Pontbriand,2021-02-28 Childhood or wildhood This collection of stories begins with a young boy whose cleverness ability and determination are more in line with an adult rather than the curious minded six year old that we are introduced to in the first story Normal was never to be a part of Marcel Pontbriand s life Orphaned at the tender young age of 14 and with only pennies to his name you ll read about how he took to the ice roads of Canada and met with fear tragedy and obstacles that only few could even imagine Challenge defeat and the curses of Mother Nature would forge the young Marcel into a focused dreamer who would plan re examine his situation and promise himself a better life all the while pledging to help others along the way Just like the highways of Canada and the U S A it s never a straight path to meet a timeline and a destination These stories will take you on an adventure of one man s life that was intertwined with controversy crime and corruption It s been a truckin hard life for Marcel Pontbriand a life that he would not change in the least because it molded him into what he became to be called Cowboy of the Road He has driven more than 5 million miles behind the wheel of his Peterbilt rig So let us begin this incredible collection of true tales right now **Blessed Motherhood, Bitter Fruit** Elinor

Between Generations Paul Thompson,Daniel Bertaux,2020-04-29 Between Generations concerns powerful memories that continue to shape the present but in this case in almost all families throughout the world What is it that parents pass down to their children How can we understand the mixture of conscious and unconscious models myths and material inheritance that are intertwined in both family and individual life stories These questions turn out to be unexpectedly complicated and answering them has suggested how a life story approach can provide a new key to research on the dynamics of the family and on social change Because culture is the essence of what makes individual humans into a group the core of human social identity its continuity is vital Cultures are always changing but the stability of languages religions and cultural habits can be astonishing In contrast to the claims of culture to represent tradition over centuries stands the sheer brevity of individual human life Hence the universal necessity for transmission between generations exists This edition in the Memory and Narrative series brings together contributions from the Americas and Asia as well as from Western and Eastern Europe They combine the techniques of life story research with the insights of family therapy
