M. May,2002-09-01 This volume is intended as a companion to the study of Cicero's oratory and rhetoric for both students and experts in the field for the neophyte it provides a starting point for the veteran Ciceronian scholar a place for renewing the dialogue about issues concerning Ciceronian oratory and rhetoric for all a site of engagement at various levels with Ciceronian scholarship and bibliography The book is arranged along roughly chronological lines and covers most aspects of Cicero's oratory and rhetoric The particular strength of this companion resides in the individual often very original approach to sundry topics by an array of impressive contributors all of whom have spent large portions of their careers concentrating upon the oratorical and rhetorical oeuvre of Cicero A bibliography of relevant items from the past 25 years keyed to specific Ciceronian works completes the volume Brill's Companion to Cicero will become the standard reference work on Cicero for many years **Roman and Local Citizenship in the Long Second Century CE** Myles Lavan,Clifford Ando,2021-11-16

Imperial and Local Citizenship in the Long Second Century CE explores the significance of Roman citizenship in the long century before Caracalla's universal grant of citizenship in 212 CE From this emerges a new portrait of the early Roman empire an exclusive regime of citizenship persisted in a context of remarkable political and cultural integration Oratory and Political Career in the Late Roman Republic Henriette van der Blom,2016-08-15 Oratory and Political Career in the Late Roman Republic is a pioneering investigation into political life in the late Roman Republic It explores the nature and extent to which Roman politicians embraced oratorical performances as part of their political career and how such performances influenced the careers of individual orators such as Gaius Gracchus Pompeius Magnus and Julius Caesar Through six case studies this book presents a complex and multifaceted picture of how Roman politicians employed oratory to articulate their personal and political agendas to present themselves to a public obsessed with individual achievement and ultimately to promote their individual careers By dealing specifically with orators other than Cicero this study offers much needed alternatives to our understanding of public oratory in Rome Moreover the assessment of the impact of public speeches on the development of political careers provides new perspectives on the hotly debated nature of republican political culture

The triumphal period: civil war, political crisis and socioeconomic transformations Pina Polo, Francisco,2020-07-08 Nothing from the subsequent Augustan age can be fully explained without understanding the previous Triumphal period 43-31 BC In this book twenty experts from nine different countries and nineteen universities examine the Triumphal age not merely as a phase of transition to the Principate but as a proper period with its own dynamics and issues which were a

consequence of the previous years The volume aims to address a series of underlying structural problems that emerged in that time such as the legal nature of power attributed to the Triumvirs changes and continuity in Republican institutions both in Rome and the provinces of the Empire the development of the very concept of civil war the strategies of political communication and propaganda in order to win over public opinion economic consequences for Rome and Italy whether caused by the damage from constant wars or alternatively resulting from the proscriptions and confiscations carried out by the Triumvirs and the transformation of Roman Italian society All these studies provide a complete fresh and innovative picture of a key period that signaled the end of the Roman Republic

Orientalism and the Reception of Powerful Women from the Ancient World Filippo Carlà-Uhink, Anja Wieber, 2020-02-06 Why is Cleopatra a descendent of Alexander the Great a Ptolemy from a Greek Macedonian family in popular imagination an Oriental woman True she assumed some aspects of pharaonic imagery in order to rule Egypt but her Orientalism mostly derives from ancient Roman and modern stereotypes both the Orient and the idea of a woman in power are signs in the Western tradition of otherness and in this sense they can easily overlap and interchange This volume investigates how ancient women and particularly powerful women such as queens and empresses have been re imagined in Western and not only Western arts highlights how this re imagination and re visualization is more often than not the product of Orientalist stereotypes even when dealing with women who had nothing to do with Eastern regions and compares these images with examples of Eastern gaze on the same women Through the chapters in this volume readers will discover the similarities and differences in the ways in which women in power were and still are described and decried by their opponents

A Noble Ruin W. Jeffrey Tatum, 2024 The fullest biography of Mark Antony in English *A Noble Ruin* provides a fresh account of Antony's personal life and especially his public career including his administration of the Roman east and his military campaigns

Antony & Cleopatra Patricia Southern, 2009-05-15 The tragic love affair of Marc Antony and Cleopatra is a staple of popular ancient history immortalised by Shakespeare and Hollywood and mercilessly parodied in *Carry on Cleo*

The World of Juba II and Kleopatra Selene Duane W Roller, 2004-02-24 Raised and educated in Rome Juba II 48 BC AD 23 was sent to uphold Roman interests in northwest Africa as ruler of the client kingdom of Mauretania Together with his wife Kleopatra Selene daughter of Marcus Antonius and Kleopatra VII he established a rich multicultural environment at their capital renamed Caesarea where Egyptian Hellenistic Greek and indigenous elements came together Juba combined a reign of more than half a century with a career as a distinguished scholar and writer producing an extensive collection of works and shaping Roman knowledge of the southern half of the known world from the Atlantic coast of northwest Africa to India This book explores the complex culture and legacy of the kingdom with emphasis on Juba's scholarship and the world created by these two remarkable monarchs This detailed and comprehensive study is not only the first examination in English of Juba's life and career but the first critical analysis of the king both as an implementer of the Augustan political artistic and intellectual programme and as a

notable scholar
