tarot deck where the major arcana form a complete picture. This picture is a symbolic image of the alchemical marriage of spirit and matter and a map of what Jung called the individuation process. Only 500 copies of the original Xultun Tarot were ever printed. Now Kahurangi Press, xultun.com has recreated this classic long out of print deck true to its original large size and vibrant colours together with a book that explains the profound symbolism of the cards. Michael Owen is a clinical psychologist in private practice and author of *Jung and the Native American Moon Cycles*. He lives in New Zealand.

The Land of Osiris Stephen S. Mehler, 2002-03. Was there an advanced prehistoric civilization in ancient Egypt? Who were the people who built the great pyramids and carved the Great Sphinx? Did the pyramids serve as energy devices and not as tombs for kings? Independent Egyptologist Stephen S. Mehler has spent over 30 years researching the answers to these questions and believes the answers are Yes. An indigenous oral tradition still exists in Egypt and Mehler has been able to uncover and study it with the help of a living master of this tradition, Abd El Hakim Awyar.
