Look At Early Grand Rapids:

A Look at Early Grand Rapids Z. Z. Lydens, 1976 **Looking for Life** John G. Lewis, 2005-04-30 Through exegetical studies of 1 Corinthians and Galatians John Lewis shows how Paul synthesises theology and ethics which interpreters frequently separate as integrated aspects of Christian thinking and living This fusion becomes evident in Paul's complex process of theological moral reasoning that lies beneath the surface of his letters for which we have coined the phrase theoeethical reasoning The book also examines how Paul encourages his churches to apply this theoeethical reasoning in the community practice of spiritual discernment a dialogical comparative process of reasoned reflection on behaviour and experience Through this practice of looking for life community members are led by the Spirit as they reason together attempting to associate the manifestations of new life with conduct that faithfully portrays Christ's self-giving pattern This correlation of conduct with experience grounds Paul's own proclamation of Jesus Christ in word and deed It also becomes the foundation for believers' faith and hope as they come to know Christ and experience the power of God Thus the book concludes that the practice of spiritual discernment by means of theoeethical reasoning lies at the centre of Paul's religion

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1978 **A Looking-glass for Ladies** Lisa Joy Pruitt, 2005 Lisa Joy Pruitt offers a new look at women's involvement in the mission movement with a welcome focus on the often overlooked antebellum era Most scholars have argued that the emergence of women as a dominant force in American Protestant missions in the late nineteenth century was an outgrowth of nascent feminist activism in the various denominations This new contribution suggests that the feminization of the later mission movement actually stemmed in large part from images of the degraded Oriental woman that popular evangelical literature had been circulating since the 1790s and that the increasing focus on and involvement of women was supported by male denominational leaders as an important strategy for reaching the world with the Christian gospel In the late eighteenth through the early nineteenth centuries popular evangelical literature began circulating descriptions of women of the Orient designed to illustrate the need of those women for the Christian gospel Such powerful and widely disseminated images demonstrated to young American women their relatively privileged position in society and throughout the nineteenth century led many to support the cause of missions with their money and sometimes their lives A belief in the desperate need of Oriental women for salvation and social uplift was largely responsible for feminizing the American Protestant foreign mission movement *A Looking Glass for Ladies* American Protestant Women and the Orient in the Nineteenth Century traces the creation and dissemination of images of

women who lived in that part of the world known to nineteenth century Westerners as the Orient It examines the emotional power of those images to create sympathy in American women for their sisters in Asia That sympathy catalyzed many evangelical women and men to argue for vocational roles for women both married and single in the mission movement The book demonstrates the ways in which assumptions about the condition and needs of Oriental women shaped American evangelical women's self-perceptions as well as the evangelizing strategies of the missionaries and their sending agencies

Adam, Samuel Tongue, 2014-06-05 Some biblical interpreters' imaginations extend only as far as outlandish source theories or esoteric hypothetical audiences The interpretive energies let loose in Glasgow over the past decade or so however have produced a cadre of interpreters who defy the disciplinary mandates of biblical criticisms in favour of reading the Bible with imaginations both careful and carefree Infused with literary political art critical cinematic liturgical and other interests these essays display interpretive verve freed from the anxiety of disciplines with closely observed insights critical engagement with biblical texts and vivid inspiration from the cultural world within which they are set Here there is no gap between world and text but the intimate congeniality of close dear comfortable interpretive friends Contributors Ben Morse Hugh Pyper Alastair Hunter Hannah Strømmen Jonathan C P Birch Anna Fisk Kuloba Wabyanga Robert Samuel Tongue A K M Adam Abigail Pelham and the Religarts Collective with Yvonne Sherwood *Scribal Harmonization in the Synoptic Gospels* Cambry Pardee, 2019-01-14 In *Scribal Harmonization* Cambry G Pardee examines the earliest Greek manuscripts of the Synoptic Gospels for evidence that scribes altered the text of the Gospels either deliberately or inadvertently in ways that eliminated discrepancies between them The phenomenon of harmonization demonstrates that a scribe's memories of previous experiences with gospel traditions could have a powerful effect on the manuscripts that they produced This book assembles for the first time a catalogue of harmonizing variants from every manuscript of Matthew Mark and Luke from the fourth century and earlier Far from reducing the unique voices of the individual evangelists to a single melody the earliest scribes contributed new tones innovative strains and fascinating harmonies to the four-fold gospel tradition *Looking in the Other Direction* Teun van der Leer, 2023-09-22 In this study Teun van der Leer tells the story of the Believers Church Tradition a tradition mainly rooted in the so-called Radical Reformation which prefers to be called a movement or rather a renewal movement Its name is a program a vision and a way of being church Based on extensive source research this book describes and analyzes the defining characteristics of this so-called third type of church and investigates its ecumenical value With an extensive description of its nature of faith the church hermeneutical discernment and mission this book colors a movement within the church landscape that has never been mapped in such detail before As such the book provides an in-depth introduction to this ecumenically important but still a bit underexposed movement and makes a substantial contribution to the ecumenical ecclesiological debate about the church and its future *In Search of Ancient Roots* Kenneth J.

Evans,2000-06-01 This volume assembles several important studies that examine the role of language in meaning and interpretation The various contributions investigate interpretation in the versions in intertestamental traditions in the New Testament and in the rabbis and the targumim The authors who include well known veterans as well as younger scholars explore the differing ways in which the language of Scripture stimulates the understanding of the sacred text in late antiquity and gives rise to important theological themes This book is a significant resource for any scholar interested in the interpretation of Scripture in and just after the biblical period
