Looking Beyond The Mask:

Looking Beyond the Mask Nancy Brown Diggs, 2016-02-24 *Looking Beyond the Mask* focuses on the personal stories of the growing number of American women who despite vast cultural differences and sometimes because of them are married to Japanese men. Although the problems encountered in such marriages are similar to those found in any union, there are cultural implications that can exacerbate almost any of them. Potential areas of conflict are examined such as in laws, customs, and manners, values, living conditions, religion, communication, sex and gender, and raising children. The book deals with meeting such challenges and attempting to look beyond the cultural masks to see the real people behind them. The women in question stress the importance of commitment, a flexible attitude, a strong sense of identity, a support network, a sense of perspective, and a sense of humor. They also reveal the benefits of these marriages, including a greater appreciation for Japanese ways and the opportunity to continually grow and learn. Based on extensive research, the book provides a new look at Japan from the unique perspective of those American women most intimately involved with its culture. [A Hundred Years of Bibliotherapy](#) Siobhan Campbell, Sara Haslam, Edmund G. C. King, 2025-05-16 The First World War gave new and vital impetus to the ancient idea that books could heal. This interdisciplinary collection provides a targeted survey of 100 years of historical and contemporary understandings and practices of the book as cure. The contributors explore the curative practices of wartime reading, how they were developed and institutionalized after the war, and the afterlives of these ideas and practices today. Divided into three sections, the first considers bibliotherapy in World War I. It is rooted in the wartime cultures which ensured bibliotherapy became part of the active treatment of soldiers' damaged minds and bodies on both sides of the Atlantic after 1914. Parts two and three examine the expanding variety of critical contexts, both historical and more modern, in which reading and wellbeing continued to intersect. The chapters draw on a wide range of source material, from trench magazines to autograph books to e-novels, as well as on data and information drawn from practice-based encounters. They also provide the basis for further scholarly exploration of, for example, national traditions and contexts and the interdisciplinary relationships which they inspire. *A Hundred Years of Bibliotherapy: Healing through Books* provides the first interdisciplinary dialogue on and account of bibliotherapy, addressing both historical and present-day modes of engaging with the ostensibly curative power of reading and reading cultures. It is an invaluable resource for scholars of literary studies, book history, and the medical humanities. **UnMasking Alzheimer's: The Memories Behind the Masks** Cynthia Huling Hummel, 2017-09-03 *UnMasking Alzheimer's: The Memories Behind the Masks* is a collection of photographs of the thirty-six masks created by Alzheimer's advocate and artist Cynthia Huling Hummel, along with her reflections on the challenges and hopes of living well with an AD diagnosis. **Mexico Behind the Mask** Beldon Butterfield, 2013 A compelling reflection on Mexico. **Living Your Dream, Not Someone Else's** James Nussbaumer, 2020-11-06 In the personal research I have done in writing this book, I lived and saw the effects of stress and loss and fear while learning the importance of self-control, self-
