**Secrets from the Sand** Zahi A. Hawass, 2003 This volume is a review of the author's Zahi Hawass's 1947 career as an Egyptian archaeologist. Hawass, a former Minister of State for Antiquities Affairs for Egypt, worked at archaeological sites in the Nile Delta, the Western Desert, and the Upper Nile Valley. His descriptions of his life's work, accompanied by many previously unpublished photographs, take readers from the famous monuments at Giza, where he has supervised the restoration of the Sphinx and the Great Pyramid, and excavated the cemetery of the pyramid builders to the Valley of the Golden Mummies in Bahariya Oasis, perhaps the most significant and spectacular discovery in recent years. He explains how he negotiates with local Egyptians whose homes may lie directly above important sites and describes in detail the exhilarating experience of entering an ancient tomb for the first time after thousands of years. **A Search in Secret Egypt** Paul Brunton, 2015-11-24 In this book, philosopher Paul Brunton (1898-1981) encounters the mysteries and magic of Egypt in the 1930s, including an eerie yet illuminating night spent alone inside the Great Pyramid. Alongside his explorations of ancient Egypt's monuments and gods, Brunton encounters a variety of occultists, fakirs, and dervishes and even manages to become initiated into the deadly art of snake charming. His frank interviews with Muslim leaders remain relevant today, and his description of the Hajj reflects the beauty and inspiring faith of Mohammad's true followers. Brunton's journey to discover the furthest reaches of what the mind and body are capable of, and to distinguish various forms of yoga and magic from true spirituality, lead him to the myth of Osiris and to the mystery that is the Sphinx itself. In the end, Brunton turns his attention to his own spiritual path, connecting all of his experiences into a single discovery: that we are more than the body and that the freedom of our spirit can be experienced here and now. This new edition has been updated to incorporate Brunton's final revisions and includes an introduction by the Paul Brunton Philosophic Foundation. Paul Brunton was a great original and got to a place of personal evolution that illumines the pathways of a future humanity. Jean Houston, author of *A Passion for the Possible* and *A Mythic Life*. Any serious man or woman in search of spiritual ideas will find a surprising challenge and an authentic source of inspiration and intellectual nourishment in the writings of Paul Brunton. *Walking Among Pharaohs* Peter Der Manuelian, 2023 Pyramids with hidden burial chambers. Colossal royal statues and minuscule gold jewelry. Decorated tomb chapels, temples, settlements, fortresses, ceramics, furniture, stone vessels, and hieroglyphic inscriptions everywhere. This is the legacy of forty-three years of breathtakingly successful excavations at twenty-three different archaeological sites in Egypt and Sudan: ancient Nubia. George Reisner (1867-1942) discovered all this and more during a remarkable career that revolutionized archaeological method in both the Old World and the New. Leading the Harvard University-Boston Museum of Fine Arts Expedition, Reisner put American and particularly Boston Egyptology on the world stage. His uniquely American success story unfolded despite British control of Egyptian politics, French control of Egyptian antiquities, and an Egyptian yearning for independence, all while his Egyptian teams achieved the fieldwork results and mastered the arts of recording and documentation. Reisner's lifespan covers the birth of modern archaeology, aspects of colonialism, racism, and nationalism, the history of Harvard and of the Museum of Fine Arts, Boston (MFA), and the issues of repatriation and cultural patrimony long before they became the hot topics they are today. This new biography gathers

unpublished documents from all over the world to present the untold story of one of the founding fathers of excavation methodology and restore his place in the history of world archaeology while not overlooking some of his cultural interpretations that we can easily reject today *An Excellent Fortress for His Armies, a Refuge for the People* Richard E.
