Secrets Of Our National Literature Chapt:

The Secrets of Our National Literature William Prideaux Courtney, 1908 Women Novelists Before Jane Austen
Brian Corman, 2009-06-04 By the time Ian Watt published *The Rise of the Novel* in 1957 it was clear that many women novelists before Jane Austen had been overlooked in critical studies of literature and that some of them had been completely forgotten by the reading public In this book Brian Corman explores the question of how and why this came about Corman provides a systematic survey of the reputations of early women novelists as canons of the novel developed over a period of roughly two hundred years and in so doing suggests reasons for their frequent exclusion *Women Novelists before Jane Austen* challenges the view that exclusion from the canon was a simple function of gender and goes deeper to examine potential reasons why certain women writers were overlooked In the process it provides an overview of histories of the British novel from the beginning through to the mid twentieth century ending with the publication of Watt's famous text Further Corman offers a prolegomenon to the important recovery work of the late twentieth century in which many revised accounts of the history of the novel appeared essentially improving the scope covered by Watt This study historicizes the place of early women novelists in the British canon in order to provide an informed context for current views **Victorian Sensation** James A. Secord, 2003-09-20 Fiction or philosophy profound knowledge or shocking heresy When *Vestiges of the Natural History of Creation* was published anonymously in 1844 it sparked one of the greatest sensations of the Victorian era More than a hundred thousand readers were spellbound by its startling vision an account of the world that extended from the formation of the solar system to the spiritual destiny of humanity As gripping as a popular novel *Vestiges* combined all the current scientific theories in fields ranging from astronomy and geology to psychology and economics The book was banned it was damned it was hailed as the gospel for a new age This is where our own public controversies about evolution began In a pioneering cultural history James A Secord uses the story of *Vestiges* to create a panoramic portrait of life in the early industrial era from the perspective of its readers We join apprentices in a factory town as they debate the consequences of an evolutionary ancestry We listen as Prince Albert reads aloud to Queen Victoria from a book that preachers denounced as blasphemy vomited from the mouth of Satan And we watch as Charles Darwin turns its pages in the flea ridden British Museum library fearful for the fate of his own unpublished theory of evolution Using secret letters Secord reveals how *Vestiges* was written and how the anonymity of its author was maintained for forty years He also takes us behind the scenes to a bustling world of publishers printers and booksellers to show how the furor over the book reflected the emerging industrial economy of print Beautifully written and based on painstaking research *Victorian Sensation* offers a new approach to literary history the history of reading and the history of science Profusely illustrated and full of fascinating stories it is the most comprehensive account of the making and reception of a book other than the Bible ever attempted Winner of the 2002 Pfizer Award from the History of Science Society The Nottingham Library Bulletin Nottingham Free Public

Libraries,1908 **The International Directory of Booksellers and Bibliophile's Manual** James Clegg,1914 The Oxford Magazine ,1909 **Bulletin** Nottingham (England). Public Libraries,1908 **Transactions of the Bibliographical Society** Bibliographical Society (Great Britain),1908 Faces of Anonymity R. Griffin,2016-09-27 This pathbreaking collection of original essays surveys an important but neglected topic anonymous publication in England for the Elizabethan age to the present An impressive group of scholars analyzes a wide range of literary phenomena including Shakespeare in 17th century commonplace books the phrase By a Lady the implied author of an eighteenth century queer fiction Bentley and the battle of books essays by Equiano the novel 1750 1830 Frankenstein s unnamed monster the co authored pseudonym Michael Field nineteenth century ghostwriting and a postmodern hoax on national identity The editor s introduction places the essays within the context of the historical trajectory of anonymous authorship Essential reading for anyone interested in authorship and the history of the book List of Additions ...
