The Longman Anthology of Contemporary American Poetry, 1950-1980 Stuart Friebert, David Young, 1983 **The Longman Anthology of Contemporary American Poetry** Stuart Friebert, David Young, 1989-01-01 A collection of American poetry written since World War II **The Longman Anthology of Contemporary American Poetry, 1950-1980** Stuart Friebert, 1983 *Poetry And Contemporary Culture* A.M. Roberts, 2019-08-07 The cultural value of poetry is critically examined in this book from anthologies and academia to film and the internet Attention is also given to the role of political ideologies and local national and ethnic identities in the formation of poetic values With chapters by distinguished critics from both sides of the Atlantic the book ranges widely over contemporary poetry in America and the British Isles and explores transatlantic connections Informed by current theoretical debates around ideas of value the chapters focus these through clear discussion of texts in various media including the work of a wide variety of poets and movements The book carries forward the debate on the value of contemporary poetry amongst critics scholars and practitioners while offering rich material for students and teachers of contemporary poetry and culture Contributors Jonathan Allison Vicki Bertram Paul Breslin Cairns Craig Robert Crawford Lillas Fraser Alan Golding Romana Huk Marjorie Perloff Andrew Michael Roberts Features Focuses on the relationship between poetry and cultural practices Informed by current theoretical debates about value Wide range of British and American poetry discussed by leading critics from both sides of the Atlantic *The Age of Auden* Aidan Wasley, 2010-12-28 How W H Auden s emigration to the United States changed the course of postwar American poetry W H Auden s emigration from England to the United States in 1939 marked more than a turning point in his own life and work it changed the course of American poetry itself The Age of Auden takes for the first time the full measure of Auden s influence on American poetry Combining a broad survey of Auden s midcentury U S cultural presence with an account of his dramatic impact on a wide range of younger American poets from Allen Ginsberg to Sylvia Plath the book offers a new history of postwar American poetry For Auden facing private crisis and global catastrophe moving to the United States became in the famous words of his first American poem a new way of happening But his redefinition of his work had a significance that was felt far beyond the pages of his own books Aidan Wasley shows how Auden s signal role in the work and lives of an entire younger generation of American poets challenges conventional literary histories that place Auden outside the American poetic tradition In making his case Wasley pays special attention to three of Auden s most distinguished American inheritors presenting major new readings of James Merrill John Ashbery and Adrienne Rich The result is a persuasive and compelling demonstration of a novel claim In order to understand modern American poetry we need to understand Auden s central place within it **The Columbia Granger's Dictionary of Poetry Quotations** Edith P. Hazen, 1992 Why do smokers claim that the first cigarette of the day is the best What is the biological basis behind some heavy drinkers belief that the hair of the dog method alleviates the effects of a hangover Why does marijuana seem to affect
