## **Single Parent Experi:**

**Experiences of Single-Mother Doctoral Students as They Navigate Between the Educational System, Societal Expectations, and Parenting Their Children: A Phenomenological Approach** Meshkin B. AmiriRad,2016-11-28 Among many factors perhaps their confidence was shaped by cultural mantras in the United States which proclaim that this is a country of opportunity where it is possible to pursue one's dreams and reach the top of one's potential as one of the participants indicated Of relevance there are a multitude of good reasons for women to leave abusive relationships in order to reach their full potential and this was what many single mother doctoral students have had to do On one hand societal expectations are on their side encouraging them to leave the relationship On the other hand when they do leave they often experience a crippling lack of cultural societal and programmatic support When they left these relationships and decided to pursue their doctorates while being single parents to their children they were often marginalized by their universities doctoral programs and faculty by peers and by what should have been their support systems

**Legitimate Experience Single Moms -Unsung Heroes** Felix Madu BA MPA MSW MBA HONS,2019-11-15 This book is written especially to create awareness of single moms as unsung heroes Single moms for years have been doing a fantastic job raising children alone Many of our prominent leaders were raised by single mothers I hope to launch a campaign in which single moms can build strong political coalition and a clean voice to fight against policies that hurt them This is not about organizing a campaign on behalf of women's rights and interests Rather it is about recognizing the work and contributions of single moms I have watched many political debates and observed that single moms issues are often ignored Single mothers matter

**The Corsini Encyclopedia of Psychology and Behavioral Science, Volume 4** W. Edward Craighead,Charles B. Nemeroff,2002-11-11 A complete reference to the fields of psychology and behavioral science Volume 4 is the final volume in The Corsini Encyclopedia of Psychology and Behavioral Science series Providing psychologists teachers researchers and students with complete reference for over 1 200 topics across four volumes this resource is invaluable for both clinical and research settings Coverage includes conditions assessments scales diagnoses treatments and more including biographies on psychologists of note and psychological organizations from across the globe The Third Edition has been updated to reflect the growing impact of neuroscience and biomedical research providing a highly relevant reference for the highest standard of care

**The Parental Experience in Midlife** Carol D. Ryff,Marsha Mailick Seltzer,1996 Most adults experience parenthood But the longest period of the parental experience when children grow into adolescence and young adulthood and parents themselves are not yet elderly is the least understood In this groundbreaking volume distinguished scholars from anthropology demography economics psychology social work and sociology explore the uncharted years of midlife parenthood The authors employ a rich array of theory and methods to address how the parental experience affects the health well being and development of individuals Collectively they look at the time when parents watch offspring grow into

adulthood and begin to establish adult to adult relationships with their children With a strong emphasis on the diversity of midlife parenting including sociodemographic variations and specific parent or child characteristics such as single parenting or raising a child with a disability this volume presents for the first time the complex factors that influence the quality of the midlife parenting experience      **Clinical Handbook of Pastoral Counseling** Robert J. Wicks, Richard D. Parsons, Donald Capps, 1993 Vol 2 Richard J Wicks and Richard D Parsons editors Vol 2 3 lack edition statement Includes bibliographical references and indexes      Experiences of Single African-American Women Professors Eletra S. Gilchrist, 2013-03-08

Experiences of Single African American Women Professors With this Ph D I Thee Wed edited by Eletra S Gilchrist explores the unique lived experiences of single African American women professors Gilchrist s contributors are comprised of never before married and doctorate degree holding African American women professors The authors and research participants speak candidly about their experiences exploring a myriad of topics including dating costs and rewards relationship challenges work life balance multiple intersecting identities negative perceptions and identity negotiation This volume is designed by and for an academic audience It addresses the dating and mating complexities of the population under study by combining autoethnographic accounts with empirical research and theoretical concepts As one of the few works to address the intricate interpersonal dynamics surrounding African American women in the professorate from a scholarly perspective Eletra S Gilchrist s Experiences of Single African American Women Professors With this Ph D I Thee Wed seeks to not only dispel myths and stereotypes but serve as an instructional tool for other professor hopefuls      Families for Black Children: the Search for Adoptive Parents: An experience survey, by E. Herzog, and others , 1971      Growing Up with a Single Parent Sara McLanahan, Gary D. Sandefur, 2009-07-01 Nonwhite and white rich and poor born to an unwed mother or weathering divorce over half of all children in the current generation will live in a single parent family and these children simply will not fare as well as their peers who live with both parents This is the clear and urgent message of this powerful book Based on four national surveys and drawing on more than a decade of research Growing Up with a Single Parent sharply demonstrates the connection between family structure and a child s prospects for success What are the chances that the child of a single parent will graduate from high school go on to college find and keep a job Will she become a teenage mother Will he be out of school and out of work These are the questions the authors pursue across the spectrum of race gender and class Children whose parents live apart the authors find are twice as likely to drop out of high school as those in two parent families one and a half times as likely to be idle in young adulthood twice as likely to become single parents themselves This study shows how divorce particularly an attendant drop in income parental involvement and access to community resources diminishes children s chances for well being The authors provide answers to other practical questions that many single parents may ask Does the gender of the child or the custodial parent affect these outcomes Does having a stepparent a grandmother or a nonmarital partner in the household help or hurt Do children who stay in the same community after divorce fare better Their

data reveal that some of the advantages often associated with being white are really a function of family structure and that some of the advantages associated with having educated parents evaporate when those parents separate In a concluding chapter McLanahan and Sandefur offer clear recommendations for rethinking our current policies Single parents are here to stay and their worsening situation is tearing at the fabric of our society It is imperative the authors show that we shift more of the costs of raising children from mothers to fathers and from parents to society at large Likewise we must develop universal assistance programs that benefit low income two parent families as well as single mothers Startling in its findings and trenchant in its analysis Growing Up with a Single Parent will serve to inform both the personal decisions and governmental policies that affect our children s and our nation s future

### **Why Single Parents Matter Amy**

Brown,2023-11-23 In many countries around the world one in six families is headed by a single parent yet portrayals of single parents in the public eye are often one sided focusing on challenges and negative stories Many suggest that single parents are all young mothers living in poverty stress and regret Why Single Parents Matter takes a different approach focusing on supporting the wellbeing of single parents by examining the evidence behind the headlines and drawing on interviews with single parents from a broad range of backgrounds The book breaks down stereotypes highlights the stresses triumphs and perseverance of single parenting and explores the ways we can all better support the single parents in our lives Single

Parent Families Marvin B Sussman, Shirley Hanson, 2014-05-12 Here is a comprehensive source of vital information on single parent families in contemporary society This book analyzes literature and empirical research concerning single parent families and explores issues and challenges they face Contributing authors from many fields and perspectives examine a broad range of subjects relating to families in which one person is primarily responsible for parenting The only state of the art compendium on the topic of single parent families available today the book synthesizes empirical theoretical and contemporary literature about the diversity myths and realities of single parent families in western countries Each chapter contains a demographic overview definitions a literature review and implications for practice research education and social policy Theoretical and conceptual perspectives related to parenting and wider families are included An analysis synthesis and commentary on single parent families concludes the volume Themes highlighted throughout the book include socioeconomic and demographic characteristics of single parent families cultural and ethnic features and legal and ethical components Some chapter topics include single parenthood following divorce single parenthood following death of a spouse never married teen mothers and fathers female headed homeless families adoptions by single parents noncustodial mothers and fathers grandparents as primary parents single parents of children with disabilities Single Parent Families contains additional resources useful for family professionals an annotated bibliography a video filmography and a national community resource list The book is intended for a multidisciplinary audience including sociologists psychologists health care professionals social workers therapists and other researchers clinicians policymakers and educators An ideal primary or reference text for

undergraduate and graduate level programs the book can also serve as a tool for staff development and continuing education in service agencies

**The Single Parent** Linda Ranson Jacobs, 2019-07-02 Whether you became a single parent through divorce death adoption or some other situation you've probably wondered what the future holds for you and your children Will you be able to provide the emotional financial and spiritual support your family needs The Single Parent will encourage you in your journey and help avert problems before they arise It is filled with wise counsel biblical truth and real life stories the author's own as well as those of the many single moms and dads who have come across her path through the years It will help you bolster your abilities in such areas as improving your child's behavior negotiating boundaries graciously seeking and accepting help from others trusting God in the process God cares for the single parent and will provide for you and your children Let this book give you the tools you need as you walk with him in this journey *Lone Parenthood in the Life*

*Course* Laura Bernardi, Dimitri Mortelmans, 2017-11-08 Lone parenthood is an increasing reality in the 21st century reinforced by the diffusion of divorce and separation This volume provides a comprehensive portrait of lone parenthood at the beginning of the XXI century from a life course perspective The contributions included in this volume examine the dynamics of lone parenthood in the life course and explore the trajectories of lone parents in terms of income poverty labour market behaviour wellbeing and health Throughout comparative analyses of data from countries as France the United Kingdom Ireland Germany Belgium Sweden Switzerland Hungary and Australia help portray how lone parenthood varies between regions cultures generations and institutional settings The findings show that one parent households are inhabited by a rather heterogeneous world of mothers and fathers facing different challenges Readers will not only discover the demographics and diversity of lone parents but also the variety of social representations and discourses about the changing phenomenon of lone parenthood The book provides a mixture of qualitative and quantitative studies on lone parenthood Using large scale and longitudinal panel and register data the reader will gain insight in complex processes across time More qualitative case studies on the other hand discuss the definition of lone parenthood the public debate around it and the social and subjective representations of lone parents themselves This book aims at sociologists demographers psychologists political scientists family therapists and policy makers who want to gain new insights into one of the most striking changes in family forms over the last 50 years This book is open access under a CC BY License [Comparing the Social Policy](#)

[Experience of Britain and Taiwan](#) Catherine Jones Finer, 2018-10-24 This title was first published in 2001 This is a seminal collection For the first time leading scholars and practitioners from Taiwan join with counterparts from Britain to offer comparable commentary on key social policy and social service issues affecting their respective countries The result is as thought provoking as it is informative The approach adopted of encouraging writers to speak for themselves virtually without restriction could well provide a model in itself for encouraging and easing contributions from previously unrepresented countries into the mainstream of comparative cross national social policy debate Concluding papers on the prospects for East

West comparative social policy in general confirm the significance of this collection by emphasizing its contribution to broader social and political debates

*The Triple Bind of Single-Parent Families* Nieuwenhuis, Rense, Maldonado, Laurie C., 2018-03-07 Single parents face countless hardships but they can be boiled down to a triple bind inadequate resources insufficient employment and limited support policies This book brings together research from a range of disciplines from more than forty countries with particularly detailed case studies from the United Kingdom Iceland Sweden and Scotland It addresses numerous issues related to the struggles of single parents including poverty employment health children s development and education and more

*Solo Parenting Success: Thriving as a Single Parent* Kirsty Izatt-Lewis, Solo Parenting Success Thriving as a Single Parent is an empowering guide for single parents navigating the joys and challenges of raising children on their own From building a strong support network to managing finances fostering healthy relationships and prioritizing self care this comprehensive book offers practical advice heartfelt insights and actionable strategies to help single parents thrive

*The Single Parent's Survival Guide* Avery Nightingale, 2024-07-01 In *The Single Parent's Survival Guide* Managing Life's Challenges Alone Avery Nightingale offers a heartfelt and practical resource for single parents navigating the complexities of raising children solo With over 500 000 children being raised by grandparents the need for support and understanding is more pressing than ever Nightingale reassures readers that they are not alone providing a roadmap for managing the myriad challenges of single parenthood From the humorous moments to the heartfelt joys this book offers a down home no nonsense approach to parenting Delving into the rise of single parent households and the societal shifts that have contributed to this phenomenon Nightingale offers encouragement and guidance for building positive and constructive lives for both parent and child With a wealth of support available single parents can find comfort in knowing they have many hands to help balance the demands of parenthood *The Single Parent's Survival Guide* is an essential companion for anyone embarking on the journey of single parenthood

**Sourcebook of Family Theory and Research** Vern L. Bengtson, 2005 Now available in paperback for classroom use This comprehensive text provides a rich source of perspectives on theorising about the family for scholars researchers and students Another of the book's strengths is the emphasis on multimethod approaches in family research The book covers an impressive range of topics and issues marital happiness adjustment of children in divorce marriages gay marriage sibling ties ethnic families of colour stepfamilies aggression culture work and family religion and social policy to name a few In summary this superb volume is highly recommended and amply reflects the many contemporary perspectives on the family Philip Siebler Monash University Victoria Sponsored by the National Council on Family Relations the *Sourcebook of Family Theory and Research* is the reference work on theory and methods for family scholars and students around the world This volume provides a diverse eclectic and paradoxically mature approach to theorizing and demonstrates how the development of theory is crucial to the future of family research The *Sourcebook* reflects an interactive approach that focuses on the process of theory building and

designing research thereby engaging readers in doing theory rather than simply reading about it An accompanying website offers additional participation and interaction in the process of doing theory and making science Editors Vern L Bengtson Alan C Acock Katherine R Allen Peggye Dilworth Anderson and David M Klein have brought together a prominent group of diverse contributors ranging in race and ethnicity age and seniority and gender and sexual orientation The Sourcebook begins with a section that sets the context for future family research The subsequent sections explore changing family patterns changing family interactions within and across generations and families and larger social forces A concluding section discusses issues of teaching family theories and research Key Features Focuses on the process rather than the outcomes of family theory and research methods Emphasizes the value of multi methods approaches in family research by integrating theory development with the development of research methods Differs from many other publications on family research by describing the development of new ideas rather than just summarizing existing findings The interactive Web site and the special feature boxes within the chapters engage readers with theory and methodology Boxed features include Case Studies Spotlights on Theory Spotlights on Methods and a Discussion and Extension sections Represents a Who s Who of family researchers with contributions from many of the best researchers in the family realm The Sourcebook will be an excellent addition to any academic library It is an authoritative reference for scholars and researchers in Human Development and Family Studies Sociology Social Work and Psychology In addition the Sourcebook can also be used in graduate courses on family theory and methodology

Queen Mothers Rhonda Jeffries, 2019-08-01 Black women s experiences functioning as mothers teachers and leaders are confounding and complex Queen Mothers from Ghanaian tradition are revered as the leaders of their matrilineal families and the teachers of the high chiefs M ller 2013 Stoeltje 1997 Conversely the influence of the British Queen Mother on Black women in the Americas translates as a powerless title of dis courtesy Characterized as a deviant figure by colonialists the Black Queen Mother s role as disruptive agent was created by White domination of Black life Masenya 2014 and this branding persists among contemporary perceptions of Black women who function as the mother teacher or leader figure in various spaces Nevertheless Black women as cultural anomalies were suitable to mother others for centuries in their roles as chattel and domestic servants in the United States Dill 2014 Lawson 2000 Lewis 1977 and Rodriguez 2016 provide explorations of the devaluation of Black women in roles of power with these effects wide ranging from economic and family security professional and business development healthcare maintenance political representation spiritual enlightenment and educational achievement This text interrogates contexts where Black women function as Queen Mothers and contests the trivialization of their manifold contributions The contributed chapters explore The myriad experiences of Black women mothering teaching and leading their children families and communities how spirituality has influenced the leadership styles of Black women as mothers and teachers and how Black women are uniquely positioned to mother teach and lead in personal and professional spaces

Motherhood and Single-Lone

Parenting: A 21st Century Perspective Maki Matapanyane, 2016-07-01 The 21st century sustains one significant commonality with the decades of the preceding century. The majority of individuals parenting on their own and heading one parent families continue to be mothers. Even so, current trends in globalization, economic, political, cultural, along with technological advancement, shifts in political, economic, and social policy, contemporary demographic shifts, changing trends in the labor sector linked to global economics, and developments in legislative and judicial output all signify the distinctiveness of the current moment with regard to family patterns and social norms. Seeking to contribute to an existing body of literature focused on single motherhood and lone parenting in the 20th century, this collection explores and illuminates a more recent landscape of 21st century debates, policies, and experiences surrounding single motherhood and one parent headed families.

*Implicit Bias* Theresa M. Bouley, Anni K. Reinking, 2021-11-14 Educator implicit bias is often experienced by students of varying identities as microaggressions. In this book, the authors define implicit bias and microaggressions, identify ways students of varying identities such as race, gender, LGBTQ, religion, socioeconomic ability, linguistic, and family dynamics experience microaggressions in schools, and offer an educator's guide to using culturally responsive teaching as an antidote to microaggressions. We also provide specific ways to interrupt microaggressions in schools.

Yeah, reviewing a ebook **Single Parent Experi** could grow your near associates listings. This is just one of the solutions for you to be successful. As understood, realization does not suggest that you have wonderful points.
